My Thousand And One Days An Autobiography:

My Thousand and One Days Farah (consort of Mohammed Reza Pahlavi, Shah of Iran), 1978 My Thousand and One Days Empress Farah (consort of Mohammad Reza Pahlavi, Shah of Iran), 1978 **The Age of Aryamehr** Roham Alvandi, 2018-07-15 Fully incorporates Pahlavi Iran into the global history of the 1960s and 70s when Iran mattered far beyond its borders The reign of the last Shah of Iran Mohammad Reza Pahlavi 1941-79 marked the high point of Iran's global interconnectedness Never before had Iranians felt the impact of global political social economic and cultural forces so intimately in their national and daily lives nor had Iranian actors played such an important global role on battlefields barricades and in board rooms far beyond Iran's borders Iranian intellectuals technocrats politicians workers artists and students alike were influenced by the global ideas movements markets and conflicts that they also helped to shape From the launch of the Shah's White Revolution in 1963 to his overthrow in the popular revolution of 1978-79 Iran saw the longest period of sustained economic growth that the country had ever experienced An entire generation took its cue from the shift from oil consumption to oil production to dream of and aspire to a modernized Iran and the history of Iran in this period has tended to be presented as a prologue to the revolution Those histories usually locate the political social and cultural origins of the revolution firmly within a national context into which global actors intruded as Iranian actors retreated While engaging with that national narrative this volume is concerned with Iran's place in the global history of the 1960s and 70s It examines and highlights the transnational threads that connected Pahlavi Iran to the world from global traffic in modern art and narcotics to the embrace of American social science by Iranian technocrats and the encounter of European intellectuals with the Iranian Revolution **The Fall of Heaven** Andrew Scott Cooper, 2016-08-02 An immersive gripping account of the rise and fall of Iran's glamorous Pahlavi dynasty written with the cooperation of the late Shah's widow Empress Farah Iranian revolutionaries and US officials from the Carter administration In this remarkably human portrait of one of the twentieth century's most complicated personalities Mohammad Reza Pahlavi Andrew Scott Cooper traces the Shah's life from childhood through his ascension to the throne in 1941 He draws the turbulence of the post war era during which the Shah survived assassination attempts and coup plots to build a modern pro Western state and launch Iran onto the world stage as one of the world's top five powers Readers get the story of the Shah's political career alongside the story of his courtship and marriage to Farah Diba who became a power in her own right the beloved family they created and an exclusive look at life inside the palace during the Iranian Revolution Cooper's investigative account ultimately delivers the fall of the Pahlavi dynasty through the eyes of those who were there leading Iranian revolutionaries President Jimmy Carter and White House officials US Ambassador William Sullivan and his staff in the American embassy in Tehran American families caught up in the drama even Empress Farah herself and the rest of the Iranian Imperial family Intimate and sweeping at once **The Fall of Heaven** recreates in stunning detail the dramatic and final days of one of the world's most legendary ruling families the

Ansari, 2012-09-24 The first full length study of Iranian nationalism in nearly five decades this sophisticated and challenging book by the distinguished historian Ali M Ansari explores the idea of nationalism in the creation of modern Iran It does so by considering the broader developments in national ideologies that took place following the emergence of the European Enlightenment and showing how these ideas were adopted by a non European state Ansari charts a course through twentieth century Iran analysing the growth of nationalistic ideas and their impact on the state and demonstrating the connections between historiographical and political developments In so doing he shows how Iran s different regimes manipulated ideologies of nationalism and collective historical memory to suit their own ends Drawing on hitherto untapped sources the book concludes that it was the revolutionary developments and changes that occurred during the first half of the twentieth century that paved the way for later radicalisation *The Politics of Nationalism in Modern Iran* 'Ali Mir'Anşari, 2012 **The A to Z of Iran** John H. Lorentz, 2010-04-14 Iran is a country with a deep and complex history Over several thousand years Iran has been the source of numerous creative contributions to the spiritual and literary world and the site of many remarkable manifestations of material culture The special place that Iran has come to hold in contemporary historical events most recently as a center stage actor in the unfolding and interconnected drama of worldwide nuclear arms proliferation and terrorism is all the more reason to explore the characters and personality of Iran and Iranians The A to Z of Iran is designed to give the reader a quick and understandable overview of specific events movements people political and social groups places and trends Through its extensive chronology introduction bibliography appendixes and more than double the number of cross referenced dictionary entries as in the previous edition the work allows for considerable exploration of a number of historical and contemporary topics and issues In particular the modern period defined as 1800 present is covered extensively **The Shah** Abbas Milani, 2011-01-04 The definitive biography of the last Shah of Iran tracing his dramatic rise and fall and his role in the creation of the contemporary Islamic Republic Though his monarchy was toppled in 1979 and he died in 1980 the life of Mohammad Reza Shah Pahlevi the last Shah of Iran continues to resonate today Here internationally respected author Abbas Milani gives us the definitive biography more than ten years in the making of the monarch who shaped Iran s modern age and with it the contemporary politics of the Middle East The Shah s was a life filled with contradiction as a social reformer he built schools increased equality for women and greatly reduced the power of the Shia clergy He made Iran a global power courting Western leaders from Churchill to Carter and nationalized his country s many natural resources But he was deeply conflicted and insecure in his powerful role Intolerant of political dissent he was eventually overthrown by the very people whose loyalty he so desperately sought This comprehensive and gripping account shows us how Iran went from politically moderate monarchy to totalitarian Islamic republic Milani reveals the complex and sweeping road that would bring the U S and Iran to where they are today *Modern Iran since 1797* Ali
