Make a Model Edwardian Shop Parragon Book Service Limited, Service Limited,1986 Books ,1987 Edwardian Shop ,1987 Shopping for Pleasure Erika Rappaport,2021-06-08 In Shopping for Pleasure Erika Rappaport reconstructs London s Victorian and Edwardian West End as an entertainment and retail center In this neighborhood of stately homes royal palaces and spacious parks and squares a dramatic transformation unfolded that ultimately changed the meaning of femininity and the lives of women shaping their experience of modernity Rappaport illuminates the various forces of the period that encouraged and discouraged women s enjoyment of public life and particularly shows how shopping came to be seen as the quintessential leisure activity for middle and upper class women Through extensive histories of department stores women s magazines clubs teashops restaurants and the theater as interwoven sites of consumption Shopping for Pleasure uncovers how a new female urban culture emerged before and after the turn of the twentieth century Moving beyond the question of whether shopping promoted or limited women s freedom the author draws on diverse sources to explore how business practices legal decisions and cultural changes affected women in the market In particular she focuses on how and why stores presented themselves as pleasurable secure places for the urban woman in some cases defining themselves as instrumental to civic improvement and women s emancipation Rappaport also considers such influences as merchandizing strategies credit policies changes in public transportation feminism and the financial balance of power within the home Shopping for Pleasure is thus both a social and cultural history of the West End but on a broader scale it reveals the essential interplay between the rise of consumer society the birth of modern femininity and the making of contemporary London The Edwardian House Helen C. Long,1993 Illustrates how Edwardian houses were built how they were used and what they meant at the time Play from Birth to Twelve Doris Pronin Fromberg,Doris Bergen,2021-12-12 First published in 1998 Play is pervasive infusing human activity throughout the life span In particular it serves to characterize childhood the period from birth to age twelve Within the past twenty years many additions to the knowledge base on childhood play have been published in popular and scholarly literature This book assembles and integrates this information discusses disparate and diverse components highlights the underlying dynamic processes of play and provides a forum from which new questions may emerge and new methods of inquiry may develop The place of new technologies and the future of play in the context of contemporary society also are discussed *Our Dogs, Ourselves* Alexandra Horowitz,2019-09-03 From the 1 New York Times bestselling author of Inside of a Dog and The Year of the Puppy an eye opening informative entertaining and enlightening BookPage celebration of the human canine relationship for the curious dog owner and science lover alike We keep dogs and are kept by them We love dogs and we assume we are loved by them We buy them sweaters toys shoes we are concerned with their social lives their food and their health The story of humans and dogs is thousands of years old but is far from understood In Our Dogs Ourselves Alexandra Horowitz explores all

aspects of this unique and complex relationship that dog lovers will savor and absorb Shelf Awareness As Horowitz considers the current culture of dogdom she reveals the odd surprising and contradictory ways we live with dogs We celebrate their individuality but breed them for sameness Despite our deep emotional relationships with dogs legally they are property to be bought sold abandoned or euthanized as we wish Even the way we speak to our dogs is at once perplexing and delightful In thirteen thoughtful and charming chapters *Our Dogs Ourselves* affirms our profound affection for this most charismatic of animals and makes us see canine companions in new ways Science News *City & Region* 169 Robert E

Dickinson,2013-10-08 This is Volume II of thirteen in a series on Urban and Regional Sociology Originally published in 1964 This book like its predecessor in this series *City Region and Regionalism* 1947 is not about planning It is concerned with the inherent geographical structure of society upon which planning must be based and it insists that knowledge of the spatial anatomy of society must precede the treatment of its defects The study is limited to the countries of the United States and western Europe though its procedures and generalizations can be extended to other lands **Theatres of Memory** Raphael Samuel,2012-09-11 When *Theatres of Memory* was first published in 1994 it transformed the debate about what is to be considered history and questioned the role of heritage that lies at the heart of every Western nation s obsession with the past Today in the age of *Downton Abbey* and *Mad Men* we are once again conjuring historical fictions to make sense of our everyday lives In this remarkable book Samuel looks at the many different ways we use the unofficial knowledge of the past Considering such varied areas as the fashion for retrofitting the rise of family history the joys of collecting old photographs the allure of reenactment societies and televised adaptations of Dickens Samuel transforms our understanding of the uses of history He shows us that history is a living practice something constantly being reassessed in the world around us

Disney's Land Richard Snow,2020-12-01 A propulsive and entertaining The Wall Street Journal history chronicling the conception and creation of the iconic Disneyland theme park as told like never before by popular historian Richard Snow One day in the early 1950s Walt Disney stood looking over 240 acres of farmland in Anaheim California and imagined building a park where people could live among Mickey Mouse and Snow White in a world still powered by steam and fire for a day or a week or if the visitor is slightly mad forever Despite his

wealth and fame exactly no one wanted Disney to build such a park Not his brother Roy who ran the company's finances not the bankers and not his wife Lillian Amusement parks at that time such as Coney Island were a generally despised business sagging and sordid remnants of bygone days Disney was told that he would only be heading toward financial ruin But Walt persevered initially financing the park against his own life insurance policy and later with sponsorship from ABC and the sale of thousands and thousands of Davy Crockett coonskin caps Disney assembled a talented team of engineers architects artists animators landscapers and even a retired admiral to transform his ideas into a soaring yet soothing wonderland of a park The catch was that they had only a year and a day in which to build it On July 17 1955 Disneyland opened its gates and the first day was a disaster Disney was nearly suicidal with grief that he had failed on a grand scale But the curious masses kept coming and the rest is entertainment history Eight hundred million visitors have flocked to the park since then In Disney's Land Snow brings a historian's eye and a child's delight not to mention superb writing to the telling of this fascinating narrative Ken Burns that will entertain Disneyphiles and readers of popular American history Publishers Weekly

Modernism, Modernity, and Arnold Bennett Robert Squillace, 1997 This book delineates the unique role of Arnold Bennett in the transformation of the British novel from the aesthetic psychological and sociopolitical assumptions of modernity to those of modernism Early in his career Bennett believed that the rejection of inherited traditions and authorities that was promulgated by such champions of modernity as Darwin Marx and even Herbert Spencer would culminate in an assertion of personal autonomy Bennett eventually assimilated the modernist critique of modernity which discovered with the help of Freud and the First World War an intractable human irrationality that expressed itself in the most apparently reasonable schemes for human improvement
