

Poem About Oppression

By Maya Anthony

Invisible chains, tightly wound,
Silent cries, an echoing sound,
In the depths of despair, we are found,
Dreams and hopes, cruelly bound.

These chains, not of iron, but of fear,
Whispers of freedom, we long to hear,
In the shadows, oppression near,
In its grasp, we disappear.

Yet, in our hearts, a flame unyielding,
Against the darkness, steadily shielding,
Hope, a powerful weapon wielding,
To break these chains, forever building.

Poems Against Death:

Poems Against Death Karl Krolow, 1969 **Poems Against Death** Karl Krolow, 1980 *Poems About Death* Eric v.d. Luft, 2018-06-26 Eight centuries of poetry by Guillaume Apollinaire Charles Baudelaire Stephen Vincent Ben t Bruce Bennett Bob Beru Ambrose Bierce Deborah Boe Anne Bradstreet Emily Bront Rupert Brooke Elizabeth Barrett Browning Robert Browning Robert Burns Hart Crane Rob Dickenson John Donne Ernest Christopher Dowson Bekka Eaton Shloyme Ettinger Pam Freeman Charles Kelsey Gaines Mozart Guerrier Joe Hill Ibrahim Honjo Violet Jacob James Weldon Johnson John Keats Christopher Kennedy Letitia Elizabeth Landon Nikolaus Lenau K Lee Lerner Eric v d Luft Katharyn Howd Machan Guillaume de Machaut G rard de Nerval Friedrich Nietzsche Paracelsa Sarah Penn Patricia Piety August Graf von Platen Aleksandr Sergeevich Pushkin Lola Ridge Rainer Maria Rilke Jay Rogoff Isaac Rosenberg Tanya Rucosky Noakes Bonnie A St Andrews David Saxton William Shakespeare Brielle Stanton Bayard Taylor Thor Vilhj lmsson Georg Trakl Paul Val ry Tobias Vargrim Fran ois Villon Phillis Wheatley Anna Wickham Elinor Wylie William Butler Yeats and of course everyone s favorite Anonymous **Poetry, Catastrophe, and Hope in the Vision of Isaiah** Francis Landy, 2023 Isaiah is one of the longest and strangest of the books of the Hebrew Bible with an immense influence on the histories of Judaism and Christianity Francis Landy s book concerns the response of poetry to catastrophe the collapse of a civilization with all its associated structures of power and meaning **Illness, Disease and Death in the Poems of Constantine Cavafy** Iakovos Menelaou, 2022-07-28 Constantine Cavafy s preoccupation with the fragility of the human condition and his attention to illness disease and death old age alcohol consumption and homosexuality continue to attract and challenge his readers In turning anew to these themes this book draws on the medical humanities to provide a new and integrated framework The medical humanities provide us with a new framework through which Cavafy s poetry can be investigated not only by scholars in literary studies and world literature but also by medical practitioners and researchers in the history of medicine Death in Milton's Poetry Clay Daniel, 1994 From his earliest verses the Latin verses written at Cambridge to his first original English poem the Infant ode to his masterpiece Lycidas and its sad echo Epitaphium Damonis through his mature trilogy Paradise Lost Paradise Regained and Samson Agonistes Milton repeatedly seeks to explain why people die Though Milton frequently changed his mind on important subjects his fundamental view of death did not change Milton throughout his life insists that death both physical and spiritual is caused by sin In attempting to understand the significance of this belief Death in Milton s Poetry will suggest some major re evaluations of old assumptions This book is divided into two parts The first part contains examples of death that support Milton s belief that death is caused by sin The second part contains poems that focus on deaths that appear to violate this belief Since Milton illustrates his belief in his mature works Part 1 includes Paradise Lost Paradise Regained and Samson Agonistes As the pattern of death emerges in these poems the reader is able to see that Paradise Regained is as much about the death of Satan as it is about the life of Jesus and that Milton s drama focuses on an

unregenerate Samson whose tragedy is his inability ever to reconcile with God The poems examined in Part 2 explain deaths that appear to violate Milton's belief In vindicating Milton's view of death the Latin funeral elegies and On the Death of a Fair Infant Dying of a Cough form a pattern that culminates in Lycidas Recognizing this pattern in Lycidas is indispensable to understanding the radical statement of Epitaphium Damonis a poem that records Milton's temporary disillusionment with Christianity In addition to new insights into the individual poems two patterns are highlighted In Milton's earlier poems readers usually have seen classicism as complementing Christianity When Milton turns to death however he opposes classicism to Christianity contrasting except in the case of Epitaphium Damonis the limited pagan gods of classicism with the providence of an omnipotent God This antagonism is reinforced by another pattern that emerges in the poems Though all sins tend to death some sins are more fatal than others In much of Milton's poetry perhaps the most consistently fatal of sins was lust and Milton frequently represents this lust as a characteristic of classicism

Poets on the Edge Jesús Sepúlveda, 2016-01-22 Poets on the Edge critically explores the relationship between poetry and its context through the work of four Latin American poets Chilean Vicente Huidobro 1898 1948 Peruvian César Vallejo 1893 1938 Chilean Juan Luis Martínez 1943 1993 and Argentine Néstor Perlongher 1949 1992 While Huidobro and Vallejo establish their poetics on the edge in the context of worldwide conflagrations and the emergence of the historical avant-garde during the first half of the twentieth century Martínez and Perlongher produce their work in the context of the Chilean and Argentine dictatorships respectively developing different strategies to overcome the panoptic societies of control installed throughout the 1970s and 1980s Martínez recreates the avant-garde tradition in a playful manner to avoid censorship and also proposes a philosophical poetics to stage a utopian project oriented toward redesigning the house of civilization that has fallen apart Perlongher unfolds his peculiar Neobaroque sensitivity in order to reshape the complex Latin American identities culminating his poetic project with two collections written under the influence of ayahuasca-based ceremonies Poets on the Edge offers the reader a new understanding of the hybrid and edgy nature of Latin American poetics and subjectivity as well as of the evolution of poetry written in Spanish during the twentieth century
