Myrtles Turtles:

Myrtle the Sea Turtle Elizabeth Anne Scherer, 2025-08-29 This book tells the story of a loggerhead sea turtle named Myrtle When she was born she had trouble digging herself out of the nest Luckily there were two small children who played on the beach in South Florida and knew that baby turtles hatched in August and September And they were ready to help They saved Myrtle and took care of her as she grew stronger in an outdoor seawater aquarium They became friends while she was there After Myrtle grows up in the Sargasso Sea and becomes a mother she finds her way back to the same beach where she was born to lay her eggs year after year The story of her miraculous rescue as a hatchling is told to Porpie a porpoise who is an ocean friend and an enthusiastic listener He swims alongside her on her journey He never tires of hearing Myrtle s story They swim together in the Gulf Stream headed toward the beach where Myrtle was born and where she will lay her eggs The story has a heartwarming ending as Myrtle comes full circle and finds her way back to her birth beach
