# Major Problems In American Foreign Relations Concise

**American Academy of Political and  
Social Science**

## **Major Problems In American Foreign Relations Concise:**

Major Problems in American Foreign Relations Dennis Merrill, Thomas G. Paterson, 2005 Designed to encourage critical thinking about history this concise reader uses a carefully selected group of primary sources and analytical essays to allow students to test the interpretations of distinguished historians and to draw their own conclusions about the history of American foreign policy The text serves as an effective educational tool for one semester courses on U S foreign policy or recent U S history The Concise Edition consolidates the two volumes of Major Problems in American Foreign Relations 6 e into a single volume Covering the major events of American foreign relations from the Revolutionary era through September 11 and its aftermath the chapters also address the role of gender race and national identity in American foreign policy This one volume edition includes selected chapters from the two volume edition that cover major events of American foreign policy from the Revolutionary era through September and its aftermath The chapters have been carefully chosen to be inclusive of the most important events in American foreign relations Chapter 1 Explaining American Foreign Relations has been expanded to encompass the broader period of time covered by this text The final chapter includes coverage of September 11 Anti Americanism in the Muslim world and other recent events and attitudes Chapter Introductions fill chronological gaps where chapters have been reduced from two volumes to one The Further Readings section has been updated and revised to remain current

**American Foreign Relations Volume 2 Brief Plus Merrill Major Problems in American Foreign Relations Concise** Clifford, 2005-10-01      **Major Problems in American Foreign Relations: Since**

**1914** Dennis Merrill, Thomas G. Paterson, 2010 Designed to encourage critical thinking about history this reader uses a carefully selected group of primary sources and analytical essays to allow students to test the interpretations of distinguished historians and draw their own conclusions about the history of American foreign policy This text serves as an effective educational tool for courses on U S foreign policy recent U S history or 20th Century U S history Some of the new literature spotlights cultural relations and the ways in which culturally constructed attitudes about class gender race and national identity have shaped American s perceptions of the world and subsequently its overseas relationships      **Major Problems**

**in American Foreign Relations: Since 1914** Thomas G. Paterson, Dennis Merrill, 1995      **American Crusades** Jon DePriest, 2018-11-15 American Crusades details evangelical pursuits to unite God s purposes with American empires It argues that religious motivations contributed heavily to United States governmental policies and built sacred spaces in many attempts to influence American society These embedded ambitions form the core of Americanism yet somehow remain hidden right in front of our eyes In the action of caretaking they advanced their understanding of God s demand on their lives and purposes Evangelical and theologically conservative Americans linked the sacred and secular shaping the ethos of the American people The terminology of religious thinking quickly sacralized concepts like democracy and capitalism in an attempt to control and use them Once packaged as a sacred space in need of custody religious leadership sought to fulfill its

kingdom responsibility and secure its future Eventually a combination of religiously defined secular components coalesced into the term known simply as Americanism Building on the success of the new nation and supporting the causes of Americanism throughout the world has imprinted a uniquely evangelical construct into the domestic and foreign policy structures of the United States The shifting landscape of American culture drove evangelicalism into the margins in the 1970s while most scholars think that the decline of religious conservatism in culture meant that secularization controlled foreign policy as well this is not true Removed from the whims of domestic politics Protestant evangelical patterns of action have resisted change in American foreign policy structures Over time however the movement lost its faith distinctives while embedding religious principles in foundations of U S foreign policy This book seeks to produce a reorganized narrative through a critical synthesis to locate white evangelicals quest to be the foundational voice in America s shaping ideological lineage
