

Disparates

—Clemente Althaus—

*Alaban del universo
todos la armonía suma
y su orden maravilloso
y su inefable hermosura,
Mas tal orden y belleza
no sólo a poner en duda,
sino hasta a negar se atreve
mi desvergonzada Musa.
Dadme un Mapa que la tierra,
Patria del hombre, dibuja:
ved que de ella el océano
tres cuartas partes ocupa:
los continentes son islas;
que el mar inmenso circunda,
cuando debieran los mares
ser, cuando mucho, lagunas.
Si el mundo es mansión del hombre,
¿ha sido medida justa
que casi todo agua sea*

Estos breves poemas tratan temas que van desde la celebración del vino y los banquetes a sátiras de tipos humanos como las de profesionales médicos astrólogos poetas etc. costumbres afeites femeninos parositos o desviaciones sexuales vicios morales envidia adulación avaricia entre otros o defectos físicos pobreza vejez etc. Resulta así una completa pintura de la sociedad de aquellos siglos a través de una variadísima gama de recursos cómicos y de agudezas lingüísticas e intelectuales. Tanto los temas como los recursos empleados han tenido una influencia muy importante en la poesía posterior en especial en la del Siglo de Oro. La Introducción ofrece una detallada visión de todos estos aspectos así como también de la Antología Palatina en su conjunto. Educación Infantil María del Carmen Sáinz Hernández, Javier Argos González, 1998-06-24 So that child education is the springboard on which equality of opportunities becomes opportunity for all a detailed analysis is needed for this the authors of this book indicate some basic axis on which one can design and implement without intending to cover all the detected needs in the area of the child proposing to achieve three objectives offer service to the educators on themes of special relevance provoke theoretical practical reflection and fill the gap that has not been covered by other publications in a more specific and systematic way trying to interrelate the contents with different fields. The book is structured in three parts where evolutionary didactic and pedagogical organizational aspects are not only developed vertically but they crisscross and relate among themselves. The conclusions to which each of the authors arrive are opened up through their reflection and/or are developed for integration in others of greater importance. **Poesías líricas: Canciones.
