facts behind Mystic's pizza, Amelia Earhart's wedding, hurricanes, cemeteries, and massacre, plus information on area shipwrecks, Benedict Arnold's treachery, and Ernie the Ledge Light Ghost. Summary: While searching for the 7 Wonders of Mystic with her beagle basset hound, author Lisa Saunders uncovers the secrets behind the Titanic's shoes, Captain Sisson's hunt for gold, and Amelia Earhart's wedding. But will she ever find an adventure of her own? One that will make her thin and famous? Then it happens when walking the Mystic Seafarer's Trail, which Lisa designed for those who don't like to go uphill, she meets a blind sailor who invites her on a long winter voyage. Can this landlubber defy squalls, scurvy, and her fear of scraping barnacles to survive this epic journey? Excerpt Chapter 1: Shortly after stepping out of my new home with my hound for our first stroll through the historic seacoast village of Mystic, a woman pulled over in her van and yelled, "Excuse me. Assuming she was a tourist wanting directions to Mystic Pizza or some other attraction, I wasn't prepared for what she really wanted to know. Do you realize the back of your skirt is tucked into your underwear? What a debut in my new hometown! I don't think this is what National Geographic meant when they named Mystic one of the top 100 adventure towns in the U.S."

Historic Ship Models Arnold Kriegstein, Henry Kriegstein, 2022-10-04 In terms of quality, historical significance, and sheer numbers, the Kriegstein family's ship model collection in the United States is the finest in private hands anywhere in the world. Principally made up of official 17th and 18th-century models in the Admiralty or Navy Board style, the collection is unrivalled by any museum outside the British national collection at Greenwich. As the models are not on public display, this book fills the need for a detailed catalogue and visual reference with superb colour photos of all the models, both overall portraits and multiple close-ups. Apart from lengthy descriptions of these magnificent artefacts, space is devoted to how they were identified and the valuable research done by Arnold and Henry Kriegstein, the identical twins whose shared passion brought this all together. Beyond the technicalities of the ships, the story has a human dimension in the brothers' adventures in pursuit of every model and their dogged determination to secure them against official obstruction and dubious antiques trade practices. This is an entirely new and revised edition of *Seventeenth and Eighteenth Century Ship Models*, first published in 2007, now expanded to include the additions to the collection since that date. **The Mystic Charm** Pasquale De
