Benson, 2009 There is no better plan than a subsequent plan that protects your total plan Your future can be bright if you help create the light It s Time To Make A Living depending upon how you express the title of the book can clearly mean two distinct things For example Wow it s time to make a living That most likely would be interpreted as someone that is involved in an awesome business venture who has time to make the type of living that they please On the other hand if someone said in a grumpy voice while shaking his her head from side to side It s time to make a living That could be interpreted as someone with a job without much hope or promise who regrets having to go to work everyday Well for all intents and purposes this book is clearly to uplift the Wow in

everyone when it comes to making a living But the book also covers the reality of how people actually treat themselves financially in the work arena and in life in general We should all strive to be the best that we can be in whatever avenue we choose to invest our time Money is definitely a necessity but knowing the best way to obtain it is optional This book favors the needs of the common man and woman and expresses practical ways in which they can gain sustain and maintain a lucrative income for themselves and their families Don t buy the hype employers do not have to be in control of your life and financial status Do you want to be POOR Passing Over Opportunities Repeatedly Donald Bradley YTB Millionaire Or do you want to get RICH Residual Income Changes Horizons Erick G Benson Common man Author Erick G Benson lives in Southern California with his wife DeJoire and two daughters Ericka and Deja Mr Benson has a deep passion to help people be all they can be financially

In this book which is organized into 5 major sections: The Academic Career Path, Professional Identity, University Life, Productivity and Creativity, and Multiple Responsibilities and Mental Health, Williams Jones shares 30 years of experience in academia to make explicit the often implicit norms and rules of academic life so that all who wish to can fairly play the academic game. **From Zero to Hero** Daniel Delatour, 2015-07-30.
