Sarah Keyes

My Trip To California In 1849:

My Trip to California in 1849 James Carstarphen,1971-12-01 **My Trip to California in 1849** James Eula Carstarphen,1914 **My Trip to California in 1849** James Eula Carstarphen,Clayton Keith,1914 *American Burial Ground* Sarah Keyes,2023-10-24 In popular mythology the Overland Trail is typically a triumphant tale with plucky easterners crossing the Plains in caravans of covered wagons But not everyone reached Oregon and California Some 6 600 migrants perished along the way and were buried where they fell often on Indigenous land As historian Sarah Keyes illuminates their graves ultimately became the seeds of U S expansion By the 1850s cholera epidemics ordinary diseases and violence had remade the Trail into an American burial ground that imbued migrant deaths with symbolic power In subsequent decades U S officials and citizens leveraged Trail graves to claim Native ground Meanwhile Indigenous peoples pointed to their own sacred burial grounds to dispute these same claims and maintain their land These efforts built on anti removal campaigns of the 1820s and 30s which had established the link between death and territorial claims on which the significance of the Overland Trail came to rest In placing death at the center of the history of the Overland Trail American Burial Ground offers a sweeping and long overdue reinterpretation of this historic touchstone In this telling westward migration was a harrowing journey weighed down by the demands of caring for the sick and dying From a tale of triumph comes one of struggle defined as much by Indigenous peoples actions as it was by white expansion And finally from a migration to the Pacific emerges instead a trail of graves Graves that ultimately undergirded Native dispossession **The Overland Monthly** ,1889 **Property Rights in the Colonial Era and Early Republic** James W. Ely,1997 **Journals of Forty-niners** LeRoy Reuben Hafen,Ann Woodbury Hafen,1998-01-01 Western history is all the richer thanks to LeRoy and Ann Hafen who have assembled a fascinating array of diaries and memoirs of forty niners who set out from Salt Lake City toward California s gold fields over the Old Spanish Trail For many would be gold miners this dry dangerous route was preferable to crossing the Sierra Nevada The Donner party disaster was only three years old and fresh in the minds of many In reality the choice of the southern route did not ease travelers efforts The unremitting heat and lack of water killed more people and animals than the snows of the mountains Jacob Stover s narrative provides fine descriptions of these challenges especially the difficulty in transporting supplies Of added interest is the journal of Henry Bigler a former member of the Mormon Battalion who was the first person to record Marshall s discovery of gold at Sutter s Mill **Instructional Resources for Teaching First-Person Histories** Tamera Bryant,2014-01-01 Open readers eyes to U S history using firsthand accounts from children who lived through it The diaries of the First Person Histories set span several key times in American history from colonial times to the Civil War History has never felt more alive **Australians and the Gold Rush** Jay Monaghan, [The Works of Hubert Howe Bancroft: History of California. 1884-90](#) Hubert Howe Bancroft,1884
