**Philosophical Perspectives on Power and Domination**, 2021-09-20 The essays in this volume explore in detail many of the ways power structures our daily personal political and intellectual lives and evaluate the workings of power using a variety of theoretical paradigms from Hobbesian liberalism to Foucauldian feminist postmodernism Taken as a whole the book aims towards an end to unjust and destructive uses of power and the flowering of an encouraging educated empowerment for all human beings in a pluralistic world Section I offers a progressive chain of arguments that moves from the acceptance of domination through the rejection of domination and finally to a new vision of power based on equality and mutual respect Section II explores the questions how is the philosophical self that is our very understanding of who we are implicated in the web of power and domination Section III responds to political realism as it explores morally ideal solutions to the global problems of poverty war and hunger Section IV discusses ways in which our thought and practice in both public and private life are bound up in hierarchies of domination

**If Jesus Is Lord** Ronald J. Sider, 2019-07-16 What does Jesus have to say about violence just war and killing Does Jesus ever want his disciples to kill in order to resist evil and promote peace and justice This book by noted theologian and bestselling author Ronald J Sider provides a career capstone statement on biblical peacemaking Sider makes a strong case for the view that Jesus calls his disciples to love and never kill their enemies He explains that there are never only two options to kill or to do nothing in the face of tyranny and brutality There is always a third possibility vigorous nonviolent resistance If we believe that Jesus is Lord then we disobey him when we set aside what he taught about killing and ignore his command to love our enemies This thorough comprehensive treatment of a topic of perennial concern vigorously engages with the just war tradition and issues a challenge to all Christians especially evangelicals to engage in biblical peacemaking The book includes a foreword by Stanley Hauerwas

***Marek Thee: My Story*** Marek Thee, Nils Petter Gleditsch, Stein Tønnesson, Marta Bivand Erdal, 2022-12-21 Marek Thee was a Jewish Polish journalist scholar and activist This book tells his life from narrowly escaping death in the Holocaust to exile in Palestine where he became attached to the Polish consular service On his return to Poland in 1950 he worked for the Foreign Ministry and later for the Polish Institute for International Affairs He served as Head of the Polish delegation to the International Control Commission in Indochina in the late 1950s In 1968 he lost his job and his Polish citizenship in a nationalistic and antisemitic campaign He was able to move to Norway where he worked for twenty years at the Peace Research Institute Oslo PRIO editing an international quarterly journal Bulletin of Peace Proposals and doing research on the arms race In retirement he continued his research and writing at the Norwegian Human Rights Institute The book vividly relates the drama of his life in Poland Palestine Indochina and Norway This is an open access book

**Bulletin of the Atomic Scientists**, 1987-06 ***Military Review***, 1986-07 **Must Global Politics Constrain Democracy?** Alan Gilbert, 2012-01-06 As each power vies for its national interests on the world stage how do its own citizens

democratic interests fare at home Alan Gilbert speaks to an issue at the heart of current international relations debate He contends that in spite of neo realists assumptions a vocal citizen democracy can and must have a role in global politics Further he shows that all the major versions of realism and neo realism if properly stated with a view of the national interest as a common good surprisingly lead to democracy His most striking example focuses on realist criticisms of the Vietnam War Democratic internationalism as Gilbert terms it is really the linking of citizens interests across national boundaries to overcome the antidemocratic actions of their own governments Realist misinterpretations have overlooked Thucydides theme about how a democracy corrupts itself through imperial expansion as well as Karl Marx s observations about the positive effects of democratic movements in one country on events in others Gilbert also explodes the democratic peace myth that democratic states do not wage war on one another He suggests instead policies to accord with the interests of ordinary citizens whose shared bond is a desire for peace Gilbert shows through such successes as recent treaties on land mines and policies to slow global warming that citizen movements can have salutary effects His theory of deliberative democracy proposes institutional changes that would give the voice of ordinary citizens a greater influence on the international actions of their own government
