Jepson, Jr.,Jerry Weitz,2015-12-07 Urban and regional planning programs aspire to prepare practitioners to write and implement plans primarily at the local level of government These programs are very much professional in their aspirations as opposed to research oriented Yet academic planning programs often place greater emphasis on theory than practice For decades the planning academy has acknowledged a major disconnect between what the planning academy teaches students and the techniques and skills needed to be a successful professional practitioner Fundamentals of Plan Making will give planning students an understanding of research design as it applies to planning develop familiarity with various data sources and help them acquire knowledge and the ability to conduct basic planning analyses such as population projections housing needs assessments development impact analyses and land use plans Students will also learn how to implement the various citizen participation methods used by planners and develop an appreciation of the values and roles of practicing planners In Fundamentals of Plan Making Edward J. Jepson and Jerry Weitz bring their extensive experience as practicing academics and give planning students the practical hands on tools they need to implement the various methods used to create and implement real plans and policies Its chapters on transportation housing environment economic development and other core development topics also make it a handy reference for planning practitioners **How to Make a Good Living Running Your Own Business** Robin Bennett,2013-01-28 This is a brilliantly revealing often laugh out loud guide for every dreamer college leaver and second career er who has ever thought about starting their own business but fallen asleep in the first

chapter of a typical business book Based on what entrepreneur Robin Bennett has found to work over the last 20 odd years in business it is a frank witty and revealing look at exactly how to become your own boss without going mad or broke Discover what a real USP looks like and why it doesn't have to change the world unless you want it to the simple secrets of effective business planning from a man who has started more than ten businesses all the places you can get money to start your business often for free the ultimate guide to sales and negotiation and how to deal with others haggling your prices down how to hire the right staff and get the best out of them without coming across like David Brent how to run a business every day whilst keeping a beady eye on the future so that you don't go broke your competitors don't put you out of business and you can grow healthily This book is a detailed description of how to start a small business from scratch with relatively little money and how that business can give you a comfortable standard of living with little or no risk in the long term Read it and find out how you too can make a good living and still live the good life
