Makers Of American Diplomacy From Benjamin Franklin To Henry Kissinger

James P. Tate

Makers Of American Diplomacy From Benjamin Franklin To Henry Kissinger:

Makers of American diplomacy, from Benjamin Franklin to Henry Kissinger Frank J. Merli, Theodore A. Wilson, 1974

With Wings as Eagles Cecil B. Currey, 1984

Race over Empire Eric T. L. Love, 2005-10-12 Generations of historians have maintained that in the last decade of the nineteenth century white supremacist racial ideologies such as Anglo Saxonism social Darwinism benevolent assimilation and the concept of the white man s burden drove American imperialist ventures in the nonwhite world In *Race over Empire* Eric T L Love contests this view and argues that racism had nearly the opposite effect From President Grant s attempt to acquire the Dominican Republic in 1870 to the annexations of Hawaii and the Philippines in 1898 Love demonstrates that the imperialists relationship with the racist ideologies of the era was antagonistic not harmonious In a period marked by Jim Crow lynching Chinese exclusion and immigration restriction Love argues no pragmatic politician wanted to place nonwhites at the center of an already controversial project by invoking the concept of the white man s burden Furthermore convictions that defined whiteness raised great obstacles to imperialist ambitions particularly when expansionists entered the tropical zone In lands thought to be too hot for white blood white Americans could never be the main beneficiaries of empire What emerges from Love s analysis is a critical reinterpretation of the complex interactions between politics race labor immigration and foreign relations at the dawn of the American century

Origins of Containment Deborah Welch Larson, 2020-06-30 The description for this book *Origins of Containment* A

Psychological Explanation will be forthcoming *American Foreign Relations since Independence* Richard Dean Burns, Joseph M. Siracusa, Jason C. Flanagan, 2013-03-21 This book provides a succinct and accessible interpretation of the major event and ideas that have shaped U S foreign relations since the American Revolution historical factors that now affect our current debates and commitments in the Middle East as well as Europe and Asia *American Foreign Relations since Independence* explores the relationship of American policies to national interest and the limits of the nation s power reinterpreting the nature and history of American foreign relations The book brings together the collective knowledge of three generations of diplomatic historians to create a readily accessible introduction to the subject The authors explicitly challenge and reject the perennial debates about isolationism versus internationalism instead asserting that American foreign relations have been characterized by the permanent tension inherent in America s desire to engage with the world and its equally powerful determination to avoid entanglement in the world s troubles This work is ideally suited as a resource for students of politics international affairs and history and it will provide compelling insights for informed general readers

Useful Adversaries Thomas J. Christensen, 2020-05-05 This book provides a new analysis of why relations between the United States and the Chinese Communists were so hostile in the first decade of the Cold War Employing extensive documentation it offers a fresh approach to long debated questions such as why Truman refused to recognize the Chinese Communists why the United States aided Chiang Kai shek s KMT on Taiwan why the Korean War escalated into a Sino

American conflict and why Mao shelled islands in the Taiwan Straits in 1958 thus sparking a major crisis with the United States Christensen first develops a novel two level approach that explains why leaders manipulate low level conflicts to mobilize popular support for expensive long term security strategies By linking grand strategy domestic politics and the manipulation of ideology and conflict Christensen provides a nuanced and sophisticated link between domestic politics and foreign policy He then applies the approach to Truman s policy toward the Chinese Communists in 1947 50 and to Mao s initiation of the 1958 Taiwan Straits Crisis In these cases the extension of short term conflict was useful in gaining popular support for the overall grand strategy that each leader was promoting domestically Truman s limited containment strategy toward the USSR and Mao s self strengthening programs during the Great Leap Forward Christensen also explores how such low level conflicts can escalate as they did in Korea despite leaders desire to avoid actual warfare

The Presidencies of James A. Garfield & Chester A. Arthur Justus D. Doenecke, 1981 This is the first single volume to focus on the presidencies of both James A Garfield and Chester A Arthur Drawing from a host of studies on the foreign and domestic policies of the nation during the Gilded Age as well as from his own primary research the author presents a somewhat revisionist look at Garfield and Arthur revisionist in that he gives the reader a renewed appreciation of both men Far from being cynical spoilsmen or naive incompetents individuals whose presidencies provide studies in ineptitude Garfield and Arthur emerge as men of considerable ability While making no claims of greatness Doenecke maintains that each was a significant transitional figure playing a crucial role as the institution of the presidency moved from the weak leadership of Andrew Johnson to the forceful direction of Theodore Roosevelt According to Doenecke Garfield saw the office of chief executive primarily in administrative terms and his great battle was over keeping the power of appointment in his own hands His victory over the Stalwarts enhanced both the power and prestige of the office His knowledge of how government worked was unmatched long before Woodrow Wilson made his mark Garfield was the scholar in politics The diplomacy of Secretary of State James G Blaine comes under critical scrutiny Doenecke evaluates his performance in the Chile Peru War War of the Pacific the Guatemala Mexico dispute the isthmian canal issue Irish American activities in Britain and efforts to secure markets in Korea br Garfield was assassinated less than six months after he entered office he had yet to be tested on major issues of public policy Chester A Arthur was ill prepared to be chief executive was in poor health much of the time while he was in office and was faced with a hopelessly divided party Nevertheless he was one of the nation s great political surprises His administration pioneered in the development of the navy sought foreign markets for American surpluses fostered civil service reform and pressed for a scientific tariff Doenecke devotes one chapter to the spoils system and the background to the Pendleton Act one to Arthur s strategy regarding the South and then offers an in depth analysis of diplomacy during Arthur s tenure During the presidencies of Garfield and Arthur the United States attempted to intervene in a war between Chile and Peru sought to turn Nicaragua into a protectorate supplied leading advisers to Madagascar and Korea and took a

major part in the Congo conference of 1884 In examining these activities even while pointing to uncoordinated statecraft and inept diplomacy Doenecke challenges the long held view that from 1881 to 1885 the nation was withdrawn and insular His fresh perspective on the Garfield and Arthur years will be of considerable interest to historians of the Gilded Age France and America in the Revolutionary Era Thomas J. Schaeper,1995 This is the first detailed study account of the life and career of Chaumont whose chief claim to fame was the fact that from 1777 to 1785 Benjamin Franklin lived in his home in the Parisian suburb of Passy Basing his work on documents from two dozen archives in the United States and France Schaeper demonstrates that Chaumont was far more than merely a landlord Prior to the American Revolution he had become one of the most powerful and respected businessmen of the Old Regime For personal as well as patriotic reasons he aided the American insurgents and worked with a wide array of persons In addition to Franklin these included John Adams Silas Deane Caron de Beaumarchais the marquis de Lafayette and the comte de Vergennes Chaumont performed an astounding range of services acting as intermediary an adviser and a supplier of arms and clothing His most dramatic contribution to the American cause involved John Paul Jones It was Chaumont who obtained the famous Bonhomme Richard for the commodore Through looking at the activities of this intriguing individual the author is able to offer many new insights into both American and French history Lively and well written this biography will appeal to both the historian and the general reader **The American Military on the Frontier** James P. Tate,1978 Faith and the Presidency From George Washington to George W. Bush Gary Scott Smith,2006-10-12 Publisher description **Lives at Risk** Russell D. Buhite,1995 Presents the historical content needed to understand terrorism and America s responses to terrorist acts **Herbert Hoover and World Peace** Lee Nash,2012-07-10 Herbert Hoover and World Peace summarizes Hoover s career long efforts to preserve peace in the world and to help America avoid unnecessary wars from his opposition to our entry into World War I to his proposed and rejected Cold War strategy which would have avoided the Vietnam War Personal experiences in the Boxer Rebellion in China and helping to feed Belgium during World War I coupled with his early Quaker nurture that sensitized him to war related tragedies These essays illustrate the varied ways in which Hoover expressed and implemented his commitment to world peace as humanitarian advisor cabinet member president citizen and writer No other president was so consistent and thoughtful on matters of world peace *The Burden of Confederate Diplomacy* Charles M. Hubbard,2000-08-04 Thoroughly researched Hubbard s interpretation is solid well supported and touches all of the major aspects of Confederate diplomacy American Historical Review As the first examination of the topic since King Cotton Diplomacy 1931 this work deserves widespread attention Hubbard offers a convincingly bleak portrayal of the limited skills and myopic vision of Rebel diplomacy at home and abroad Virginia Magazine of History and Biography Of the many factors that contributed to the South s loss of the Civil War one of the most decisive was the failure of Southern diplomacy In this penetrating work Charles M Hubbard reassesses the diplomatic efforts made by the Confederacy in its struggle to become an independent nation Hubbard focuses

both on the Confederacy's attempts to negotiate a peaceful separation from the Union and Southern diplomats increasingly desperate pursuit of state recognition from the major European powers Drawing on a large body of sources Hubbard offers an important reinterpretation of the problems facing Confederate diplomats He demonstrates how the strategies and objectives of the South's diplomatic program themselves often poorly conceived were then placed in the hands of inexperienced envoys who were ill equipped to succeed in their roles as negotiators The Author Charles M Hubbard is associate professor of history at Lincoln Memorial University and executive director of the Abraham Lincoln Memorial Museum in Harrogate Tennessee *United States-Latin American Relations, 1850-1903* Thomas M. Leonard, 2014-11-20 *United States Latin American Relations 1850 1903* is a collection of essays that provide an in depth analysis of the developing relationship between the Americas during the critical period from the Mexican War to the Panama Canal treaty of 1903

Freedom, Union, and Power Michael S. Green, 2004 *Freedom Union and Power* analyzes the beliefs of the Republican Party during the Civil War how those beliefs changed and what those changes foreshadowed for the future The party's pre war ideology of free soil free labor free men changed with the Republican ascent to power in the White House With Lincoln's election Republicans faced something new responsibility for the government With responsibility came the need to wage a war for the survival of that government the country and the party And with victory in the war came responsibility responsibility for saving the Union by ending slavery and for pursuing policies that fit into their belief in a strong free Union Michael Green shows how Republicans had to wield federal power to stop a rebellion against freedom and union Crucial to their use of federal power was their hope of keeping that power the intersection of policy and politics *Encyclopedia of Chinese-American Relations* Yuwu Song, 2016-03-18 Since 1784 when the American ship *Empress of China* arrived in Guangzhou Chinese American relations have experienced advances and setbacks As the Chinese economy rapidly expands China assumes a more dominant position in world politics and continued fruitful relations with the United States are a primary concern for both nations in the twenty first century This encyclopedia contains more than 400 descriptive entries of important events issues personalities controversies treaties agreements organizations and alliances in the history of Sino American relations from Chinese and American perspectives Also included are maps a chronology a list of acronyms and three appendices American chiefs on missions to China Chinese chiefs on missions to the United States and the correspondence of Wade Giles to Pinyin **The American Civil War** Steven E. Woodworth, 1996-12-09 The single most important volume for anyone interested in the Civil War to own and consult From the foreword by James M McPherson The first guide to Civil War literature to appear in nearly 30 years this book provides the most comprehensive up to date and informative survey and analysis of the vast body of Civil War literature More than 40 essays each by a specialist in a particular subfield of Civil War history offer unmatched thoroughness and discerning assessments of each work's value The essays cover every aspect of the war from strategy tactics and battles to logistics intelligence supply and prisoner of war

camps from generals and admirals to the men in the ranks from the Atlantic to the Far West from fighting fronts to the home front Some sections cover civilian leaders the economy and foreign policy while others deal with the causes of war and aspects of Reconstruction including the African American experience during and after the war Breadth of topics is matched by breadth of genres covered Essays discuss surveys of the war general reference works published and unpublished papers diaries and letters as well as the vast body of monographic literature including books dissertations and articles Genealogical sources historical fiction and video and audio recordings also receive attention Students of the American Civil War will find this work an indispensable gateway and guide to the enormous body of information on America's pivotal experience

Reconstruction and Empire David Prior, 2022-02-15 This volume examines the historical connections between the United States Reconstruction and the country's emergence as a geopolitical power a few decades later It shows how the processes at work during the postbellum decade variously foreshadowed inhibited and conditioned the development of the United States as an overseas empire and regional hegemon In doing so it links the diverse topics of abolition diplomacy Jim Crow humanitarianism and imperialism In 1935 the great African American intellectual W E B Du Bois argued in his *Black Reconstruction in America* that these two historical moments were intimately related In particular Du Bois averred that the nation's betrayal of the South's fledgling interracial democracy in the 1870s put reactionaries in charge of a country on the verge of global power with world historical implications Working with the same chronological and geographical parameters the contributors here take up targeted case studies tracing the biographical ideological and thematic linkages that stretch across the postbellum and imperial moments With an Introduction eleven chapters and an Afterword this volume offers multiple perspectives based on original primary source research The resulting composite picture points to a host of countervailing continuities and changes The contributors examine topics as diverse as diplomatic relations with Spain the changing views of radical abolitionists African American missionaries in the Caribbean and the ambiguities of turn of the century political cartoons Collectively the volume unsettles familiar assumptions about how we should understand the late nineteenth century United States conventionally framed as the Gilded Age and Progressive Era It also advances transnational approaches to understanding America's Reconstruction and the search for the ideological currents shaping American power abroad

Encyclopedia of U.S. - Latin American Relations Thomas Leonard, Jurgen Buchenau, Kyle Longley, Graeme Mount, 2012-01-31 No previous work has covered the web of important players places and events that have shaped the history of the United States relations with its neighbors to the south From the Monroe Doctrine through today's tensions with Latin America's new leftist governments this history is rich in case studies of diplomatic economic and military cooperation and contentiousness *Encyclopedia of U S Latin American Relations* is a comprehensive three volume A to Z reference featuring more than 800 entries detailing the political economic and military interconnections between the United States and the countries of Latin America including Mexico and the nations in Central America the Caribbean and South America

Entries cover Each country and its relationship with the United States Key politicians diplomats and revolutionaries in each country Wars conflicts and other events Policies and treaties Organizations central to the political and diplomatic history of the western hemisphere Key topics covered include Coups and terrorist organizations U S military interventions in the Caribbean Mexican American War The Cold War communism and dictators The war on drugs in Latin America Panama Canal Embargo on Cuba Pan Americanism and Inter American conferences The role of commodities like coffee bananas copper and oil Big Stick and Good Neighbor policies Impact of religion in U S Latin American relations Neoliberal economic development model U S Presidents from John Quincy Adams to Barack Obama Latin American leaders from Simon Bolivar to Hugo Chavez With expansive coverage of more than 200 years of important and fascinating events this new work will serve as an important addition to the collections of academic public and school libraries serving students and researchers interested in U S history and diplomacy Latin American studies international relations and current events

America in the World Robert B. Zoellick, 2020-08-04 America has a long history of diplomacy ranging from Benjamin Franklin Alexander Hamilton and Thomas Jefferson to Henry Kissinger Ronald Reagan and James Baker now is your chance to see the impact these Americans have had on the world Recounting the actors and events of U S foreign policy Zoellick identifies five traditions that have emerged from America s encounters with the world the importance of North America the special roles trading transnational and technological relations play in defining ties with others changing attitudes toward alliances and ways of ordering connections among states the need for public support especially through Congress and the belief that American policy should serve a larger purpose These traditions frame a closing review of post Cold War presidencies which Zoellick foresees serving as guideposts for the future Both a sweeping work of history and an insightful guide to U S diplomacy past and present *America in the World* serves as an informative companion and practical adviser to readers seeking to understand the strategic and immediate challenges of U S foreign policy during an era of transformation
