Modern Italian Poets Jacob Blakesley, 2014-02-24 In 1948 the poet Eugenio Montale published his Quaderno di traduzioni and created an entirely new Italian literary genre the translation notebook The quaderni were the work of some of Italy's foremost poets and their translation anthologies proved fundamental for their aesthetic and cultural development Modern Italian Poets shows how the new genre shaped the poetic practice of the poet translators who worked within it including Giorgio Caproni Giovanni Giudici Edoardo Sanguineti Franco Buffoni and Nobel Prize winner Eugenio Montale displaying how the poet translators used the quaderni to hone their poetic techniques experiment with new poetic metres and develop new theories of poetics In addition to detailed analyses of the work of these five authors the book covers the development of the quaderno di traduzioni and its relationship to Western theories of translation such as those of Walter Benjamin and Benedetto Croce In an appendix Modern Italian Poets also provides the first complete list of all translations and quaderni di traduzioni published by more than 150 Italian poet translators

Modern Italian Poets; Essays and Versions William Dean Howells, 2014-05-15 This book has grown out of studies begun twenty years ago in Italy and continued fitfully as I found the mood and time for them long after their original circumstance had become a pleasant memory If any one were to say that it did not fully represent the Italian poetry of the period which it covers chronologically I should applaud his discernment and perhaps I should not contend that it did much more than indicate the general character of that poetry At the same time I think that it does not ignore any principal name among the Italian poets of the great movement which resulted in the national freedom and unity and it does form a sketch however slight and desultory of the history of Italian poetry during the hundred years ending in 1870 Since that time literature has found in Italy the scientific and realistic development which has marked it in all other countries The romantic school came distinctly to a close there with the close of the long period of patriotic aspiration and endeavor but I do not know the more recent work except in some of the novels and I have not attempted to speak of the newer poetry represented by Carducci The translations here are my own I have tried to make them faithful I am sure they are careful Possibly I should not offer my book to the public at all if I knew of another work in English studying even with my incoherence the Italian poetry of the time mentioned or giving a due impression of its extraordinary solidarity It forms part of the great intellectual movement of which the most unmistakable signs were the French revolution and its numerous brood of revolutions of the first second and third generations throughout Europe but this poetry is unique in the history of literature for the unswerving singleness of its tendency
