Brewer,2016-12-05 Based on primary sources many of which have never been published or examined in detail this book examines the music of the late seventeenth century

composers Biber Schmelzter and Muffat and the compositions preserved in the extensive Moravian archives in Kromeriz. These works have never before been fully examined in the cultural and conceptual contexts of their time. Charles E. Brewer sets these composers and their music within a framework that first examines the basic Baroque concepts of instrumental style and then provides a context for the specific works. The dances of Schmelzter, for example, functioned both as incidental music in Viennese operas and as music for elaborate court pantomimes and balls. These same cultural practices also account for some of Biber's most programmatic music, which accompanied similar entertainments in Kromeriz and Salzburg. The many sonatas by these composers have also been misunderstood by not being placed in a context where it was normal to be entertained in church and edified in court. Many of the works discussed here remain unpublished but have in recent years been recorded. This book enhances our understanding and appreciation of these recordings by providing an analysis of the context in which the works were first performed.

7 Festive Trumpet Solos William Bay, 2012-02-28. Seven Festive Trumpet Solos is a collection of powerful and sparkling settings for trumpet and organ. Several of the compositions are original. Others are new arrangements of well-loved sacred hymns. This text is the first in a two-book series; the follow-up is called Trumpet Praise. All selections in this book and in the companion book Trumpet Praise may be heard in the companion free audio download. Seven Festive Trumpet Solos contains the organ and trumpet parts. A free download of the trumpet solo parts is also available. The solos in both this book and in Trumpet Praise are ideal for church worship, celebrations, concerts, festivals, and recitals.

Catalogue of Vocal Solos and Duets Arranged in Biblical Order James Laster, Diana Reed Strommen, 2003. The second edition of A Catalogue of Vocal Solos and Duets Arranged in Biblical Order serves as a companion volume to A Catalogue of Choral Music Arranged in Biblical Order, Second edition 1996 and supplement 2001, both published by Scarecrow Press. It is a necessary tool for the church musician to coordinate music with the scripture readings and/or the sermon topic and a valuable aid to the vocal soloist seeking a work using a particular biblical text. The work serves as a working document for the church musician, soloist, or voice teacher. Titles are arranged in the same order as found in the Bible. Each entry contains title, composer, voice range, type, and publisher information. Two indexes are also included: a title index and a composer index.

Catalogue of Music for Organ and Instruments James Laster, 2005. This book presents music titles in which the organ is part of a chamber ensemble. Alphabetized by composer, entries contain the bibliographical information for each title and a brief commentary or description, as well as information on the level of difficulty, timing, mood, fingerings, pedalings, and other performance aids. The selections are suitable for concerts and religious services and are written in a variety of styles from Baroque to contemporary. This catalogue will be of interest to church organists searching for a piece for organ and brass appropriate for Easter, visiting instrumentalists choosing music for a Sunday service, teachers introducing their organ students to the experience of accompanying a violin, and instrumentalists seeking a composition to play with the organ among many others.
