Fredriksen,2001-12-05 This work chronicles the lives and accomplishments of over 200 enemies who have fought plotted spied on and in some instances defeated U S forces over the past three centuries Books on American military heroes abound But this book is the first to focus on America s talented enemies the generals admirals Indian chiefs and warriors submarine captains fighter pilots and spies who opposed the United States with military force or other means Often these military leaders were among the best minds of their times For more than two centuries the new nation s most constant military opponents were the Native Americans led by such capable chiefs as American Horse and Little Wolf Under D Iberville Canada s French colonialists became formidable foes but they were soon surpassed by the rigorously disciplined redcoats of Great Britain under Howe and Cornwallis Ironically the most effective enemies in the history of the United States were not the leaders of foreign military forces like Mexico s Santa Anna Japan s Yamamoto or Vietnam s Vo Nguyen Giap They arose from among its own citizens during the Civil War the bloodiest conflict in American history *American Defence Annual, 1994* Charles F. Blewett,2008-12-30 In this companion volume to his 1995 bibliography of the same title Daniel Blewett continues his foray into the vast literature of military studies As did its predecessor it covers land air and naval forces primarily but not exclusively from a U S perspective with the welcome emergence of small wars from publishing obscurity In addition to identifying relevant organizations and associations Blewett has gathered together the very best in chronologies bibliographies biographical dictionaries indexes journals abstracts glossaries and encyclopedias each accompanied by a brief descriptive annotation This work remains a pertinent addition to the general reference collections of public and academic libraries as well as special libraries government documents collections military and intelligence agency libraries and historical societies and museums *Great Warrior Leaders/thinkers*,1994 *Deviant Conduct in World Politics* D. Geldenhuys,2004-01-20 A long list of countries labelled outcasts pariahs and rogues have failed to meet international standards of good conduct In the Cold War years Rhodesia Israel Chile Taiwan and South Africa among others featured among the ranks of the disreputable In modern world politics the serious sinners not only include states terrorists rebels criminals and mercenaries also participate in the great game of who gets what when and how Highlighting the rules of good behaviour that both state and non state actors have violated Geldenhuys takes a novel approach that breaks through the narrow parameters of the rogue state paradigm and of other

state centric perspectives **Parameters** ,1993 **Intervention and Disarmament** Philip Towle,2022-05-05 In this book some of Philip Towle s major contributions are brought together to shed light on the Cold War and its aftermath Topics include the build up of chemical and nuclear weapons the attack on New York s World Trade Center in 2001 intervention in overseas conflicts and the role of the Church The first section concentrates on the ways in which the West has interfered in conflicts around the world from the Vietnam War to Bosnia Afghanistan and Iraq and explains why intervention worked in former Yugoslavia but not in countries such as Vietnam Afghanistan or Libya The second section focuses on arms control and disarmament how they were linked to intervention particularly through the fear of terrorism and how and why some arms control measures succeeded and some did not Intervention and Disarmament In a Culturally Diverse World is useful for postgraduates and scholars interested in international affairs and warfare in the modern world **People in the News** 1993 David M. The Search for WMD Dalhousie University. Centre for Foreign Policy Studies,2006 This is the third volume of the Centre for Foreign Policy Studies highly acclaimed and well received issue and debate series addressing contemporary topics in security and defence studies Twenty five scholars and policy makers respond to Michael Friend s intriguing article about the search for WMD in Iraq Even prior to the 2nd Iraqi war non proliferation has been the foremost concern discussed throughout international diplomacy From the treaties we sign to control it to the intelligence we use to verify it to the pre emptive actions we take to prevent it the proliferation of weapons of mass destruction has become the foremost threat to international peace and stability The contributors to this volume debate the merits of arms control treaties address the short comings and increased requirements of the intelligence community and address whether a viable international system can be founded upon a doctrine of pre emptive war The result is an informative and policy relevant contribution to the foremost security issue of the new security environment Provided by publisher Unisa Latin American Report ,2004 **People in the News** David M. Brownstone,1994 **Library Journal** ,1992 Forthcoming Books Rose Army,2004 *The Publishers' Trade List Annual* ,1992 Bibliographic Index ,1994 **Choice** ,1993 **Proceedings - United States Naval Institute** United States Naval Institute,1993
