American Women Poets in the 21st Century Claudia Rankine, Juliana Spahr, 2013-10-01 Poetry in America is flourishing in this new millennium and asking serious questions of itself Is writing marked by gender and if so how What does it mean to be experimental How can lyric forms be authentic This volume builds on the energetic tensions inherent in these questions focusing on ten major American women poets whose collective work shows an incredible range of poetic practice Each section of the book is devoted to a single poet and contains new poems a brief statement of poetics by the poet herself in which she explores the forces personal aesthetic political informing her creative work a critical essay on the poet s work a biographical statement and a bibliography listing works by and about the poet Underscoring the dynamic give and take between poets and the culture at large this anthology is indispensable for anyone interested in poetry gender and the creative process CONTRIBUTORS Rae Armantrout Mei mei Berssenbrugge Lucie Brock Broido Jorie Graham Barbara Guest Lyn Hejinian Brenda Hillman Susan Howe Ann Lauterbach Harryette Mullen **Women, the New York School, and Other True Abstractions** Maggie Nelson, 2007-12 Maggie Nelson provides the first extended consideration of the roles played by women in and around the New York School of poets from the 1950s to the present and offers unprecedented analyses of the work of Barbara Guest Bernadette Mayer Alice Notley Eileen Myles and abstract painter Joan Mitchell as well as a reconsideration of the work of many male New York School writers and artists from a feminist perspective

Encyclopedia of the New York School Poets Terence Diggory, 2015-04-22 Presents an alphabetical reference guide detailing the lives and works of poets associated with the New York Schools of the early twentieth century Thinking Poetry Peter Nicholls, Peter Boxall, 2016-03-16 This collection brings together some of the most prominent critics of contemporary poetry and some of the most significant poets working in the English language today to offer a critical assessment of the nature and function of poetic thought Working at once with questions of form literary theory and philosophy this volume gives an extraordinarily diverse original and mobile account of the kind of thinking that poetry can do The conviction that moves through the collection as a whole is that poetry is not an addition to thought nor a vehicle to express a given idea nor an ornamental language in which thinking might find itself couched Rather all the essays suggest that poetry itself thinks in ways that other forms of expression cannot thus making new intellectual political and cultural formulations possible This book was originally published as a special issue of Textual Practice **The Collected Poems of Barbara Guest** Barbara Guest, 2013-09-01 Winner of the SFSU Poetry Center Book Award 2010 One of the most notable members of the New York School and its best known woman Barbara Guest began writing poetry in the 1950s in company that included John Ashbery Kenneth Koch Frank O Hara and James Schuyler And from the beginning her practice placed her at the vanguard of American writing Guest s poetry saturated in the visual arts extended the formal experiments of modernism and played the abstract qualities of language against its sensuousness and materiality Now for the first time all of

her published poems have been brought together in one volume offering readers and scholars unprecedented access to Guest's remarkable visionary work This Collected Poems moves from her early New York School years through her more abstract later work including some final poems never before published Switching effortlessly from the real to the dreamlike the observed to the imagined this is poetry both gentle and piercing seemingly simple but truly and beautifully dislocating

Reformation A D 1049 1517      **Is Rock Dead?** Kevin J.H. Dettmar,2013-01-11 Rock and roll's death has been forecast nearly since its birth the country song The Death of Rock and Roll appeared in September 1956 showing that the music had already outraged a more conservative listening audience Is Rock Dead sets out to explore the varied and sometimes conflicting ways in which the death of rock has been discussed both within the discourse of popular music and American culture If rock is dead when did it die Who killed it Why do rock journalists lament its passing Has its academic acceptance stabbed it in the back or resuscitated an otherwise lifeless corpse Why is rock music the music that conservatives love to hate On the other side of the coin how have rock's biggest fans helped nail shut the coffin Does rock feed on its own death and

rebirth Finally what signs of life are there showing that rock in fact is surviving Is RockDead will appeal to all those who take seriously the notion that rock is a serious musical form It will appeal to students of popular music and culture and all those who have ever spun a 45 cranked up the radio or strummed an air guitar      *The Ghost of Rock House* Michael

Rosmarie Waldrop,2005-08-21 Incisive essays on modern poetry and translation by a noted poet translator and critic As an immigrant to the United States from Germany Rosmarie Waldrop has wrestled with the problems of language posed by the discrepancies between her native and adopted tongues and the problems of translating from one to the other Those discrepancies and disjunctions instead of posing problems to be overcome have become for Waldrop a generative force and the very foundation of her interests as a critic and poet In this comprehensive collection of her essays Waldrop addresses considerations central to her life s work typical genres and ways of countering the conventions of genre how concrete poets have made syntax spatial rather than grammatical and the move away from metaphor in poetry toward contiguity and metonymy Three essays on translation struggle with the sources and targets of translation of the degree of strangeness or foreignness a translator should allow into any English translation Finally other essays examine the two way traffic between reading and writing and Waldrop s notion of reading as experience      *CHIP ROCK and the FAT OLD FART* Michael
