Making Decisions:

Smart Choices John S. Hammond, Ralph L. Keeney, Howard Raiffa, 2015-07-21 Become confident in your choices Where should I live Is it time to get a new job Which job candidate should I hire What business strategy should I pursue We spend the majority of our lives making decisions both big and small Yet even though our success is largely determined by the choices that we make very few of us are equipped with useful decision making skills Because of this we often approach our choices tentatively or even fearfully and avoid giving them the time and thought required to put our best foot forward In Smart Choices John Hammond Ralph Keeney and Howard Raiffa experts with over 100 years of experience resolving complex decision problems offer a proven straightforward and flexible roadmap for making better and more impactful decisions and offer the tools to achieve your goals in every aspect of your life Their step by step divide and conquer approach will teach you how to Evaluate your plans Break your potential decision into its key elements Identify the key drivers that are most relevant to your goals Apply systematic thinking Use the right information to make the smartest choice Smart Choices doesn't tell you what to decide it tells you how As you routinely use the process you'll become more confident in your ability to make decisions at work and at home And more importantly by applying its time tested methods you'll make better decisions going forward Be proactive Don't wait until a decision is forced on you or made for you Seek out decisions that advance your long term goals values and beliefs Take charge of your life by making Smart Choices a lifetime habit *Making Decisions Read-Along ebook* Selina Bjorlie, 2024-09-04 Learn how to be a confident decision maker Explore the decision making process in a meaningful and engaging way This 32 page nonfiction book connects civics topics with social emotional learning Perfect for use in the classroom or at home learning to explore responsible decision making Includes a short fiction piece to help students relate to the topic and engaging text features such as a glossary useful discussion questions and a Civics in Action activity designed to get students thinking and talking about social issues **The Art of Making Decisions Under Uncertainty** Charles Yoe, 2025-09-04 Uncertainty is a part of every decision we make from the everyday to the high stakes from personal choices to professional strategy The Art of Making Decisions Under Uncertainty offers a clear practical approach to dealing with the unknown without getting stuck or overwhelmed Rather than treating uncertainty as a barrier this book invites readers to see it as a constant companion something to work with not work against Drawing on proven tools real world examples and a wealth of practical insight it shows how to make thoughtful informed decisions even when information is incomplete priorities are competing and the path forward feels anything but clear This is not a theory heavy treatise It's a textbook guide for real people facing real decisions Grounded in decision science but written for a broad audience it bridges the gap between technical complexity and everyday practicality Whether you're leading a team managing risk shaping policy or simply trying to make better personal choices this book meets you where you are with tools that work language that makes sense and encouragement to move forward with clarity and confidence Inside you'll find

Straightforward frameworks to help you recognize and manage different types of uncertainty Practical tools and techniques you can use right away to make sound decisions in fast moving or high pressure situations Case studies and examples that bring the concepts to life and show how they apply in work leadership and daily life Fresh perspectives on failure bias and risk helping you not only avoid common pitfalls but turn setbacks into sources of insight If you've ever hesitated at a crossroads second guessed a big decision or wished for more clarity in a world that rarely offers it this book is for you *The Art of Making Decisions Under Uncertainty* is your companion in making better choices when certainty is out of reach but a good decision is still within your grasp

Making Decisions That Matter Kathleen M. Galotti, 2005-08-22 Researchers studying decision making have traditionally studied the phenomenon in the laboratory with hypothetical decisions that may or may not involve the decision maker's values passions or areas of expertise The assumption is that the findings of these well controlled laboratory studies will shed light on the important decisions people make in their everyday lives This book examines that assumption The volume begins by covering four basic phases of decision making setting or clarifying goals gathering information structuring the decision and making a final choice Comprehensive reviews of existing literature on each of these topics is provided Next the author examines differences in decision making as a function of several factors not typically discussed in the literature the type of decision being made e.g. legal medical moral and the existence of individual differences in the decision maker developmental differences individual differences in style or temperament differences as a function of expertise The author then examines the topic of group decision making contrasting it with individual decision making The volume concludes with some observations and suggestions for improving people's everyday decision making This book is intended for use as a core textbook or supplement for courses in psychology education or allied disciplines It will also be an invaluable resource for people who work with people making decisions in various applied settings such as schools universities and health care centers
