Making History The People Who Shaped The San Juan Islands:

Making History Lucile Saunders McDonald, 1986 *Making History: The People who Shaped the San Juan Islands* [excerpt]., 1990 Extent 2 files

Shipwrecks of the San Juans: A History of Maritime Disaster in the San Juan Islands Joseph Reigel, 2024-09-07 Mariners have long dreaded the labyrinth of the San Juan Islands Bounded by the howling straits of Georgia Rosario Haro and Juan de Fuca the islands have proved the resting place of many an unlucky ship With the aid of period accounts and historical photographs Shipwrecks of the San Juans brings to life harrowing tales such as the infamous Clallam tragedy the Bahada mystery and the unsolved disappearance of the yacht Prelude along with many more

Lopez Island Susan Lehne Ferguson, 2010 The story of Lopez Island is a story of community Skilled brave generous people like Sampson Chadwick Mother Brown Captain Barlow and Amelia Davis carved a spirited nurturing community out of seaside wilderness Homesteaders cleared forests built farms grew food and raised large families surviving then thriving together The hamlets of Port Stanley Richardson and Lopez emerged creating hubs with stores post offices and schools as well as thriving fishing canning and shipping industries The community fostered education music writing dances chivarees baseball quilting a birthday club and grand Fourth of July celebrations Living self reliant lives while helping friends neighbors and newcomers Lopezians created a unique community character that abides today

Mysterious San Juan Island: Ghost Stories and Other Legends Joseph Reigel, 2025-02-25 Few places could hope to rival the rich history of Washington's San Juan Island From the famed Pig War to the secretive kingdom at Roche Harbor the island has played host to countless remarkable stories Like any historic place however there are some tales that the textbooks tend to omit tales like the terrifying Cry Baby House or the subterranean sasquatch said to stalk the woods around Cady Mountain With the aid of articles first hand accounts and period photographs Mysterious San Juan Island attempts to document this strange side of San Juan history and to ensure that the island's campfire stories remain suitably spooky for years to come

Unusual Orcas Island Joseph Reigel, 2024-07-03 Orcas Island Washington has long been known for its rare beauty and colorful history but for many visitors and locals alike the feeling that something strange lurks beneath the surface is all too real Does Sasquatch really stalk the remote woods Did pirates bury a fortune on Turtleback Mountain Is there a portal to a hidden world in Mount Constitution and an Atlantean energy vortex in East Sound With scores of articles first hand accounts and historical photographs Unusual Orcas Island attempts to shed light on these legends and to uncover others that have never been collected before

Outlaw Tales of the Old West: Fifty True Stories of Desperados, Crooks, Criminals, and Bandits Erin H. Turner, 2016-06-03 This collection of fifty outlaw tales includes well knowns such as Butch Cassidy and the Sundance Kid Frank and Jesse James Belle Starr and her dad and Pancho Villa along with a fair smattering of women organized crime bosses smugglers and of course the usual suspects highwaymen bank and train robbers cattle rustlers snake oil salesmen and horse thieves Men like Henry Brown and Burt Alvord worked on both sides of the law either at different

times of their lives or simultaneously Clever shyster Soapy Smith and murderer Martin Couk survived by their wits while the outlaw careers of the dimwitted DeAutremont brothers and bigmouthed Diamondfield Jack were severely limited by their intellect or lack thereof Nearly everyone in these pages was motivated by greed revenge or a lethal mixture of the two The most bloodthirsty of the bunch such as the heartless and some might argue soulless Annie Cook and trigger happy Augustine Chac n surely had evil written into their very DNA *Outlaw Tales of Washington* Elizabeth Gibson,2011-01-11 A refreshing new perspective on some of the most infamous reprobates of the Northwest *Archaeology in America* Linda S. Cordell,Kent Lightfoot,Francis McManamon,George Milner,2008-12-30 The greatness of America is right under our feet The American past the people battles industry and homes can be found not only in libraries and museums but also in hundreds of archaeological sites that scientists investigate with great care These sites are not in distant lands accessible only by research scientists but nearby almost every locale possesses a parcel of land worthy of archaeological exploration *Archaeology in America* is the first resource that provides students researchers and anyone interested in their local history with a survey of the most important archaeological discoveries in North America Leading scholars most with an intimate knowledge of the area have written in depth essays on over 300 of the most important archaeological sites that explain the importance of the site the history of the people who left the artifacts and the nature of the ongoing research *Archaeology in America* divides its coverage into 8 regions the Arctic and Subarctic the Great Basin and Plateau the Great Plains and Rocky Mountains the Midwest the Northeast the Southeast the Southwest and the West Coast Each entry provides readers with an accessible overview of the archaeological site as well as books and articles for further research *The Aesthetics of Island Space* Johannes Riquet,2019-12-18 *Oxford Textual Perspectives* is a series of informative and provocative studies focused upon literary texts conceived of in the broadest sense of that term and the technologies cultures and communities that produce inform and receive them It provides fresh interpretations of fundamental works and of the vital and challenging issues emerging in English literary studies By engaging with the materiality of the literary text its production and reception history and frequently testing and exploring the boundaries of the notion of text itself the volumes in the series question familiar frameworks and provide innovative interpretations of both canonical and less well known works *The Aesthetics of Island Space* discusses islands as central figures in the modern experience of space It examines the spatial poetics of islands in literary texts from Shakespeare's *The Tempest* to Ghosh's *The Hungry Tide* in the journals of explorers and scientists such as James Cook and Charles Darwin and in Hollywood cinema It traces the ways in which literary and cinematic islands have functioned as malleable spatial figures that offer vivid perceptual experiences as well as a geopoetic oscillation between the material energies of words and images and the energies of the physical world The chapters focus on America's island gateways Roanoke and Ellis Island visions of tropical islands Tahiti and imagined South Sea islands the islands of the US Canadian border region in the Pacific Northwest and the imaginative appeal of mutable islands It argues that modern

voyages of discovery posed considerable perceptual and cognitive challenges to the experience of space and that these challenges were negotiated in complex and contradictory ways via poetic engagement with islands Discussions of island narratives in postcolonial theory have broadened understanding of how islands have been imagined as geometrical abstractions bounded spaces easily subjected to the colonial gaze There is however a second story of islands in the Western imagination which runs parallel to this colonial story In this alternative account the modern experience of islands in the age of discovery went hand in hand with a disintegration of received models of understanding global space Drawing on and rethinking post phenomenological geocritical and geopoetic theories The Aesthetics of Island Space argues that the modern experience of islands as mobile and shifting territories implied a dispersal fragmentation and diversification of spatial experience and it explores how this disruption is registered and negotiated by both non fictional and fictional responses

a brigadier general in the Civil War left no name to history after her early death but gifted the West with one of its most important early artists James Tilton Pickett Interwoven Lives was a finalist for the 2020 Willa Literary Award scholarly nonfiction Leaving Paradise Jean Barman, Bruce McIntyre Watson, 2006-05-31 Native Hawaiians arrived in the Pacific Northwest as early as 1787 Some went out of curiosity many others were recruited as seamen or as workers in the fur trade By the end of the nineteenth century more than a thousand men and women had journeyed across the Pacific but the stories of these extraordinary individuals have gone largely unrecorded in Hawaiian or Western sources Through painstaking archival work in British Columbia Oregon California and Hawaii Jean Barman and Bruce Watson pieced together what is known about these sailors laborers and settlers from 1787 to 1898 the year the Hawaiian Islands were annexed to the United States In addition the authors include descriptive biographical entries on some eight hundred Native Hawaiians a remarkable and invaluable complement to their narrative history Kanakas as indigenous Hawaiians were called formed the backbone of the fur trade along with French Canadians and Scots As the trade waned and most of their countrymen returned home several hundred men with indigenous wives raised families and formed settlements throughout the Pacific Northwest Today their descendants remain proud of their distinctive heritage The resourcefulness of these pioneers in the face of harsh physical conditions and racism challenges the early Western perception that Native Hawaiians were indolent and easily exploited Scholars and others interested in a number of fields Hawaiian history Pacific Islander studies Western U S and Western Canadian history diaspora studies will find Leaving Paradise an indispensable work **The Early Exploration of Inland Washington Waters** Richard W. Blumenthal, 2015-01-28 For those armchair historians interested in the initial nautical exploration of inland Washington waters this text is a significant addition to Northwest maritime history Beginning in 1786 and continuing through 1792 The Early Exploration of Inland Washington Waters includes transcriptions of all of the logs and journals of the area's earliest explorers This text follows the initial journey of John Meares four intervening expeditions by the Spanish and culminates with George Vancouver's voyage in 1792 This fascinating read includes the first European descriptions of Puget Sound Country and the people who lived here It also records the events and history surrounding the naming of many prominent locations in the area by Vancouver including Puget Sound Whidbey and Vashon Islands Hood Canal Admiralty Inlet Mounts Rainier and Baker etc Readers will also be fascinated by the numerous Spanish names including the Haro Strait Port Angeles Padilla Bay Sucia Matia and Patos Islands as well as many more which did not stand the test of time We owe our history to these early explorers this text brings them to life Rotgut Rustlers Erin H. Turner, 2009-09-18 Twenty five true tales of a still wild West from the late 1800s to the mid 20th century *Indian Placenames in America* Sandy Nestor, 2015-05-07 The American Indians have lost much of their land over the years but their legacy is evident in the many places around the United States that have Indian names Countless placenames have however been corrupted over time and numerous placenames have similar spellings but different meanings This reference work is a

Blumenthal,2014-12-09 Picking up the narrative from his earlier volume The Early Exploration of Inland Washington Waters Journals and Logs from Six Expeditions 1786 1792 Richard Blumenthal once again offers the reader a fascinating firsthand look at the Northwest s earliest maritime history This volume reproduces twelve individual journals each composed by one of George Vancouver s men as they explored the Washington area in 1792 Providing additional details of exploration in inland areas not previously described it contains a record of Peter Puget s observations and explorations of Puget Sound and a detailed description of William Broughton s passage through San Juan Islands These journals also provide detail regarding the day to day onboard activities of both officers and enlisted men A brief biographical note is provided at the beginning of each man s journal Our Native American Legacy Sandy Nestor,2001 A Pennsylvanian transplanted to southern Oregon by way of southern California Nestor began exploring place names in the middle 1980s Here she identifies over 150 communities in the Pacific Northwest and describes how they got their names the native tribes who inhabited the region before European settlement and the settlement and growth of the towns She does not indicate how to pronounce the names Four maps and 50 photographs are included Her sights are turned next on the West and Plains for the same treatment Annotation copyrighted by Book News Inc Portland OR A Foot in the Door Lucile Saunders McDonald,Richard McDonald,1995 A newspaperman once wrote of Lucile Mc Donald She can secure and absorb more information per minute than any other newspaper representative we have ever met in half a century A remarkably frank refreshing reminiscence A Foot in the Door details the life and work of a true journalistic pioneer At a time when a woman s role in newspapers was limited mostly to the society page Mc Donald began a remarkable seventy five year career as a noted journalist historian and author of thirty four books A Foot in the Door is not only the story of a pioneering American woman journalist it is also the tale of a great adventure to South America the Middle East Alaska and virtually every outback locale in the Pacific Northwest written by a woman who allowed no obstacle to stand in the way of finding a good story BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved The Researcher ,1996
