Myth And Identity In The Epic Of Imperial Spain:

Myth and Identity in the Epic of Imperial Spain Elizabeth B. Davis, 2000 The first in depth analysis of some of the most important epic poems of the Spanish Golden Age *Myth and Identity in the Epic of Imperial Spain* breathes new life into five of these long neglected texts Elizabeth Davis demonstrates that the epic must not be overlooked for doing so creates a significant gap in one's ability to appraise not only the cultural practice of the imperial age but also the purest expression of its ideology Davis's study focuses on heroic poetry written from 1569 to 1611 including Alonso de Ercilla's *La Araucana* undeniably the most significant epic poem of its time Also included are Diego de Hojeda's *La Christiada* Juan Rufo's *La Austriada* Lope de Vega's *Jerusalén Conquistada* and Cristóbal de Virués's *Historia del Monserrate* Examining these epics as the major site for the construction of cultural identities and Renaissance nationalist myths Davis analyzes the means by which the epic constructs a Spanish sense of self Because this sense of identity is not easily susceptible to direct representation it is often derived in opposition to an other which serves to reaffirm Spanish cultural superiority The Spanish Christian caballeros are almost always pitted against Amerindians Muslims Jews or other adversaries portrayed as backward or heathen for their cultural and ethnic differences The pro Castilian elite of sixteenth century Spain faced the daunting task of constructing unity at home in the process of expansion and conquest abroad yet ethnic and regional differences in the Iberian Peninsula made the creation of an imperial identity particularly difficult The epic as Davis shows strains to convey the overriding image of a Spain that appears more unified than the Spanish empire ever truly was An important reexamination of the Golden Age canon *Myth and Identity in the Epic of Imperial Spain* brings a new twist to the study of canon formation While Davis does not ignore more traditional approaches to the literary text she does apply recent theories such as deconstruction and feminist criticism to these poems resulting in an innovative examination of the material Confronting such issues as canonicity gender the relationship between literature and Golden Age culture and that between art and power this publication offers scholars a new perspective for assessing Golden Age and Transatlantic studies

The Jew's Daughter

Efraim Sicher, 2017-05-04 A new approach to thinking about the representation of the Other in Western society *The Jew's Daughter* A Cultural History of a Conversion Narrative offers an insight into the gendered difference of the Jew Focusing on a popular narrative of *The Jew's Daughter* which has been overlooked in conventional studies of European anti-Semitism this innovative study looks at canonical and neglected texts which have constructed racialized and sexualized images that persist today in the media and popular culture The book goes back before Shylock and Jessica in *The Merchant of Venice* and Isaac and Rebecca in *Ivanhoe* to seek the answers to why the Jewish father is always wicked and ugly while his daughter is invariably desirable and open to conversion The story unfolds in fascinating transformations reflecting changing ideological and social discourses about gender sexuality religion and nation that expose shifting perceptions of inclusion and exclusion of the Other Unlike previous studies of the theme of the Jewess in separate literatures Sicher provides a comparative

perspective on the transnational circulation of texts in the historical context of the perception of both Jews and women as marginal or outcasts in society The book draws on examples from the arts history literature folklore and theology to draw a complex picture of the dynamics of Jewish Christian relations in England France Germany and Eastern Europe from 1100 to 2017 In addition the responses of Jewish authors illustrate a dialogue that has not always led to mutual understanding This ground breaking work will provoke questions about the history and present state of prejudiced attitudes in our society

The Signifying Self Melanie Henry, 2013 *The Signifying Self Cervantine Drama as Counter Perspective Aesthetic* offers a comprehensive analysis of all eight of Cervantes's *Ocho comedias* published 1615 moving beyond conventional anti Lope approaches to Cervantine dramatic practise in order to identify what indeed his theatre promotes Considered on its own aesthetic terms but also taking into account ontological and socio cultural concerns this study compels a re assessment of Cervantes's drama and conflates any monolithic interpretations which do not allow for the textual interplay of contradictory and conflicting discourses which inform it Cervantes's complex and polyvalent representation of freedom underpins such an approach a concept which is considered to be a leitmotif of Cervantes's work but which has received scant attention with regards to his theatre Investigation of this topic reveals not only Cervantes's rejection of established theatrical convention but his preoccupation with the difficult relationship between the individual and the early modern Spanish world Cervantes's comedias emerge as a counter perspective to dominant contemporary Spanish ideologies and more orthodox artistic imaginings Ultimately *The Signifying Self* seeks to recuperate the *Ocho comedias* as a significant part of the Cervantine and Golden Age canon and will be of interest and benefit to those scholars who work on Cervantes and indeed on early modern Spanish theatre in general

Domesticating Empire Karen Stolley, 2021-04-30 Why has the work of writers in eighteenth century Latin America been forgotten During the eighteenth century enlightened thinkers in Spanish territories in the Americas engaged in lively exchanges with their counterparts in Europe and Anglo America about a wide range of topics of mutual interest responding in the context of increasing racial and economic diversification Yet despite recent efforts to broaden our understanding of the global Enlightenment the Ibero American eighteenth century has often been overlooked Through the work of five authors Jose de Oviedo y Banos Juan Ignacio Molina Felix de Azara Catalina de Jesus Herrera and Jose Martin Felix de Arrate *Domesticating Empire* explores the Ibero American Enlightenment as a project that reflects both key Enlightenment concerns and the particular preoccupations of Bourbon Spain and its territories in the Americas At a crucial moment in Spain's imperial trajectory these authors domesticate topics central to empire conquest Indians nature God and gold by making them familiar and utilitarian As a result their works later proved resistant to overarching schemes of Latin American literary history and have been largely forgotten Nevertheless eighteenth century Ibero American writing complicates narratives about both the Enlightenment and Latin American cultural identity

The War Trumpet Emiro Martínez-Osorio, Mercedes Blanco, 2023-03-30 The epic poems written during the rise of Portugal and Spain on the global stage often dealt with topics quite unimaginable to the likes of Virgil or Homer These poems reveal the astounding opportunities for upward social mobility and self promotion afforded by broader access to print and the vast amount of knowledge and material wealth accrued through maritime exploration Iberian poets of the period were quite cognizant of their ventures into uncharted territory and that awareness informed their literary journeys The War Trumpet features nine substantial essays that expand our understanding of Iberian Renaissance epic poetry by posing questions seldom raised in relation to poems such as *La Araucana* Os Lus adas Carlo famoso El Bernardo Arauco Domado Espejo de paciencia and Felicissima Victoria among others Particularly compelling are questions concerned with early modern understandings of the natural world the practice of poetic imitation the discipline of cartography or the reception of Petrarchism in the newly established viceroyalties of the New World Fostering a greater appreciation of the intersection between poetry war and exploration The War Trumpet sheds light on the transformative changes that took place during the period of Iberian expansion *Authority, Piracy, and Captivity in Colonial Spanish American Writing* Emiro Martínez-Osorio, 2016-03-24 Authority Piracy and Captivity in Colonial Spanish American Writing examines the intricate bond between poetry and history writing that shaped the theory and practice of empire in early colonial Spanish American society The book explores from diverse perspectives how epic and heroic poetry served to construe a new Spanish American elite of original explorers and conquistadors in Juan de Castellanos s *Elegies of Illustrious Men of the Indies* Similarly this book offers an interpretation of Castellanos s writings that shows his critical engagement with the reformist project postulated in Alonso de Ercilla s *La Araucana* and it elucidates the complex poetic discourse Castellanos created to defend the interests of the early generation of explorers and conquistadors in the aftermath of the promulgation of the New Laws and the mounting criticism of the institution of the *encomienda* Within the larger context of a new poetics of imperialistic expansion this book shows how the *Elegies* offers one of the earliest examples of the reconfiguration of some of the main tenets of Petrarchism Garcilacism as well as the bold transmutation of dominant poetic discourses that had until then been typically associated with the nobility Focusing on the practice of poetic imitation imitatio and the themes of authority piracy and captivity this book shows the transformation undergone by heroic poetry owing to Europe s encounter with America and illustrates the

contribution of learned heroic verse to the emergence of a Spanish American literary tradition
