Alan T. Levenson

#### **Making Of The Old Testament:**

The Making of the Old Testament Enid B. Mellor, 1972-05-25 The Making of the Old Testament is one of three books accompanying the volumes of commentary in the Old Testament and Apocrypha series of Cambridge Bible Commentaries on the New English Bible This volume is concerned with the formation of the books of the Old Testament and Apocrypha in the context of the ancient Near Eastern World and with the ways in which these books have come down to us through the Jewish and Christian communities Individual chapters discuss other literary documents contemporary with events in the Old Testament the style of and critical approaches to the Old Testament books other Jewish writing Apocrypha and pseudepigrapha the development of the Old Testament canon the development of the modern English text from the various earlier versions and the place of the Old Testament in modern Judaism and Christianity Each of the chapters is followed by suggestions for further reading Making Sense of the Old Testament Ronald V. Evans, 2018-08-15 Have you read the Old Testament all thirty nine books from Genesis to Malachi If you have you know the challenge The language is archaic with unfamiliar names and places It is not an easy book to read To make sense of these texts I have focused on the narrative of the Jewish people from Adam and Eve to Daniel in the lion's den I have summarized these documents chronologically in their context of Near Eastern History As you read my commentaries you will find the narrative to be much more than ancient history It is an amazing story of resilience and survival that sheds light on the subsequent persecution of the Jews from Roman times to the present I invite you to critique what I have researched as you draw your own conclusions I have added supplementary information at the end of the book which I think you will find relevant and interesting These addenda include the geological clocks which measure the age of the earth DNA evidence of Homo sapiens migrating out of Africa an analysis of the story of Noah and the ark three moral codes older than the Ten Commandments and biblical archaeological discoveries

The Making of the Bible Konrad Schmid, Jens Schröter, 2021-11-30 The Bible is full of ancient texts long predating the assembly of Judaism s and Christianity s sacred books Why these texts and how were they transformed on the journey from folk tale to holy writ Konrad Schmid and Jens Schr ter unearth the history in the process overturning assumptions about the relationship between the Old and New Testaments 

Making Sense of Old Testament Genocide Christian Hofreiter, 2018 The divine commands to annihilate the seven nations living in Canaan to devote them to destruction herem in Biblical Hebrew are perhaps the most morally troubling texts of the Hebrew and Christian bibles Making Sense of Old Testament Genocide Christian Interpretations of Herem Passages addresses the challenges these texts pose It presents the various ways in which interpreters from the first century to the twenty first have attempted to make sense of them The most troubling approach was no doubt to read them as divine sanction and inspiration for violence and war the analysis of the use of herem texts in the crusades the inquisition and various colonial conquests illustrates this violent way of reading the texts which has such alarming contemporary relevance Three additional approaches can also be traced to antiquity viz pre critical

non literal and divine command theory readings Finally critics of Christianity from antiquity via the Enlightenment to today have referenced herem texts their critical voices are included as well Christian Hofreiter combines a presentation of a wide range of historical sources with careful analysis that scrutinizes the arguments made and locates the texts in their wider contexts Influential contributions of such well known figures as Augustine Origen Gregory the Great Thomas Aguinas and John Calvin are included as well as those of critics such as Marcion Celsus and Matthew Tindal and less widely known texts such as crusading histories songs and sermons colonial conquest accounts and inquisition manuals. The book thus sheds new light on the ways in which these texts have shaped the thoughts and actions of their readers through the centuries and offers pertinent insights into how readers might be able to make sense of them today Make the Old Testament Live Richard S. Hess, Gordon J. Wenham, 1998 Written by educators from five continents this book offers fresh perspectives on teaching the old Testament today and addresses problems of Curruculum context and communication The Making of the Old Testament Enid B. Mellor.1995 Toward Old Testament Ethics Walter C. Kaiser, Jr., 1991-08-31 Providing exegetical principles for the study of Old Testament ethics this volume examines moral texts of the Old Testament and explores the content of Old Testament ethics and its meaning to believers today It can be used quite effectively as a textbook for Ethics in Making the Bible Modern Penny Schine Gold, 2018-10-18 The Bible has played a critical role in the the Old Testament story of Judaism modernity and identity Penny Schine Gold examines the arena of children's education and the role of the Bible in the reshaping of Jewish identity especially in the United States in the 1920s and 1930s when a second generation of Eastern European Jews engaged the task of Americanizing Jewish culture religion and institutions Professional Jewish educators based in the Reform movement undertook a multifaceted agenda for the Bible in America to modernize it harmonize it with American values and move it to the center of the religious school curriculum Through public schooling the children of Jewish immigrants brought America home it was up to the adults to fashion a Judaism that their children could take back out into America Because of its historic role in the development of Judaism and its cultural significance in American life Gold finds the Bible provided Jews with vital links to both the past and the present The ancient sacred text of the Bible transformed into highly abridged and amended Bible tales was brought into service as a bridge between tradition and modernity Gold analyzes these American developments with reference to the intellectual history of eighteenth and nineteenth century Europe innovations in public schooling and social theory Protestant religious education and later versions of children's Bibles in the United States and Israel She shows that these seemingly simple children's books are complex markers of the pressing concerns of Jews in the modern world **Making Sense of the Bible** Wayne A. Grudem, 2011-02-01 Wayne Grudem's Systematic Theology is required reading in many courses on biblical theology and with good reason The textbook's emphasis on the scriptural basis for each doctrine along with its clear writing and contemporary approach make it an indispensable resource for many Christians This series presents as a separate book each of the seven

main parts that make up the 1 600 page Systematic Theology making it more portable affordable and less daunting Part 1 Making Sense of the Bible will introduce you to important topics including Canon of Scripture the list of all books that belong in the Bible Authority of Scripture all words in Scripture are God's words because that is what the Bible claims for itself Clarity of Scripture the Bible is written so that its teachings are able to be understood by all who read it Necessity of Scripture the Bible is necessary for knowledge of the gospel Sufficiency of Scripture Scripture contains all the words of God he intended his people to have Written in a friendly tone appealing to the emotions and the spirit as well as the intellect Making Sense of the Bible helps readers overcome wrong ideas make better decisions on new guestions and grow as The Making of the Modern Jewish Bible Alan T. Levenson, 2011-07-07 Tracing its history from Moses Christians Mendelssohn to today Alan Levenson explores the factors that shaped what is the modern Jewish Bible and its centrality in Jewish life today The Making of the Modern Jewish Bible explains how Jewish translators commentators and scholars made the Bible a keystone of Jewish life in Germany Israel and America Levenson argues that German Jews created a religious Bible Israeli Jews a national Bible and American Jews an ethnic one In each site scholars wrestled with the demands of the non Jewish environment and their own indigenous traditions trying to balance fidelity and independence from the commentaries of the rabbinic and medieval world Making Sense of the Bible David Whitehead, 2014-08-12 I Want to Read the Bible but Where Do I Start The Bible can seem like an intimidating book but it may be easier to understand than you think Making Sense of the Bible will teach you how to enjoy studying it on your own David Whitehead has been helping people engage with the Bible for years including through his popular website The Daily Bible Verse The Bible is an incredible gift from God to you and this brief user's manual will teach you how to get the most out of it Perfect for individual or group use this book answers basic questions like how to know which Bible version is right for you and from there introduces you to its stories people and major themes In the end reading the Bible isn t just about knowledge it s about connecting with the God who speaks through His Word Let this engaging book help you hear what He wants to tell you Makina Sense of the Bible H. H. Drake Williams, 2014-02-01 Most people probably have a copy of the Bible in their homes some hold one in their hands each week at church and perhaps even attend a Bible study but not everyone sees or appreciates the great beauty and intricate composition of the Bible writes author Drake Williams The Bible as a great work of art deserves to be considered in unity Combining first rate scholarship with easy to understand language Making Sense of the Bible examines the Bible as a literary work of art and reveals ten key threads that form the thematic tapestry spanning Old and New Testaments With this book the Bible will no longer be a jumble of unrelated books promises and exhortations but a collective cohesive and more meaningful masterpiece to any reader who wishes to explore its full breadth and depth Making Sense of the Bible [Leader Guide] Adam Hamilton, 2014-09-15 In this six week video study Adam Hamilton explores the key points in his new book Making Sense of the Bible With the help of this Leader Guide groups learn from Hamilton as his video presentations

lead groups through the book focusing on the most important questions we ask about the Bible its origins and meaning Making Sense of the Bible Antony F. Campbell, 2010 Indicates how current trends in scriptural scholarship may benefit The Making of the English Bible Gerald Hammond, 2022-12-06 A renowned Bible scholar examines how the Hebrew text has been interpreted and misinterpreted from the Renaissance to modern times In this wide ranging and authoritative study Gerald Hammond sheds light on how the Bible has evolved over centuries of English language translation His extensive analysis begins in the sixteenth century with William Tyndale's pioneering work. This early text is contrasted with the seventeenth century authorized version showing how each in their own ways attempted to bring the meaning and nuance of the Hebrew scripture to English readers Between these towering Renaissance works Hammond examines the two Bibles translated by Miles Coverdale the Geneva Bible the Bishops Bible and the Catholic Bible He also offers incisive criticism of the New English Bible demonstrating that in the pursuit of accessibility above all the newer translations seem to have given up on what should be essential faithful adherence to the source Shaped by God's Story: Making Sense of the Bible Alan Le Grys, 2010-07-12 Study of the Bible in contemporary British society The Bible is often seen by Christians and non churchgoers as a handbook for Christian living Christian theology however also suggests that Bible reading is transformative it changes people This study explores some empricial research to test this idea How to Preach and Teach the Old Testament for All Its Worth Christopher J. H. Wright, 2016-04-19 Many preachers ignore preaching from the Old Testament because they feel it is outdated in light of the New Testament and difficult to expound On the other hand some preachers will preach from the Old Testament frequently but fail to handle it correctly turning it into moralistic rules or symbolic lessons for our spiritual life In How to Preach and Teach the Old Testament for All Its Worth Christopher J H Wright proclaims that preachers must not ignore the Old Testament It is the Word of God The Old Testament lays the foundation for our faith and it was the Bible that Jesus read and used Looking first at why we should preach from the Old Testament the author moves on to show the reader how they can preach from it Covering the History Law Prophets Psalms and Wisdom Literature interspersed with practical checklists exercises and sermons Wright provides an essential guide on how to handle A New Chronology for Old Testament Times Jan Van Tuyl, 2012 This book brings solutions the Old Testament responsibly to a very great list of hitherto unsolved chronological and synchronisation problems The reason why those solutions could be found lies in the extensive research the author made in old and often rare texts instead of limiting himself to the near exclusive source of the Bible Ample use has been made of information that is available in works like the Books of Enoch The Apocrypha The Legends of the Jews The Seder Olam the Book of Jasher and many more as well as in the texts from known historians like Herodotus and the famous Jewish historian and priest Flavius Josephus Just a few of the many special findings are The real reason why Joseph was so popular with the Pharaoh Sarah was not Abraham s half sister Moses was

uncircumcised and even forbade the ritual for 40 years Terah was not 70 years old when he begat Abraham The exact period

of the Judges when they started and when they ended A solution for the verse of the about 450 years of Paul s speech Why did the Lord God give form and then blew life into Adam Eve was not made out of Adam s rib but from another body part A solution to the impossible synchronism of Judah and his sons Enoch made not one but 4 trips to Heaven The definitive answer why did King Josiah attack Necho II Why did King Ahab not fight at Qargar And many more The book has a unique style It has nothing of the study book difficult to understand texts The subject is serious well researched and treated with respect But that does not mean that it cannot be presented at a fast moving pace in easy to read style with here and there even a bit of humour The purpose of the book is to prove that the promise that the Lord God made to Adam was kept It held that there would be exactly 5500 years between the arrival of Adam in this world and the arrival of Christ Every person who was of importance in that timespan has been visited For every single one there are his years of birth and death or the years of his rule Every person has a short story about some important part of his life his actions or the influence he had on the history of the Hebrew people that lived in that period Behind the Scenes of the Old Testament Jonathan S. Greer, John W. Hilber, John H. Walton, 2018-11-19 This authoritative volume brings together a team of world class scholars to cover the full range of Old Testament backgrounds studies in a concise up to date and comprehensive manner With expertise in various subdisciplines of Old Testament backgrounds the authors illuminate the cultural social and historical contexts of the world behind the Old Testament They introduce readers to a wide range of background materials covering history geography archaeology and ancient Near Eastern textual and iconographic studies Meant to be used alongside traditional literature based canonical surveys this one stop introduction to Old Testament backgrounds fills a gap in typical introduction to the Bible courses It contains over 100 illustrations including photographs line drawings maps charts and tables which will facilitate its use in the classroom **Introducing the Old Testament** John Drane, 2019-08-23 Continuously in print for over 30 years and available in many different languages John Drane's Introducing the Old Testament has long been recognized as an authoritative and accessible survey of the subject This new edition has been fully revised and updated with fresh material on a range of topics especially the political and cultural context that influenced the compilation of its books and the development of the faith of ancient Israel and Judah Specific issues that will be of particular interest to students are highlighted in special boxed feature sections along with an extensive glossary of technical terms and key maps and diagrams This book is the ideal starting point for readers who wish to explore the Old Testament and its world in the light of recent scholarship and its relevance to life in the twenty first century
