Mystics And Zen Masters:

Mystics and Zen Masters Thomas Merton, 2025-09-23 Thomas Merton was recognized as one of those rare Western minds that are entirely at home with the Zen experience In this collection he discusses diverse religious concepts early monasticism Russian Orthodox spirituality the Shakers and Zen Buddhism with characteristic Western directness Merton not only studied these religions from the outside but grasped them by empathy and living participation from within All these studies wrote Merton are united by one central concern to understand various ways in which men of different traditions have conceived the meaning and method of the way which leads to the highest levels of religious or of metaphysical awareness

Mystics and Zen Masters Thomas Merton, 1967 **Mystics and Zen Masters** Thomas Merton, 1967 *Mystics and Zen Masters* Thomas Merton (o.cist.), 1967 Mystics and Zen Masters Thomas Merton (trappistmunk), 1967 **Illusions of Freedom** Jeffrey M. Shaw, 2014-06-02 Illusions of Freedom examines the opinions and ideas of two twentieth century writers Thomas Merton a Catholic monk living in the United States and Jacques Ellul a French Protestant Contemporaries they never met or corresponded with each other but their critique of the influence that technology was beginning to have on the human condition is strikingly similar Both Merton and Ellul drew upon the ideas of others in formulating their worldview to include Karl Barth Soren Kierkegaard Aldous Huxley and Karl Marx Jeffrey Shaw examines the influence that these other philosophers had on Merton and Ellul as they formulated their own ideas on technology s impact on freedom Tracing the similarities and in some cases the differences between their critiques of technology and the idea that progress is always to be seen as something inherently good one finds that they bring a unique perspective to the debate and offer readers an alternative avenue for reflecting on the meaning of technology and its impact on our lives in the twenty first century

Spiritual Guides Fred Dallmayr, 2017-12-15 In Spiritual Guides Pathfinders in the Desert Fred Dallmayr challenges the desert character of modern culture Political and economic corruption incessant warmongering spoliation of natural resources and above all mindless consumerism and greedy self satisfaction are all symptoms of what he contends is an expanding wasteland or desert where everything creative and nourishing decays and withers Through an alternative interpretation of Nietzsche s saying the desert grows this book calls for spiritual renewal invoking in particular four prominent guides or pathfinders in the desert Paul Tillich Raimon Panikkar Thomas Merton and Pope Francis What links all four guides together is the view of spiritual life as an itinerarium a pathway along difficult and often uncharted roads Dallmayr begins by drawing a connection between Nietzsche s characterization of the desert in Thus Spoke Zarathustra and the present culture of consumerism in which a nearly exclusive emphasis on productivity efficiency profitability and the transformation of everything valuable into a useful resource prevails over all other goals He also draws attention to another sense of desert namely as a place of solitude meditation and retreat from affliction Aptly defined it becomes a place where spirituality arises from a painful turning about a wrenching effort to extricate human life from the decay of late modernity Spirituality is not a

possession or property but rather the contemplation and radical mindfulness that we develop through engaged practices as we search for pathways to recovery Spirituality becomes critical in the dominant political and cultural wasteland because it provides a bond linking humanity together In the spirit of global ecumenism Spiritual Guides also includes a discussion of Muslim Hindu and Buddhist forms of spirituality This book will interest students and scholars of philosophy political theory and religion *Thomas Merton and the Individual Witness* David E. Orberon, 2022-12-01 Over sixty years ago Thomas Merton monk mystic and writer proclaimed that we are living in a post Christian world That is the influence of the institutional church is in decline and the popular version of Christianity presented to society has in many ways become a caricature of itself Since that time the religious landscape has continued to change Today the number of people who identify as None someone with no particular religious affiliation outnumbers the combined total of all Mainline Protestants In addition many popular Christian responses to our secular world are divisive and focused on fighting the culture war instead of finding ways to live the gospel All of these religious changes are occurring in a broader post truth culture in which facts matter less and less and our society is increasingly divided This book delves into these issues and introduces the life and writings of Thomas Merton showing how he can guide Christians working to build God s kingdom in the world today

Merton and Walsh on the Person Robert L. Imperato, 2014-09-16 **Journeys East** Harry Oldmeadow, 2004-04-28 Journeys East tells the story of the twentieth century s encounters between East and West by exploring the lives of many of the most fascinating scientists intellectuals artists and spiritual seekers of our time
