Myth, Cosmos, and Society Bruce Lincoln, 1986 *Myth, Cosmos, and Society* Bruce Lincoln, 1986 *Cosmos, Chaos, and the World to Come* Norman Cohn, Professor Norman Cohn, 2001-01-01 All over the world people look forward to a perfect future when the forces of good will be finally victorious over the forces of evil Once this was a radically new way of imagining the destiny of the world and of mankind How did it originate and what kind of world view preceded it In this engrossing book the author of the classic work *The Pursuit of the Millennium* takes us on a journey of exploration through the world views of ancient Egypt Mesopotamia and India through the innovations of Iranian and Jewish prophets and sages to the earliest Christian imaginings of heaven on earth Until around 1500 B C it was generally believed that once the world had been set in order by the gods it was in essence immutable However it was always a troubled world By means of flood and drought famine and plague defeat in war and death itself demonic forces threatened and impaired it Various combat myths told how a divine warrior kept the forces of chaos at bay and enabled the world to survive Sometime between 1500 and 1200 B C the Iranian prophet Zoroaster broke from that static yet anxious world view reinterpreting the Iranian version of the combat myth For Zoroaster the world was moving through incessant conflict toward a conflictless state cosmos without chaos The time would come when in a prodigious battle the supreme god would utterly defeat the forces of chaos and their human allies and eliminate them forever and so bring an absolutely good world into being Cohn reveals how this vision of the future was taken over by certain Jewish groups notably the Jesus sect with incalculable consequences Deeply informed yet highly readable this magisterial book illumines a major turning point in the history of human consciousness It will be mandatory reading for all who appreciated *The Pursuit of the Millennium* *Myth and History in Celtic and Scandinavian Traditions* Emily Lyle, 2025-10-01 *Myth and History in Celtic and Scandinavian Traditions* explores the traditions of two fascinating and contiguous cultures in north western Europe History regularly brought these two peoples into contact most prominently with the viking invasion of Ireland In the famous Second Battle of Mag Tuired gods such as Lug Balor and the Dagda participated in the conflict that distinguished this invasion Pseudohistory which consists of both secular and ecclesiastical fictions arose in this nexus of peoples and myth and spilled over into other contexts such as chronological annals Scandinavian gods such as Odin Balder Thor and Loki feature in the Edda of Snorri Sturluson and the history of the Danes by Saxo Grammaticus This volume explores such written works alongside archaeological evidence from earlier periods through fresh approaches that challenge entrenched views **Identity Formation and the Gospel of Matthew** Tekalign Duguma Negewo, 2024-03-13 Why does the author of the Gospel of Matthew introduce non Jewish characters into his narrative Tekalign Duguma Negewo answers this question on the assumption that the gospel had an identity forming function for his community [Sound and Communication](#) Annette Wilke, Oliver Moebus, 2011-01-28 In Hindu India both orality and sonality have enjoyed great cultural significance since earliest times They have a distinct influence on how people approach texts The importance of sound and its

perception has led to rites models of cosmic order and abstract formulas Sound serves both to stimulate religious feelings and to give them a sensory form Starting from the perception and interpretation of sound the authors chart an unorthodox cultural history of India turning their attention to an important but often neglected aspect of daily religious life They provide a stimulating contribution to the study of cultural systems of perception that also adds new aspects to the debate on orality and literacy The audio samples originally included to the book as a music CD can be downloaded from this website under Supplementary Materials

The Hebrew God Bernhard Lang,2002-01-01 Originally worshipped by the people of a small and politically insignificant eastern Mediterranean community the Hebrew God rose to become the monotheistic deity of the entire Western tradition Indeed the God of Israel ranks as the most distinguished deity in human history In this text biblical scholar Bernhard Lang draws upon the available evidence including ancient Near Eastern and Egyptian texts and art to provide a portrait of the ancient Hebrew God *Religion, Culture, and Politics in Pre-Islamic Iran* Bruce Lincoln,2021-06-22 In *Religion Culture and Politics in Pre Islamic Iran* Bruce Lincoln offers a vast overview on different aspects of the Indo Iranian Zoroastrian and Pre Islamic mythologies religions and cultural issues The book is organized in four sections according to the body of evidence they engage most directly Avestan Old Persian Pahlavi and Iranian materials in comparison with other data including studies of myths especially those with cosmogonic implications ritual practices cosmological constructions of space and time points of intersection between religion ethics law and politics ideological aspects of scientific and medical theorizing social organization and gender relations and other diverse topics

Spectacles of Death in Ancient Rome Donald G. Kyle,2012-11-12 The elaborate and inventive slaughter of humans and animals in the arena fed an insatiable desire for violent spectacle among the Roman people Donald G Kyle combines the words of ancient authors with current scholarly research and cross cultural perspectives as he explores the origins and historical development of the games who the victims were and why they were chosen how the Romans disposed of the thousands of resulting corpses the complex religious and ritual aspects of institutionalised violence the particularly savage treatment given to defiant Christians This lively and original work provides compelling sometimes controversial perspectives on the bloody entertainments of ancient Rome which continue to fascinate us to this day

Nephilim Architecture and Megalithic Monuments Learn Alchemical,2025-09-23 Across the high Andes the Nile Valley Mesopotamia and beyond there stand stones that refuse to fall Colossal walls that withstand earthquakes platforms weighing hundreds of tons and temples aligned with the heavens all raise the same enduring question who built them and how *Nephilim Architecture and Megalithic Monuments* explores the mysterious overlap between ancient myth and enduring stone From the biblical Nephilim and the Watchers of Enoch to Andean legends of giant builders and global traditions of titans this book traces a blueprint of memory connecting mythological giants with the world s most enigmatic ruins Were these monuments the work of forgotten engineers cultures older than history or hybrid beings whose knowledge blurred the line between divine and human This sweeping study does

not surrender to fantasy nor does it silence the questions posed by stone and story Instead it follows the global echoes of giants analyzing how megalithic monuments embody both lost sciences and living myths For readers fascinated by archaeology biblical mysteries and the architecture of the impossible Nephilim Architecture and Megalithic Monuments offers a bold journey into the deep past where myth and stone speak together
