Mystery Of Holy Night:

The Twelve Holy Nights and the Spiritual Hierarchies Sergei O. Prokofieff, 2004-11-05 Prokofieff draws on the whole extent of Rudolf Steiner's work and combines it with his own original spiritual research to form an intricate picture of the cosmic forces at play between Christmas and Epiphany. We are led on a tour through the circle of the zodiac and spiritual hierarchies and shown how they form a path from Jesus to Christ. The author further explains that the Starry Script is a key to anthroposophical Christology and shows how it relates to the conception of the First Goetheanum. Prokofieff guides us imaginatively through the interior of Steiner's architectural masterpiece destroyed by fire at the end of 1922 whose structure and decorations are seen to constitute a coherent esoteric map. Our task now he suggests is to rebuild the First Goetheanum within ourselves and through a new form of self-development work toward a truly modern path of initiation. Supplementary essays focus on the cosmic aspects of Sophia as well as the being of Michael. Prokofieff's seminal study offers a rich source of inspiration for those wishing to penetrate the mysteries of the Twelve Holy Nights and their relation to spiritual beings.

From the Mysteries Hermann Beckh, 2020-06-03 In the early part of the last century Professor Hermann Beckh began a search to discover the truth about the Mystery wisdom of antiquity. As a recognized authority on Buddhist texts he knew that complete knowledge of such Mysteries was not to be found within the limitations of waking consciousness, sense perception and logic. Beckh was already aware that Gautama Buddha had indicated the stages of higher knowledge. Furthermore his studies of Rudolf Steiner's anthroposophical teachings revealed that such knowledge could be experienced directly given disciplined meditation. Clairvoyant cognition included the conscious penetration of sleep consciousness, the dream state and an experience of pre-natal consciousness. Both the Mysteries and Rudolf Steiner's major books he concluded were founded on the same perceptions. Beckh, a worldwide expert on Tibetan, Sanskrit, Pali and Avestan texts, quickly became disenchanted with Madame Blavatsky's Theosophy as it displayed little precise academic knowledge of primary records. At the same time university departments showed scant trace of understanding the texts they analysed through philology and sociology. Thus based on comprehensive studies and personal experience he resolved to present his own perceptions and vision to the public. The results are to be found in this invaluable book bringing together for the first time in English three groundbreaking publications: *Our Origin in the Light* (Genesis 1-9, 1924), *Zarathustra* (1927) and *From the World of the Mysteries* (1927) as well as five of Beckh's articles from contemporary periodicals.

Holidays and Holy Nights Christopher Hill, 2003 This joyous sparkling book opens the treasure chest of liturgical year to bring the creative power of the Divine into our ordinary lives here and now.

The Collected Sermons of Dietrich Bonhoeffer Victoria J. Barnett, 2017-10-15 In his preaching Dietrich Bonhoeffer's strong personal faith the foundation for everything he did shines in the darkness of Hitler's Third Reich and in the church struggle against it Though not overtly political Bonhoeffer's deep concern for the developments in his world is revealed in his sermons as he seeks to draw the listener into conversation with the promises and claims of the gospel a conversation readers today are invited to join
