Myanmars External Trade An Overview In The Southeast Asian Context:

Myanmar's External Trade Mya Than,1992 The grim state of the Myanmar economy in the second half of the 1980s forced the previous government of the Burma Socialist Programme Party to liberalize its external and internal trade Since the military coup following political chaos in the later part of 1988 Japan the European Community and the United States have suspended new economic aid to Myanmar This has led to the present military government the State Law and Order Restoration Council SLORC to work towards closer cooperation in diplomatic and trade relations with other Southeast Asian countries and to further liberalize its trade sector This study explores and analyzes Myanmar s external trade and its trade relations with Southeast Asian nations many of which are members of the Association of Southeast Asian nations ASEAN and raises issues and prospects of economic cooperation with neighbouring countries in the region including the option for active participation in ASEAN

State Dominance in Myanmar Tin Maung Maung Than,2007 Focuses on the state s efforts to industrialize Myanmar first through direct intervention and planning under a socialist economic framework as interpreted by the state leaders 1948-88 and lately 1989 onwards through state managed outward orientation

Economic Development of Burma Khañ' Moñ' Kraññ' (Ü"),2000 Bringing together their own intimate knowledge of the country s problems and the possibilities that lie ahead scholars attempt to analyze the main factors that have stood in the way of Burma s participation in the worldwide surge of economic growth in the second half of the twentieth century and to devise ways in which the country can overcome these obstacles in the future

Beyond Borders Wen-Chin Chang,2015-01-16 The Yunnanese from southwestern China have for millennia traded throughout upland Southeast Asia Burma in particular has served as a back door to Yunnan providing a sanctuary for political refugees and economic opportunities for trade explorers Since the Chinese Communist takeover in 1949 and subsequent political upheavals in China an unprecedented number of Yunnanese refugees

have fled to Burma Through a personal narrative approach *Beyond Borders* is the first ethnography to focus on the migration history and transnational trading experiences of contemporary Yunnanese Chinese migrants composed of both Yunnanese Han and Muslims who reside in Burma and those who have moved from Burma and resettled in Thailand Taiwan and China Since the 1960s Yunnanese Chinese migrants of Burma have dominated the transnational trade in opium jade and daily consumption goods Wen Chin Chang writes with deep knowledge of this trade s organization from the 1960s of mule driven caravans to the use of modern transportation and she reconstructs trading routes while examining embedded sociocultural meanings These Yunnanese migrants mobility attests to the prevalence of travel not only by the privileged but also by different kinds of people Their narratives disclose individual life processes as well as networks of connections modes of transportation and differences between the experiences of men and women Through traveling they have carried on the mobile livelihoods of their predecessors expanding overland trade beyond its historical borderlands between Yunnan and upland Southeast Asia to journeys further afield by land sea and air **Burma** P. Carey,1997-07-28 An up to date collection of essays by leading academics and Burma specialists covering some of the key economic ethnic political and social problems which currently confront Burma The book is divided into four parts Politics and Constitution Making Foreign Policy Views from the Periphery and the Challenges of Development Peter Carey s introduction provides a useful historical background and assesses the political prospects for Aung San Suu Kyi s National League for Democracy following her 1995 release

Outsourcing the Polity Gerard McCarthy,2023-02-15 *Outsourcing the Polity* offers a new account of social outsourcing in post independence Myanmar demonstrating how the bankrupt post socialist junta mediated market reform in the 1990s and 2000s and forced private and non state actors to take the burden for social welfare Informed by research during Myanmar s decade of partial civilian rule 2011 2021 Gerard McCarthy examines how ideals and practices of non state welfare can both sustain democratic resistance and undermine social reform over time Rather than expand government led social action funded by direct taxation grassroots activists and democratic leaders after 2011 variously framed government social action as ineffective undesirable and even corrosive of civic norms They instead encouraged citizens to be self reliant and support each other including during disasters Powerful tycoons filled the social gap using public philanthropy to remake their reputations and to defend their ongoing expropriation of land and state assets from potential democratic redistribution With non state social actors more important than ever following Myanmar s return to dictatorship in 2021 *Outsourcing the Polity* casts new light on the lasting legacies of outsourcing for distributive politics **Kolor.
