The Cambridge Medieval History Henry Melvill Gwatkin, James Pounder Whitney, Joseph Robson

Tanner, Charles William Previté-Orton, Zachary Nugent Brooke, 1929 *The Politics of Parliamentary Procedure* Kari Palonen, 2016-10-24 Currently parliament as a political institution does not enjoy the best reputation This book aims to recover less known political resources of the parliamentary mode of proceeding The parliamentary procedure relies on regulating debates in a fair way and on constructing opposed perspectives on the agenda items The British House of Commons provides the closest historical approximation for the parliamentary ideal type of politics This book deals with the formation and conceptual change in the Westminster procedure based on the way they are interpreted in the tracts on procedure The tracts illustrate the changing parliamentary self understanding from the 1570s to the present and the growing political role of procedural disputes The parliamentary style of politics as discussed in the tracts can be divided into two genres the politics of agenda setting and the politics of debate The book analyses their formation and overall conceptual change as well as the procedural responses to the increasingly scarce parliamentary time from the period after the 1832 parliamentary reform It insists that in spite of claims on urgency and on government's leadership the procedural resources of the House of Commons contribute to maintaining the debate centred parliamentary style of politics The Cambridge Medieval History: Victory of the papacy Henry Melvill Gwatkin, 1929 *Historical Studies of the English Parliament* E. B. Fryde, 1970 *Community, Class and Careers* Michael J. Bennett, 1983-02-03 This study of Cheshire and Lancashire society in the late fourteenth and early fifteenth centuries is a unique attempt to reconstruct the social life of an English region in the later Middle Ages Drawing on the voluminous archives of the two palatinates and the extensive muniment collections of local families it offers an unusually rich and wide ranging analysis of a dynamic regional society at a dramatic stage in its history History of England Under Henry the Fourth James Hamilton Wylie, 1898 **Son of Prophecy** Nathen Amin, 2024-07-15 Masterful historian Nathen Amin charts the rise of Henry Tudor From Penmynydd to Bosworth this is the enthralling action packed story of the Tudors but not as you know it **Arthurianism in Early Plantagenet England** Christopher Michael Berard, 2019 First full scale account of the use of the Arthurian legend in the long twelfth century The precedent of empire and the promise of return lay at the heart of King Arthur's appeal in the Middle Ages Both ideas found fullness of expression in the twelfth century monarchs and magnates sought to recreate an Arthurian golden age that was as wondrous as the biblical and classical worlds but less remote Arthurianism the practice of invoking and emulating the legendary Arthur of post Roman Britain was thus an instance of medieval medievalism This book provides a comprehensive history of the first 150 years of Arthurianism from its beginnings under Henry II of England to a highpoint under Edward I It contends that the Plantagenet kings of England mockingly ascribed a literal understanding of the myth of King Arthur's return to the Brittonic Celts whilst adopting for themselves a figurative and typological interpretation of the myth A central figure in this work is Arthur of Brittany 1187 1203 who for more than a generation was the focus of Arthurian hopes and their disappointment CHRISTOPHER MICHAEL BERARD is a Visiting Assistant Professor of English at Providence College

He completed his PhD at the University of Toronto's Centre for Medieval Studies The Thirtieth Annual Report of the Receipts and Expenditures of the City of Concord, for the Year Ending December 31, 1882 City of Concord, 2025-02-15 Reprint of the original first published in 1883 **A Subject Index of the Modern Works Added to the Library of the British Museum in the Years 1880-[95]: 1891-1895** British Museum. Dept. of Printed Books, 1897 **The Eagle and the Hart** Helen Castor, 2024-10-15 From an acclaimed historian and author comes an epic history the dual biography of Richard II and Henry IV two cousins whose lives played out in extraordinary parallel until Henry deposed the tyrant Richard and declared himself King of England Richard of Bordeaux and Henry of Bolingbroke cousins born just three months apart were ten years old when Richard became king of England They were thirty two when Henry deposed him and became king in his place Now the story behind one of the strangest and most fateful events in English history and the inspiration behind Shakespeare's most celebrated history plays is brought to vivid life by the acclaimed author of *Blood and Roses* Helen Castor Richard had birthright on his side and a profound belief in his own God-given majesty But beyond that he lacked all qualities of leadership A narcissist who did not understand or accept the principles that underpinned his rule he was neither a warrior defending his kingdom nor a lawgiver whose justice protected his people Instead he declared that his laws were in his own mouth and acted accordingly He sought to define as treason any resistance to his will and recruited a private army loyal to himself rather than the realm and he intended to destroy those who tried to restrain him Henry was everything Richard was not a leader who inspired both loyalty and friendship a soldier and a chivalric hero dutiful responsible principled After years of tension and conflict Richard banished him and seized his vast inheritance Richard had been crowned a king but he had become a tyrant and as a tyrant ruling by arbitrary will rather than established law he was deposed by his cousin Henry the only possible candidate to take his place Henry was welcomed as a liberator a champion of the people against his predecessor's paranoid despotism But within months he too was facing rebellion Men knew that a deposer could in turn be deposed and the new king found himself buffeted by unrest and by chronic ill health until he seemed a shadow of his former self trapped by political uncertainty and troubled by these signs that God might not after all endorse his actions Captivating immersive and highly relevant to today's times *The Eagle and the Hart* is a story about what happens when a ruler prioritizes power over the interests of his own people When a ruler demands loyalty to himself as an individual rather than duty to the established constitution and when he seeks to reshape reality rather than concede the force of verifiable truths Above all it is a story about how a nation was brought to the brink of catastrophe and disintegration and in the end how it was brought back
