Mystical Concepts In Chassidism An Introduction To Kabbalistic Concepts And Doctrines:

Mystical Concepts in Chassidism Jacob Immanuel Schochet, 1979 An excellent guide to the intricate concepts of Jewish mysticism found in Chabad Chasidic philosophy It traces the history of Jewish mysticism from its earliest beginnings through its expansion in the sixteenth century and the new era of its promulgation through the Chasidic movement Special attention is given to the teachings of Rabbi Schneur Zalman of Liadi who first elucidated Kabbalistic concepts in a systematic manner and made them accessible to the average person *Hasidism Beyond Modernity* Naftali Loewenthal, 2019-12-18 The Habad school of hasidism is distinguished today from other hasidic groups by its famous emphasis on outreach on messianism and on empowering women Hasidism Beyond Modernity provides a critical thematic study of the movement from its beginnings showing how its unusual qualities evolved Topics investigated include the theoretical underpinning of the outreach ethos the turn towards women in the twentieth century new attitudes to non Jews the role of the individual in the hasidic collective spiritual contemplation in the context of modernity the quest for inclusivism in the face of prevailing schismatic processes messianism in both spiritual and political forms and the direction of the movement after the passing of its seventh rebbe Rabbi Menachem Mendel Schneerson in 1994 Attention is given to many contrasts pre modern modern and postmodern conceptions of Judaism the clash between maintaining an enclave and outreach models of Jewish society particularist and universalist trends and the subtle interplay of mystical faith and rationality Some of the chapters are new others published in an earlier form have been updated to take account of recent scholarship This book presents an in depth study of an intriguing movement which takes traditional hasidism beyond modernity [The Slayers of Moses](#) Susan A. Handelman, 2012-02-01 In this groundbreaking study Susan Handelman examines the theological roots of the modern science of interpretation She defines current structures of thought and patterns of organizing reality clearly distinguishes them from previously reigning Hellenic modes of abstract thought and connects them with important elements of the Rabbinic interpretive tradition Hers is the first comprehensive treatment of the undeniable and undeniably significant influence of Jewish religious thought on contemporary literary criticism Dr Handelman shows how they provide a crucial link among several of the most influential modern theories of textual interpretation from Freud to the Deconstructionist School of Lacan and Derrida as well as current literary theorists who revive Rabbinic hermeneutics such as Harold Bloom and Geoffrey Hartman **The Ten Commandments** Marco Liuzzi, 2011-07 This book contains a brief discussion of the theories on creation good and evil as they are presented by the Jewish mystical tradition It is a body of knowledge which often appears difficult to comprehend to those who approach it In this book we endeavor to propose an interpretation mediated by the language of modern psychology The book begins with an examination of the Ten Commandments which are juxtaposed with the Sefirot the Divine Emanations of Cabbala The main concepts of Cabbala theology on the creation of the world are then considered the tzimtzum contraction the Breaking of the Vessels caused by the disposition of the Iggulim circles of the

Sefirot the new creation of the Sefirot according to the scheme of the tree of Cabbala The theories on good and evil and man's task of repairing the world the so called reintegration of the world are then interpreted and commented on in the language of modern psychology based on the most important studies published by Alice Miller *Religious Stories in Transformation: Conflict, Revision and Reception* Alberdina Houtman, Tamar Kadari, Marcel Poorthuis, Vered Tohar, 2016-10-18 In *Religious Stories in Transformation Conflict Revision and Reception* the editors present a collection of essays that reveal both the many similarities and the poignant differences between ancient myths in Judaism Christianity Islam and modern secular culture and how these stories were incorporated and adapted over time This rich multidisciplinary research demonstrates not only how stories in different religions and cultures are interesting in their own right but also that the process of transformation in particular deserves scholarly interest It is through the changes in the stories that the particular identity of each religion comes to the fore most strikingly

Heirs of Auschwitz Jack Fried, 2020-03-27 You can find countless stories of the atrocities committed during the Holocaust as told firsthand by those souls that have witnessed lived through and survived indescribable horror From great retellings from authors such as Elie Wiesel to dramatized influential works of fiction from writers including John Boyne it becomes clear the Holocaust has impacted more than the people that directly experienced it As the era of first generation Holocaust survivors approaches its end their stories as well as their trauma lives on however through their descendants As a consequence the descendants of Holocaust survivors as current research suggests have also been affected from the result of the experience of their parents and grandparents Few stories are ever written by the heirs of those who endured that indescribable horror and in the way that it manifests psychologically just two generations later Author Dr Jack Fried born to the son and daughter of Holocaust survivors is one of the many whose life has been forever changed by the events that transpired during the Holocaust Inter generational trauma is not a well known concept but for Dr Fried it meant that he had to take a journey into a past he didn't personally know his grandparents past to find pieces to a puzzle that may answer his questions about the origins of a lifelong battle he has had with separation anxiety His trip took him to Poland where he uncovered a slew of pent up emotions fears and dark histories Oddly as Dr Fried learns about his family's past and his present he unknowingly embarks on a spiritual journey into Jewish mysticism which slowly enables him to transcend his lifelong struggles with a fear and anxiety that didn't belong to him All of the inhibiting emotions were released upon his connection to the strife of his ancestors *Heirs of Auschwitz* is an extremely worthwhile read for anyone with unresolved feelings anyone who has not witnessed or has avoided witnessing human suffering and for those who cannot fathom what hell on earth is like

Sparks Marco Liuzzi, 2011 *The Educational Teachings of Rabbi Menachem M. Schneerson* Aryeh Solomon, 2000-02 Rabbi Schneerson's educational contribution has been largely unexamined and remains undisclosed to both the Jewish world beyond Habad and to contemporary students of religious and moral education Through the analysis in this book it will be argued that Rabbi Schneerson's teachings hold import not only for the Habad fraternity but

for communities and individuals in the wider world BOOK JACKET *Tree of Souls* Howard Schwartz, 2006-12-27 Drawing from the Bible the Pseudepigrapha the Talmud and Midrash the kabbalistic literature medieval folklore Hasidic texts and oral lore collected in the modern era Schwartz has gathered together nearly 700 of the key Jewish myths For each myth he includes extensive commentary revealing the source of the myth and explaining how it relates to other Jewish myths as well as to world literature from publisher description **Mystical concepts in Chassidism** Jacob Immanuel Schochet, 1979
