Mysterious Skin:

Mysterious Skin Scott Heim, 2009-03-17 A disturbing incident sends two young boys down vastly different paths that reunite ten years later in this impressive debut novel Publishers Weekly At the age of eight Brian Lackey is found bleeding under the crawl space of his house having endured something so traumatic that he cannot remember an entire five hour period of time During the following years he slowly recalls details from that night but these fragments are not enough to explain what happened to him and he begins to believe that he may have been the victim of an alien encounter Neil McCormick is fully aware of the events from that summer of 1981 Wise beyond his years curious about his developing sexuality Neil found what he perceived to be love and guidance from his baseball coach Now ten years later he is a teenage hustler unaware of the dangerous path his life is taking His recklessness is governed by idealized memories of his coach memories that unexpectedly change when Brian comes to Neil for help and ultimately the truth **Mysterious Skin** Santiago Fouz-Hernández, 2009-03-30 Borrowing its title from Gregg Araki's 2005 film in which the camera's contemplation of the male body encourages us to feel that body and covering a broad span of subjects and films **Mysterious Skin** offers a wider more representative picture of the depiction of the male body in contemporary world cinemas than has hitherto been attempted An international array of major experts explore the treatment of masculinity and the male body in the cinemas of Africa Australia China France Germany Great Britain India North America Spain Taiwan and Vietnam as well as Hollywood Their common concern is to reveal how the representation of the male body is used in films to convey a country's anxieties about its national identity and history as well as how it engages with questions of racial sexual or gender politics They discuss key actors directors and films of these countries from Ewan MacGregor in Peter Greenaway's *The Pillow Book* through the films of Wong Kar Wai to Paul Hogan as Mick Dundee in *Crocodile Dundee* In so doing **Mysterious Skin** also provides a strong overview of important cinema produced around the world in the last twenty years **Mysterious Skin** Scott Heim, 2011 **Mysterious Skin** Scott Heim, 2006 **MYSTERIOUS Skin**, 2005 **Freudian Fadeout** Arij Ouweneel, 2012-08-13 In Western culture the psychoanalysis that has guided popular psychology for almost a century is now on the retreat Better equipped with proven results cognitive and evolutionary psychology has driven psychoanalysis out of the spotlight In cultural and film studies however the debate between cognitive sciences and psychoanalysis remains contentious This volume explores this state of things by examining criticism of 18 films juxtaposing them with cognitive based films to reveal the flaws in the psychoanalytical concepts It pays particular attention to simulation theory the concept that narratives learned from films could work in human minds as simulations for solutions to particular problems By introducing the idea of narrative stimulation to film studies this work argues for a different method of film critique encouraging further research into this nascent field **Fifty Contemporary Film Directors** Yvonne Tasker, 2010-10-04 **Fifty Contemporary Film Directors** examines the work of some of today's most popular and influential cinematic figures It

provides an accessible overview of each director's contribution to cinema incorporating a discussion of their career major works and impact Revised throughout and with twelve new entries this second edition is an up to date introduction to some of the most prominent film makers of the present day The directors from differing backgrounds and working across a range of genres include Martin Scorsese Steven Spielberg Sofia Coppola Julie Dash Shane Meadows Michael Moore Peter Jackson Guillermo Del Toro Tim Burton Jackie Chan Ang Lee Pedro Almodóvar With further reading and a filmography accompanying each entry this comprehensive guide is indispensable to all those studying contemporary film and will appeal to anyone interested in the key individuals behind modern cinema's greatest achievements **Betty Cornell's Teen-Age Popularity**
