Mythical Intentions In Modern Literature:

Mythical Intentions in Modern Literature Eric Gould, 2017-03-14 Eric Gould revises some current assumptions in literary myth criticism especially Jungian notions of the archetype and myth's immanence in literature that have dominated literary studies for so long Working from structuralist theories of language myth and psyche he defines myth as part of the symbolic order of language which grows out of the duplicity of the sign Originally published in 1981 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Myth in the Modern Novel Liisa Steinby, 2023-03-20 Myth in the Modern Novel Imagining the Absolute posits a twofold thesis First although Modernity is regarded as an era dominated by science and rational thought it has in fact not relinquished the hold of myth a more primitive form of thought which is difficult to reconcile with modern rationality Second some of the most important statements as to the reconcilability of myth and Modernity are found in the work of certain prominent novelists This book offers a close examination of the work of eleven writers from the late eighteenth century to the beginning of the twenty first representing German French American Czech and Swedish literature The analyses of individual novels reveal a variety of intriguing views of myth in Modernity and offer an insight into the modernizing transformations myth has undergone when applied in the modern novel The study shows the presence of the subconscious the mythic layer in modern western culture and how this has been dealt with in novelistic literature

The Poetics of Myth Eleazar M. Meletinsky, 2014-01-21 First Published in 1998 Routledge is an imprint of Taylor Francis an informa company

Mythistory Joseph Mali, 2003-05 Ever since Herodotus declared in Histories that to preserve the memories of the great achievements of the Greeks and other nations he would count on their own stories historians have debated whether and how they should deal with myth Most have sided with Thucydides who denounced myth as unscientific and banished it from historiography In Mythistory Joseph Mali revives this oldest controversy in historiography Contesting the conventional opposition between myth and history Mali advocates instead for a historiography that reconciles the two and recognizes the crucial role that myth plays in the construction of personal and communal identities The task of historiography he argues is to illuminate not eliminate these fictions by showing how they have passed into and shaped historical reality Drawing on the works of modern theorists and artists of myth such as Nietzsche and Wittgenstein Joyce and Eliot Mali redefines modern historiography and relates it to the older notion and tradition of mythistory Tracing the origins and transformations of this historiographical tradition from the ancient world to the modern Mali shows how Livy and Machiavelli sought to recover true history from uncertain myth and how Vico and Michelet then reversed this pattern of

inquiry seeking instead to recover a deeper and truer myth from uncertain history In the heart of Mythistory Mali turns his attention to four thinkers who rediscovered myth in and for modern cultural history Jacob Burckhardt Aby Warburg Ernst Kantorowicz and Walter Benjamin His elaboration of the different biographical and historiographical routes by which all four sought to account for the persistence and significance of myth in Western civilization opens up new perspectives for an alternative intellectual history of modernity one that may better explain the proliferation of mythic imageries of redemption in our secular all too secular times **The Legacy of Vico in Modern Cultural History** Joseph Mali,2012-09-06 In this highly original study Joseph Mali explores how four attentive and inventive readers of Giambattista Vico's New Science 1744 the French historian Jules Michelet 1798 1874 the Irish writer James Joyce 1882 1941 the German literary scholar Erich Auerbach 1892 1957 and the English philosopher Isaiah Berlin 1909 97 came to find in Vico's work the inspiration for their own modern theories or in the case of Joyce stories of human life and history Mali's reconstruction of the specific biographical and historical occasions in which these influential men of letters encountered Vico reveals how their initial impressions and interpretations of his theory of history were decisive both for their intellectual development and their major achievements in literature and thought This new interpretation of the legacy of Vico's New Science is essential reading for all those engaged in the history of ideas and modern cultural history **Northrop Frye and the Phenomenology of Myth** Glen Robert Gill,2006-12-15 In Northrop Frye and the Phenomenology of Myth Glen Robert Gill compares Frye's theories about myth to those of three other major twentieth century mythologists C G Jung Joseph Campbell and Mircea Eliade Gill explores the theories of these respective thinkers as they relate to Frye's discussions of the phenomenological nature of myth as well as its religious literary and psychological significance Gill substantiates Frye's work as both more radical and more tenable than that of his three contemporaries Eliade's writings are shown to have a metaphysical basis that abrogates an understanding of myth as truly phenomenological while Jung's theory of the collective unconscious emerges as similarly problematic Likewise Gill argues Campbell's work while incorporating some phenomenological progressions settles on a questionable metaphysical foundation Gill shows how in contrast to these other mythologists Frye's theory of myth first articulated in Fearful Symmetry 1947 and culminating in Words with Power 1990 is genuinely phenomenological With excursions into fields such as literary theory depth psychology theology and anthropology Northrop Frye and the Phenomenology of Myth is essential to the understanding of Frye's important mythological work **Modernist Anthropology** Marc Manganaro,2014-07-14 Recent insights into the nature of representation and power relations have signaled an important shift in perspective on anthropology from a fieldwork based science of culture to an interpretive activity bound to the discursive and ideological process called text making This collection of essays reflects the ongoing cross fertilization between literary criticism and anthropology Focusing on texts written or influenced by anthropologists between 1900 and 1945 the work relates current perspectives on anthropology's discursive nature to the literary period known as

Modernism The essays each demonstrating anthropology's profound influence on this important cultural movement are organized according to discourse type from the comparativist text of Frazer to the ethnographies of Boas Benedict Mead and Hurston and on to the surrealist experiments of the College de Sociologie Meanwhile the book's orientation shifts from essays that approach anthropology from the vantage points of literariness and textual power to those that contemplate what bearing the junction of cultural theory and anthropology can have upon present and future social institutions In addition to the editor contributors include Vincent Crapanzano Deborah Gordon Richard Handler Arnold Krupat Francesco Loriggio Michele Richman Marty Roth Marilyn Strathern Robert Sullivan John B Vickery and Steven Webster Originally published in 1990 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

"Trading Magic for Fact," Fact for Magic Marc Colavincenzo, 2021-10-18 This study brings together three major areas of interest history postmodern fiction and myth Whereas neither history and postmodern fiction nor history and myth are strangers to one another postmodernism and myth are odd bedfellows For many critics postmodern thought with its resistance to metanarratives stands in direct and deliberate contrast to myth with its apparent tendency to explain the world by means of neat complete narratives There is a strain of postmodern Canadian historical fiction in which myth actually forms a complement not only to postmodernism's suspicion of master narratives but also to its privileging of those marginal and at times ignored areas of history The fourteen works of Canadian fiction considered demonstrate a doubled impulse which at first glance seems contradictory On the one hand they go about demythologizing in the Barthesian sense various elements of historical discourse exposing its authority as not simply a natural given but as a construct This includes the fact that the view of history portrayed in the fiction has been either underrepresented or suppressed by official historiography On the other hand the history is then re-mythologized in that it becomes part of a pre-existing myth its mythic elements are foregrounded myth and magic are woven into the narrative or it is portrayed as extraordinary in some way The result is an empowering of these histories for the future they are made larger than life and unforgettable

Martha Graham in Love and War Mark Franko, 2014-03 Often called the Picasso Stravinsky or Frank Lloyd Wright of the dance world Martha Graham revolutionized ballet stages across the globe Here Franko reframes Graham's most famous creations by showing how she wove together strands of love passion politics and myth to create an American school of choreography and dance

Demon-Lovers and Their Victims in British Fiction Toni Reed, 2021-10-21 The hero of the story is a demonic lover dark handsome mysterious and dangerously seductive The heroine beautiful and innocent willingly becomes his victim and is destroyed by him This story of demon lover and victim always charged with

passion has been told over and over from Greek mythology through contemporary fiction and films *Demon Lovers and Their Victims in British Fiction* is the first historical and structural exploration of the demon lover motif with emphasis on major works of British fiction from the eighteenth nineteenth and twentieth centuries it will interest those concerned with gender role conflicts in literature and with the mutual influence of oral and written texts of folklore and formal literature

Recognizing the mannerism ways to acquire this ebook **Mythical Intentions In Modern Literature** is additionally useful. You have remained in right site to begin getting this info. acquire the Mythical Intentions In Modern Literature colleague that we come up with the money for here and check out the link.
