**MAKING  
MEDICAL  
CHOICES**

**WHO IS RESPONSIBLE?**

---

Jane J. Stein

Preface by David A. Hamburg, M.D.

# Making Medical Choices Who Is Responsible

**Carl Schneider**

## **Making Medical Choices Who Is Responsible:**

*Making Health Care Decisions* United States. President's Commission for the Study of Ethical Problems in Medicine and Biomedical and Behavioral Research, 1982

**Making Medical Decisions for the Profoundly Mentally Disabled**  
Norman L. Cantor, 2009-08-21 A legal and moral analysis of medical decision making on behalf of those with such severe cognitive impairments that they cannot exercise self determination In this book Norman Cantor analyzes the legal and moral status of people with profound mental disabilities those with extreme cognitive impairments that prevent their exercise of medical self determination He proposes a legal and moral framework for surrogate medical decision making on their behalf The issues Cantor explores will be of interest to professionals in law medicine psychology philosophy and ethics as well as to parents guardians and health care providers who face perplexing issues in the context of surrogate medical decision making The profoundly mentally disabled are thought by some moral philosophers to lack the minimum cognitive ability for personhood Countering this position Cantor advances both theoretical and practical arguments for according them full legal and moral status He also argues that the concept of intrinsic human dignity should have an integral role in shaping the bounds of surrogate decision making Thus he claims while profoundly mentally disabled persons are not entitled to make their own medical decisions respect for intrinsic human dignity dictates their right to have a conscientious surrogate make medical decisions on their behalf Cantor discusses the criteria that bind such surrogates He asserts contrary to popular wisdom that the best interests of the disabled person are not always the determinative standard the interests of family or others can sometimes be considered Surrogates may even consistent with the intrinsic human dignity standard sometimes authorize tissue donation or participation in nontherapeutic medical research by profoundly disabled persons Intrinsic human dignity limits the occasions for such decisions and dictates close attention to the preferences and feelings of the profoundly disabled persons themselves Cantor also analyzes the underlying philosophical rationale that makes these decision making criteria consistent with law and morals

**Medical responsibility in the choice of anaesthetics, with a table of the anaesthetic employed ... in nearly fifty large hospitals, etc** Henry Macnaughton JONES, 1876

**Making Medical Choices** Jane Stein, Jane J. Stein, 1978 The central theme of this book is that technological advances in medicine have created a multitude of choices for each individual choices that can influence how we live and die These choices are difficult ones and the book provides a better understanding of the issues Thus the implications of each choice become clearer Such decisions remain inherently very difficult and personal Thoughtful compassionate societies must consider these difficult problems Can we develop mechanisms to assist in the medical choices that will inevitably take place throughout each individual's life Jane Stein makes a stimulating effort to clarify these subjects in this book She calls to attention problems we would prefer to avoid touches the untouchable and in so doing contributes to a constructive debate on the future of human life Preface

*Making Health Care Decisions: Appendices* United States. President's Commission for the Study of Ethical Problems in Medicine and

Biomedical and Behavioral Research,1982      **Making Medical Spending Decisions** Mark A. Hall,1997 This book explores the making of health care rationing decisions through the analysis of three alternative decision makers patients paying out of pocket officials setting limits on treatments and coverage and physicians at the bedside Hall develops this analysis along three dimensions political economics ethics and law The economic dimension addresses the practical feasibility of each method The ethical dimension discusses the moral aspects of these methods while the legal dimension traces the most recent developments in jurisprudence and health law      **Medical Responsibility in the Choice of Anaesthetics. With a Table of the Anaesthetic Employed, Its Mode of Administration and Results, in Nearly Fifty Large Hospitals in the United Kingdom** Henry Macnaughton Jones,1876      **Prison Inmates in Medical Research** United States. Congress. House. Committee on the Judiciary. Subcommittee on Courts, Civil Liberties, and the Administration of Justice,1976      **Medical Decisions for a Loved One With a Life-Threatening Illness** Dr. Gannel Jean-Pierre,2020-11-09 Medical Decisions for a Loved One with a Life Threatening Illness Palliative Care for the Community By Dr Gannel Jean Pierre Medical Decisions for a Loved One with a Life Threatening Illness Palliative Care for the Community by Dr Gannel Jean Pierre is a wonderful resource for people dealing with a life threatening illness or who have a loved one in such a situation Dr Jean Pierre blends real experience with sensitive effective and gentle advice to cater to most any situation within the palliative care spectrum With examples from Jean Pierre s vast expanse of clinical experience this book is invaluable to those in this situation Dr Jean Pierre masterfully uses reputable sources for great information and resources to help as much as possible during end of life care This book is highly recommended to anybody who needs help understanding how to help loved ones in this situation or what to expect if they themselves are going through terminal illness      **Making Health Care Decisions: Appendices: Empirical studies of informed consent** United States. President's Commission for the Study of Ethical Problems in Medicine and Biomedical and Behavioral Research,1982      Care Work and Medical Travel Cecilia Vindrola-Padros,2021-05-03 This edited volume explores the interconnection between care work travel and healthcare emphasizing the emotional dimensions of seeking care away from home It brings together contributions from disciplines such as anthropology nursing primary care sociology and geography and covers experiences of medical travel and other forms of remote care in the United States Laos India Italy France Finland Switzerland and Russia      **Morality and Responsibility** T. M. Scanlon,2025-03-25 T M Scanlon is one of the world s leading philosophers widely known for his contractualist moral theory and his distinctive account of moral responsibility and blame In these important essays written between 2001 and 2021 Scanlon reflects on the lines of thinking that led him to these views considers objections to them and locates them in relation to the views of others including Derek Parfit Harry Frankfurt Gary Watson and Christine Korsgaard The result will be essential reading for scholars and students in moral philosophy political philosophy and the philosophy of law

**Roundtable Discussion on Guardianship** United States. Congress. Senate. Special Committee on Aging,1992      *The*

*Sociology of Health and Illness* Peter Conrad, Valerie Leiter, 2023-06-12 This anthology for Medical Sociology courses brings together a collection of readings from the scholarly literature on health medicine and health care covering some of the most timely health issues of our day

*Practical Decision Making in Health Care Ethics* Raymond J. Devettere, 2009-12-04 For nearly fifteen years *Practical Decision Making in Health Care Ethics* has offered scholars and students a highly accessible and teachable alternative to the dominant principle based theories in the field Devettere's approach is not based on an ethics of abstract obligations and duties but following Aristotle on how to live a fulfilled and happy life in short an ethics of personal well being grounded in prudence the virtue of ethical decision making This third edition is revised and updated and includes discussions of several landmark cases including the tragic stories of Terri Schiavo and Jesse Gelsinger the first death caused by genetic research Devettere addresses new topics such as partial birth abortion law embryonic stem cell research infant euthanasia in The Netherlands recent Vatican statements on feeding tubes organ donation after cardiac death new developments in artificial hearts clinical trials developed by pharmaceutical companies to market new drugs ghostwritten scientific articles published in major medical journals and controversial HIV AIDS research in Africa This edition also includes a new chapter on the latest social and political issues in American health care Devettere's engaging text relies on commonsense moral concepts and avoids academic jargon It includes a glossary of legal medical and ethical terms an index of cases and thoroughly updated bibliographic essays at the end of each chapter that offer resources for further reading It is a true classic brilliantly conceived and executed and is now even more valuable to undergraduates and graduate students medical students health care professionals hospital ethics committees and institutional review boards and general readers interested in philosophy medicine and the rapidly changing field of health care ethics

**Patient, Heal Thyself** Robert M. Veatch, 2009 Robert Veatch is one of the most distinguished American bioethicists having in many ways helped to create that field His new book is on a theme he has developed for thirty years his view that a fundamental and radical change is sweeping through the American health care system but has so far received relatively little attention This change is so fundamental and far reaching that Veatch claims we are in the early stages of a new medicine that will replace what we think of as modern medical practice The change is in how we think about medical decision making Whereas modern medicine's core idea was that medical decisions should be based on the cold hard facts of science the province of the doctor the new medicine reflects the notion that medical decisions impose value judgments Since physicians can claim no expertise on making those value judgments the pendulum has swung greatly toward the patient in evaluating alternatives and making decisions about their treatment While the doctor's expertise is consulted the patient is in control In short doctor no longer knows best Veatch shows how this is only true for value loaded interventions abortion euthanasia genetics but coming to be true for almost every routine procedure in medicine everything from setting broken arms to choosing drugs for cholesterol or osteoporosis Veatch uses a range of fascinating contemporary and historical examples to reveal how values underly almost

all medical procedures and illustrate his case that this change is inevitable and a positive trend for patients

**The Hastings Center Guidelines for Decisions on Life-Sustaining Treatment and Care Near the End of Life** Nancy Berlinger, Bruce Jennings, Susan M. Wolf, Hastings Center, 2013-07-11 This major new work updates and significantly expands The Hastings Center's 1987 Guidelines on the Termination of Life Sustaining Treatment and Care of the Dying Like its predecessor this second edition will shape the ethical and legal framework for decision making on treatment and end of life care in the United States This groundbreaking work incorporates 25 years of research and innovation in clinical care law and policy It is written for physicians nurses and other health care professionals and is structured for easy reference in difficult clinical situations It supports the work of clinical ethicists ethics committee members health lawyers clinical educators scholars and policymakers It includes extensive practical recommendations Health care reform places a new set of challenges on decision making and care near the end of life The Hastings Center Guidelines are an essential resource

**The Health Care Power of Attorney and Living Will** Francesca Coltrera, 2009 Many people shy away from preparing a health care power of attorney or living will perhaps because it's difficult to ponder death or they aren't sure what their end of life wishes are or don't know how to go about doing it But taking some time to think about what kinds of medical treatment you would or wouldn't want if you were unable to speak for yourself is can be a blessing for your loved ones

*Encyclopedia of Medical Decision Making* Michael W. Kattan, 2009-08-15 Decision making is a critical element in the field of medicine that can lead to life or death outcomes yet it is an element fraught with complex and conflicting variables diagnostic and therapeutic uncertainties patient preferences and values and costs Together decisions made by physicians patients insurers and policymakers determine the quality of health care quality that depends inherently on counterbalancing risks and benefits and competing objectives such as maximizing life expectancy versus optimizing quality of life or quality of care versus economic realities Broadly speaking concepts in medical decision making MDM may be divided into two major categories prescriptive and descriptive Work in the area of prescriptive MDM investigates how medical decisions should be done using complicated analyses and algorithms to determine cost effectiveness measures prediction methods and so on In contrast descriptive MDM studies how decisions actually are made involving human judgment biases social influences patient factors and so on The Encyclopedia of Medical Decision Making gives a gentle introduction to both categories revealing how medical and healthcare decisions are actually made and constrained and how physician healthcare management and patient decision making can be improved to optimize health outcomes Key Features Discusses very general issues that span many aspects of MDM including bioethics health policy and economics disaster simulation modeling medical informatics the psychology of decision making shared and team medical decision making social moral and religious factors end of life decision making assessing patient preference and patient adherence and more Incorporates both quantity and quality of life in optimizing a medical decision Considers characteristics of the decisionmaker and how those characteristics influence their decisions

Presents outcome measures to judge the quality or impact of a medical decision Examines some of the more commonly encountered biostatistical methods used in prescriptive decision making Provides utility assessment techniques that facilitate quantitative medical decision making Addresses the many different assumption perspectives the decision maker might choose from when trying to optimize a decision Offers mechanisms for defining MDM algorithms With comprehensive and authoritative coverage by experts in the fields of medicine decision science and cognitive psychology and healthcare management this two volume Encyclopedia is a must have resource for any academic library

**The Practice of Autonomy**  
Carl Schneider, 1998 Exploring what patients do want gives direction to the author's inquiry into what they should want What patients want he believes is properly more complex and ambiguous than being empowered In this book he charts that ambiguity to take the autonomy principle past current pieties into the uncertain realities of the sick room and the hospital ward The Practice of Autonomy is a sympathetic but trenchant study of the animating principle of modern bioethics It speaks with freshness insight and even passion to bioethicists and moral philosophers about their theories to lawyers about their methods to medical sociologists about their subject to policy makers about their ambitions to doctors about their work and to patients about their lives BOOK JACKET

## **Making Medical Choices Who Is Responsible** Book Review: Unveiling the Magic of Language

In a digital era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its capability to stir emotions, provoke thought, and instigate transformation is actually remarkable. ### **Making Medical Choices Who Is Responsible Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Making Medical Choices Who Is Responsible has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Making Medical Choices Who Is Responsible has opened up a world of possibilities. Downloading Making Medical Choices Who Is Responsible provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Making Medical Choices Who Is Responsible has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Making Medical Choices Who Is Responsible. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Making Medical Choices Who Is Responsible. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Making Medical Choices Who Is Responsible, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites

they are downloading from. In conclusion, the ability to download Making Medical Choices Who Is Responsible has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### **FAQs About Making Medical Choices Who Is Responsible Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Making Medical Choices Who Is Responsible is one of the best book in our library for free trial. We provide copy of Making Medical Choices Who Is Responsible in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Making Medical Choices Who Is Responsible. Where to download Making Medical Choices Who Is Responsible online for free? Are you looking for Making Medical Choices Who Is Responsible PDF? This is definitely going to save you time and cash in something you should think about.
