*Robin Knox-Johnston's History of Yachting* Robin Knox-Johnston, 1990      *Knox-Johnston on Seamanship & Seafaring*  
Robin Knox-Johnston, 2018-06-12 On 14th June 1968 Robin Knox Johnston set sail from Falmouth to take part in the Sunday Times Golden Globe Race the first non stop single handed sailing race around the world He was an unknown 29 year old Merchant Navy Officer Ten and a half months later he sailed back into Falmouth the only finisher in the race and the first man to complete a non stop solo circumnavigation Since then he has had an illustrious sailing career with 3 further circumnavigations including the fastest circumnavigation and last racing solo round the world in 2007 aged 68 Few people have sailed as many miles as Robin Now 50 years since setting out in the Golden Globe Race you can benefit from Robin s wealth of experience as he shares his thoughts on seamanship and seafaring in this new book selected from his most provoking insightful and perceptive writing from the pages of Yachting World magazine The first half of the book concentrates on seamanship and looks at the skills and gear required The second half allows Robin to reminisce on memorable boats races and places he has experienced in his last 50 years of seafaring The book starts with an original piece by Robin reflecting on the last 50 years In his Foreword round the world yachtsman Alex Thomson says of the first half on seamanship Anyone who ventures to sea would be wise to take advantage of the seamanship lessons that Robin has learnt Of the second half on seafaring he describes the pieces as a joy to read and says that they remind us that sailing is primarily a fun activity to be enjoyed      **Force of Nature** Robin Knox-Johnston, 2008-09-25 In January 1969 aboard his home built wooden boat Suhaili Sir Robin Knox Johnston became the first person every to sail solo non stop around the world 25 years later Sir Robin again completed a record breaking circumnavigation co skippering Enza with Kiwi yachting legend Sir Peter Blake His place in sailing s pantheon of greats was assured Then after the tragic death of his wife Sue Sir Robin decided he would try again in October 2006 at the age of 67 when most people are settling in to a well earned retirement Sir Robin embarked on another gruelling single handed race around the world Compared to his rivals he lacked recent experience and a large shore based support team There were some who believed that this time he might have bitten off more than he could chew Then early on it looked like their worst fears might be realised Within days of setting off near Hurricane strength storms in the Bay of Biscay capsized his 60 yacht Saga Insurance But it wasn t just Sir Robin who suffered Three quarters of the entire fleet had to run for shelter When they re emerged all faced months of hardship and intensity ahead Force of Nature is Sir Robin s first hand account his extraordinary return to the ultra competitive punishing world of single handed offshore racing It turned out to be a very different journey to the one he undertook about Suhaili yet his experience aboard her remains a touchstone throughout this story It s a story of courage ingenuity and resilience played out against the World s oceans But most of all it s a powerful reminder that age is nothing but a number no barrier to realizing one s dreams      A History of Sailing in 100 Objects Barry Pickthall, 2016-08-25 Did you ever wonder which civilisation first took to water in

small craft Who worked out how to measure distance or plot a course at sea Or why the humble lemon rose to such prominence in the diets of sailors Taking one hundred objects that have been pivotal in the development of sailing and sailing boats the book provides a fascinating insight into the history of sailing From the earliest small boats through magnificent Viking warships to the technology that powers some of the most sophisticated modern yachts the book also covers key developments such as keeps and navigational aids such as the astrolabe sextant and compass Other more apparently esoteric objects from all around the world are also included including the importance of citrus fruit in the prevention of scurvy scrimshaw made from whalebone and the meaning of sailor s tattoos Beautifully illustrated with lively and insightful text it s a perfect gift for the real or armchair sailor the book gives an alternative insight into how and why we sail the way we do today

Sailing History Amelia Khatri,2025-01-05 Sailing History presents a fascinating journey through humanity s relationship with maritime navigation exploring how sailing evolved from basic rafts to sophisticated racing vessels while profoundly shaping global civilization The book masterfully weaves together three crucial narratives the technical evolution of sailing vessels sailing s role in economic development and its transformation from a survival necessity to a competitive sport Through meticulous research incorporating archaeological findings historical documents and maritime records readers gain unprecedented insights into how different cultures independently developed their sailing technologies The chronological progression takes readers from ancient Polynesian and Mediterranean seafaring cultures through the age of Viking longships and Chinese junks to modern Olympic sailing competitions Particularly intriguing are the detailed examinations of how various vessel designs reflected their cultural contexts and how weather pattern understanding revolutionized navigation methods The book s exploration of underwater archaeological discoveries reveals previously unknown aspects of historical sailing practices adding fresh perspective to our understanding of maritime history Drawing from naval architectural records and shipping manuscripts the work skillfully bridges the gap between academic research and practical application making complex concepts accessible to both maritime historians and sailing enthusiasts The book s unique value lies in its comprehensive approach to connecting past and present demonstrating how ancient sailing wisdom continues to influence modern maritime practices from competitive sailing to sustainable transportation solutions This thorough examination of sailing s evolution provides readers with a deep appreciation for how maritime technology has shaped our world

*Maritime Fiction* J. Peck,2001-03-08 In this important new study John Peck examines the cultural significance of maritime novels from Defoe through to Conrad Focusing in particular on the image of the body he illustrates how these works are built around the disparity between the masculine and often brutal regime of the ship and the civilised values of those who remain

on the shore The first comprehensive discussion of its subject Maritime Fiction is an original exploration of the relationship between national identity fiction and the sea

**Running Free** Robin Knox-Johnston, 2019-10-17 Sir Robin Knox Johnston burst to fame when he became the first man ever to complete a single handed non stop circumnavigation of the world Now 50 years on from that famous voyage he reveals the true extraordinary story of his life After leaving school he immediately joined the Royal Naval Reserve before serving in the merchant navy and travelling the world During that time he spied for the British government in the Gulf worked in the South African dockyards and built his boat Suhaili in Bombay before sailing home to England In June 1968 he set sail in Suhaili in the Sunday Times Golden Globe Race and Running Free vividly brings to life that remarkable voyage where he was the only person to finish the race completing his journey on 22 April 1969 and thus entering the record books Once back home he set up a hugely successful business and continued his naval adventures completing a second solo circumnavigation of the globe in 2007 at 68 he became the oldest to complete this feat Knox Johnston s insatiable appetite for life and adventure shines through these pages making this book a must for all sailing enthusiasts readers of books by Ranulph Fiennes and Chris Bonington or for anyone who has felt that the time for putting up your feet can always be put back to another day

Sailing the Dream Mike Perham, 2011 Three thousand people have climbed Everest four hundred and fifty have traveled into space Only two hundred fifty have sailed round the world alone The youngest of these was a teenager When he set out on his attempt Mike Perham was just sixteen years old At first his mother was against the whole thing The experts said it could be suicidal The head of Britain's venerable Royal Yachting Association told him not to go Mike Perham persevered and in August 2009 at the age of just 17 years 5 months and 11 days became the youngest person to have sailed solo around the world Sailing the Dream tells the story of that amazing voyage a nine month odyssey full of technical and navigational challenges that would stump sailors twice Mike's age His yacht was knocked over battered by waves and repeatedly damaged but Mike battled on at times surfing down 50 foot waves in 50 knot winds at speeds of up to 28 knots Despite these conditions and suffering from sleep deprivation and extreme physical exhaustion Mike maintained a positive attitude His cheerful resilience continually shines through as he describes his adventures and also talks about the team behind his trips both when sailing round the world and in his earlier journey across the Atlantic at the age of fourteen and the stresses and sacrifices involved for his family and friends Mike's achievement is placed in even sharper relief by another young sailor's more recent failed attempt at solo circumnavigation that nearly ended in tragedy Sailing the Dream is an inspirational as well as thrilling story and one for all ages
