The Strange Curse of Breda Steven Arnett, 2018-08-21. It's 1971 and a horrible murder has occurred near the town of Breda in west Michigan. A young woman, Jane Lucas, has been dragged into the woods and stabbed. The letters "ZOSO" from the Led Zeppelin album have been written in blood on her waist, which leads the police to think it might be a cult murder. Suspicion falls on the commune located on a farm near the town. The shock and horror townspeople feel after that murder, though, are nothing compared to the shock and horror people feel when another murder, and then another murder of the same type, occur. The Strange Curse of Breda is about those murders and how they are finally solved. As each murder occurs, the level of fear in Breda intensifies to the point that the townsfolk either flee the town, arm themselves to the teeth, or fall into an almost catatonic state of fear. The county sheriff, the state police, and even the FBI are baffled. However, Jim Leiden, a young man who runs a small grocery in Breda, finds a clue that may link all the murders together. The hanging of a man named Obadiah Kurtz that occurred in 1889. Jim researches the story and finds that the victims are descendants of the people who were responsible for hanging Obadiah. After Jim's discovery, he's in a race against time to try to get the police to believe him and find the murderer before he can kill the only person in the whole world who really matters to him: His beautiful fiancée, Julie Veere, who happens to be one of those direct descendants.
