Mystery Of God Karl Barth And The Postmodern Foundations Of Theology:

The Mystery of God William Stacy Johnson, 1997-01-01 This reassessment of the theology of Karl Barth seeks to make Barth relevant for postmoderns through his suggestion that theology is best seen not as a restating of old orthodoxies but as an ongoing response to the divine mystery

The Doctrine of God in Reformed Orthodoxy, Karl Barth, and the Utrecht School R.T. te Velde, 2013-06-27 In *The Doctrine of God* Dolf te Velde examines the interaction of method and content in three historically important accounts of the doctrine of God Does the method of a systematic theology affect the belief content expressed by it Can substantial insights be detected that have a regulative function for the method of a doctrine of God This two way connection of method and content is investigated in three phases of Reformed theology The first seeks to discover inner dynamics of Reformed scholastic theology The second part treats Karl Barth s doctrine of God as a contrast model for scholasticism understood in the framework of Barth s theological method The third part offers a first published comprehensive description and analysis of the so called Utrecht School The closing chapter draws some lines for developing a Reformed doctrine of God in the 21st century

Postmodernism and the Ethics of Theological Knowledge Justin Thacker, 2016-04-08 This book establishes the necessary integration of theological knowledge with theological ethics It does this as a response to the postmodern critique of Christianity as exemplified in Rorty and Lyotard They argue that any claim to know God is necessarily tyrannical Contemporary responses to such postmodern thinking often fail to address adequately the ethical critique that is made This book redresses that balance by suggesting that our knowledge of God and love of the Other are so intimately connected that we cannot have one without the other In the absence of love then we simply do not know God Justin Thacker proposes that an effective theological response to postmodernity must address both knowledge and ethics in an integrated fashion as presented in this book

The Cambridge Companion to Karl Barth John Webster, 2000-10-05 This authoritative book introducing Karl Barth is written by leading scholars of his work drawn from Europe and North America They offer challenging yet accessible accounts of the major features of Barth s theological work especially as it has become available through the publication of his collected works and interact with the very best of contemporary Barth scholarship The contributors also assess Barth s significance for contemporary constructive theology and his place in the history of twentieth century Christian thought The Companion both sums up and extends recent renewed interest in Barth s theology especially in English speaking theology and shows him to be once again a major voice in constructive theology

Karl Barth and the Study of the Religious Enlightenment Michael Jimenez, 2018-03-01 *Encountering the Task of History* analyzes the intellectual history of the eighteenth century provided by Karl Barth most notably in his *Protestant Theology in the Nineteenth Century* Barth anticipates the recent scholarship on the religious roots impact and significance of the Enlightenment foreshadowing the later and now current challenges to the secularization paradigm This volume seeks to establish a new vantage point through which to understand not only the wider shape of Barth

s work itself but also his standing and contribution to public intellectual scholarship The Ordering of the Christian Mind Martin Westerholm, 2015 This work takes up the long standing concern that the theology of Karl Barth has little to offer to consideration of Christian reason and instead shows that Barth's work contains a theologically weighty and spiritually bracing account of the proper ordering of Christian thought The Gravity of Sin Matt Jenson, 2007-02-08 Matt Jenson argues that the image of being curved in on oneself is the best paradigm for understanding sin relationally that it has sufficient explanatory breadth and depth to be of service to contemporary Christian theology He looks to Augustine as the Christian source for this image in his various references to humanity's turn to itself though the threads of a relational account of sin are not drawn together with any systematic consequence until Martin Luther's description of homo incurvatus in se in his commentary on Romans Luther radicalizes Augustine's conception by applying this relational view of sin to the totus homo and by emphasizing its appearance above all in homo religiosus The Western tradition of sin understood paradigmatically as pride has been recently called into question by feminist theologians Daphne Hampson's critique of Luther on this front is considered and critiqued Though she is right to call attention to the insufficiency of his and Augustine's myopic focus on pride the question remains whether incurvatus in se can operate paradigmatically as an umbrella concept covering a far wider range of sins Karl Barth's extension of incurvatus in se to apply more broadly to pride sloth and falsehood suggests that incurvature can do just that The Humanity of Christ James P. Haley, 2017-10-12 This work is a critical analysis of Karl Barth's unique adoption of the concepts anhypostasis and enhypostasis to explain Christ's human nature in union with the Logos which becomes the ontological foundation that Barth uses to explain Jesus Christ as very God and very man The significance of these concepts in Barth's Christology first emerges in the Gottingen Dogmatics and is then more fully developed throughout the Church Dogmatics Barth's unique coupling together of anhypostasis and enhypostasis provides the ontological grounding flexibility and precision that so uniquely characterizes his Christology As such Barth expresses the Word became flesh as the revelation of God that flows out of the coalescence of Christ's human nature with his divine nature as the mediation of reconciliation This ontological dynamic provides the impetus for Barth's critique of Chalcedon's static definition of the union of divine and human natures in Christ from which Barth transitions to an active definition of these two natures Not only does anhypostasis and enhypostasis explain the dynamic union between the divine and human natures in Christ but also the dynamic union between Jesus Christ and his Church which reaches its apex in the reconciliation of humanity with God in Christ The ontological foundation of anhypostasis and enhypostasis in Christ's union with his Church explains the importance of the royal man in understanding genuine human nature the exaltation of human nature and the sanctification of human nature **The Barthian Revolt in Modern Theology** Gary J. Dorrien, 2000-01-01 In this history of the rise development and near demise of Karl Barth's theology Gary Dorrien carefully analyzes the making of the Barthian revolution and the reasons behind its simultaneously dominating and marginal character He discusses Barth's

relationship to his predecessors and contemporaries as well as to modern theologians and argues that his approach to theology was deeply indebted to his liberal past **The Christology of Karl Barth and Matta al-Miskin** Hani Hanna,2019-07-02 In The Christology of Karl Barth and Matta al Miskin Hani Hanna argues that two of the most renowned theologians of the twentieth century Karl Barth and Matta al Miskin Matthew the Poor redefine the reality of God and humanity christologically in similar ways Both theologians achieve this redefinition using historical rubrics that are closer to Scripture than the traditional metaphysical categories borrowed from Greek philosophy Rooted in their respective Reformed and Coptic Orthodox traditions their works can be placed in a dialogue that takes into account modern concerns about history revelation and human agency By providing an in depth analysis of both men s christologies Hanna also finds that Barth and Matta s christological view of reality has implications for interfaith and intercultural dialogues today
