## **Rock Rabbit And The Rainbow:**

**The Rock Rabbit and The Rainbow** Robert Hinshaw, 1998      *The Black Madonna* Fred Gustafson, It is not easy to quickly or simply answer the question of what the Black Madonna actually represents One answer leads to more questions which in turn demand more explanations A possible reason for this turmoil lies in the difficulty our culture has always had in consciously integrating the feminine side of life and especially its dark side Another reason is the nature of the dark feminine itself which defies attempts to give eternally fixed limits to what she represents Still she reflects herself in our personal and collective lives and gives intimations of her most essential meaning through images myths dreams and fantasies If we are willing to receive and be open to such phenomena we stand a chance of not only knowing in part what she might represent but more so experiencing the healing force she embodies in our time This darker aspect of the feminine has throughout history been both feared and sought after both hated and admired The Black Madonna of Einsiedeln stands among the many Black Virgins that seem to imagistically express this dark side of the feminine in a creative transformational manner for both the individual and the collective Beginning with a history of the Einsiedeln Madonna Dr Gustafson broadens his analysis into a psychological and historical examination of the Black Madonna from her roots in the pagan deity Lilith and the archetype of the Great Mother to her resurgence as the Virgin in the Middle Ages to her life today as the unheeded unconscious archetype of the feminine      Eranos Hans Thomas Hakl, 2014-09-11 Every year since 1933 many of the world's leading intellectuals have met on Lake Maggiore to discuss the latest developments in philosophy history art and science and in particular to explore the mystical and symbolic in religion The Eranos Meetings named after the Greek word for a banquet where the guests bring the food constitute one of the most important gatherings of scholars in the twentieth century The book presents a set of portraits of some of the century's most influential thinkers all participants at Eranos Carl Jung Erich Neumann Mircea Eliade Martin Buber Walter Otto Paul Tillich Gershom Scholem Herbert Read Joseph Campbell Erwin Schrodinger Karl Kereyni D T Suzuki and Adolph Portmann The volume presents a critical appraisal of the views of these men how the exchange of ideas encouraged by Eranos influenced each and examines the attraction of these esotericists towards authoritarian politics      How Dreams Help ,1999 Growing numbers of people are fascinated by the dream world From psychological scholars and analysts to spontaneous groups and cults the dream has a compelling voice I make the point in this book that our dreams are our most creative inner source of wisdom and hope The criterion for selection is simply that each one illustrates a common human life experience that all readers have had or are likely to have      **Florence 98, Destruction and Creation Personal and Cultural Transformation** Mary Ann Mattoon, 1999 The Fourteenth Congress for Analytical Psychology was held August 23-28 1998 in the ancient city of Florence Italy The theme Destruction and Creation Personal and Cultural Transformations is especially appropriate to the Italian setting with that nation's history of destruction both from nature and from human activity and its tradition especially in Florence of creative individuals and institutions The

theme is fitting also to the context of Jungian psychology with its emphasis on these and other pairs of opposites with their integral role in psychic wholeness Acknowledging also that destruction is indispensable to creation some Jungians prefer the term creative unconscious to the traditional collective unconscious *C.G. Jung and Hermann Hesse* Miguel Serrano,2020 Miguel Serrano a Chilean diplomat and writer who has travelled widely in India studying Yoga had a close friendship with Jung and Hesse at the end of their lives This book is the outcome of his meetings and correspondence with them Many letters are reproduced including documents of great importance written to the author by Jung shortly before his death explaining his ideas about the nature of the world and of his work

**A Psychological Interpretation of Ruth** Yehezkel Kluger,1999 The biblical Book of Ruth is a love story apparently personal and simple of love between women and between man and woman told in poetic imagery and style Barely hiding within this immediate beauty are the archetypal depths which reveal nothing less than the eternal mystery of a love which brings about redemption and individuation both personal and transcendent human and divine Dr Kluger wrote the original interpretation as part of the requirements of the first graduating class of the Jung Institute in Zurich He later updated his work but the thesis remains the same the return of the feminine principle in the Bible To this end he examines the fate and role of the feminine as she travels from ancient times through various goddesses to the person of Ruth and her destiny as restoring the original totality of masculine and feminine in equal interacting balance In counterpoint to the scholarly style of her father while in unison with his interpretations Nomi Kluger Nash has written a woman's subjective reactions to the story of Ruth Naomi and Orpah To this associative style she brings further amplifications from Kabbalah into the meaning of these women who carry aspects both light and dark of the Shekhinah the feminine presence of God

The Girl who Made Stars Wilhelm Heinrich Immanuel Bleek,Lucy Lloyd,2001 These beautiful and timeless stories from the African Bush were gathered more than a century ago and have touched thousands of readers ever since The South African born author Sir Laurens van der Post revered them and helped to make them known throughout the world For this special new edition Gregory McNamee has adapted the original nineteenth century English translations to create modern versions of the stories for readers without a prior knowledge of the Bushman ways of life The stories in this book carry universal observations and truths and with their historical and ethnographic roots in the African Bushman culture they are fascinating and educational for readers and listeners of all ages They bear powerful testimony to a desert people living at one with Nature
