*Rock'n'Roll's Strangest Moments* Mike Evans, 2014-03-28 Rock music since its pre history in blues country music and 40s and early 50s pop through to the well publicised excesses of touring bands of today has left a legacy of thousands of weird and wonderful stories in its wake We ve all read about the Who s Keith Moon driving a Rolls Royce into a hotel swimming pool but far more bizarre tales of on the road mayhem have never been widely told Likewise Svengali like managers have manipulated starstruck musicians since rock began though hanging your well known client from a third floor window was a less usual way of ensuring their loyalty And just where was the stalled hotel lift in which all four Beatles according to legend were turned on to marijuana There are the unsung heroes of rock pioneering eccentrics who helped make the music what it is and ended up as mere footnotes in the history books Men such as UK producer Joe Meek who created seminal classics from a bed sit above a cleaners on the Holloway Road and the New York DJ who originally coined the phrase rock n roll and died in alcoholic poverty Not to mention the stories behind the stars when Debbie Harry was a Playboy Bunny Paul Simon wrote Homeward Bound on Widnes railway station in Lancashire and the Gallagher brothers so they claim were petty thieves

*Rock Band Name Origins* Greg Metzger, 2015-03-20 This book details the origins of the names of 240 musical acts focusing on the most popular groups and a few individual performers from the 1960s through today Even casual music fans will recognize almost all of the acts discussed A few one hit wonders are included simply because their name is so unusual Mungo Jerry for example that they warrant a place in the study Each entry focuses on the meaning and or origin of the act s name what it had been called previously and any other names that were considered and rejected during the naming process Also included are facts and figures about the act s history and place in the rock music pantheon the year the act was formed the names of original members and later members of note and the act s best known hit The book lists bands alphabetically to give the casual reader the opportunity to open it to any page and read at leisure the historian the ability to easily pinpoint the subject of his or her research or the die hard rock fan the chance to learn from A to Z the name origins of the biggest acts in rock and pop music history

**Joel Whitburn Presents Rock Tracks 1981-2008** Joel Whitburn, 2008 Book For the first time ever Rock Tracks lists every artist and song to appear on Billboard s Modern Rock Tracks also known as Alternative and Mainstream Rock Tracks charts all in one combined comprehensive A to Z artist listing This all inclusive format gathers all chart data from both charts in one master listing so it s easy for you to instantly compare your favorite artist s achievements on either or both of Billboard s two premier Rock charts

The ^AMusical Language of Rock David Temperley, 2018-01-25 The Musical Language of Rock puts forth a new comprehensive theoretical framework for the study of rock music Combining a conventional music analytic approach with statistical corpus analysis the book shows how rock songs play with the conventions of the style and how this contributes to their effect and appeal

Rock the Nation Roberto Avant-Mier, 2010-05-06 Rock the Nation analyzes Latino a identity through rock n roll music and its deep Latin o history By

linking rock music to Latinos and to music from Latin America the author argues that Latin o music people and culture have been central to the development of rock music as a major popular music form in spite of North American racial logic that marginalizes Latino as as outsiders foreigners and always exotic According to the author the Latin o Rock Diaspora illuminates complex identity issues and interesting paradoxes with regard to identity politics such as nationalism Latino as use rock music for assimilation to mainstream North American culture while in Latin America rock music in Spanish is used to resist English and the hegemony of U S culture Meanwhile singing in English and adopting U S popular culture allows youth to resist the hegemonic nationalisms of their own countries Thus throughout the Americas Latino as utilize rock music for assimilation to mainstream national culture s for resistance to the hegemony of dominant culture s and for mediating the negotiation of Latino a identities

*The Big Book of Rock & Roll Names* Adam Dolgins,2019-05-07 The Big Book of Rock Roll Names tells the behind the scenes stories of how the world s most popular and influential rock and pop acts got their names By turns fascinating funny and bizarre the pages offer insight into the peculiar choices and idiosyncratic psychologies of hundreds of top musicians from the 1960s to the present Originally published more than two decades ago to great success it s been out of print for years and has now been completely updated and expanded to feature dozens of exclusive interviews including conversations with groups like The Black Keys The Killers Twenty One Pilots Coldplay Cage the Elephant and Vampire Weekend From Arcade Fire to ZZ Top this diverting and handsome collection reveals the often overlooked but defining histories of hundreds of the biggest names in rock and pop
