The Sound of Nonsense Richard Elliott, 2017-12-28 In *The Sound of Nonsense* Richard Elliott highlights the importance of sound in understanding the nonsense of writers such as Lewis Carroll Edward Lear James Joyce and Mervyn Peake before connecting this noisy writing to works which engage more directly with sound including sound poetry experimental music and pop By emphasising sonic factors Elliott makes new and fascinating connections between a wide range of artistic examples to ultimately build a case for the importance of sound in creating maintaining and disrupting meaning

Holy Crap David Hines, 2011-03-09 We should start our own religion One simple sentence one really bad idea But to chronic underachievers Danny Welles and Walter James starting a new religion sounded like the best idea they d ever had Those six little words would inspire them to write their own dogma ensnare a gullible Hollywood star to be their spokesman hijack the nation s highest rated TV talk show and create the Church of OK a religion based on positivity and permissiveness that would fuel a media firestorm rocketing them to fame and infamy *Holy Crap* is a funny satirical look at our modern culture following its characters as they take on religion Hollywood television the tabloids and each other with the goal to enrich lives as well as their own bank accounts It s a journey filled with religious zealots 7 Eleven hot dogs Caddyshack as a Christian allegory Kama Sutra with cats a certain amount of substance abuse and heartfelt sex on playground equipment

Looking Glasses and Neverlands Karen Coats, 2004-04 A Choice Outstanding Academic Title This groundbreaking study introduces and explores Lacan s complex theories of subjectivity and desire through close readings of canonical children s books such as Charlotte s Web *Stellaluna* *Holes* *Tangerine* and *The Chocolate War* providing an introduction to an increasingly influential body of difficult work while making the claim that children s textual encounters are as significant as their existential ones in constituting their subjectivities and giving shape to their desires

Children's Literature and the Fin de Siècle Roderick McGillis, 2003-11-30 The close of a century invites both retrospection and prognostication As a period of transition it also brings a sense of uncertainty finality and apocalypticism These feelings stem from various events such as political turmoil scientific advancements and social change As might be expected literature reflects such changes and the feelings they engender But perhaps more surprisingly children s literature is especially sensitive to such matters and fiction for children often struggles with dark and unpleasant issues This book examines fin de siècle tensions in 19th and 20th century children s literature from around the world Each chapter is written by an expert contributor and the volume ranges over a disparate variety of topics These include poetry series books pacifist fiction gender issues religion and literature eco criticism minority experiences humor and the Holocaust fantasy and science fiction and computer culture In exploring these issues in relation to children s literature the contributors reveal the shifting nature of our values and the world in which we live Global in nature the chapters look at children s literature from such places as

Photography Composition and Design Tavis Leaf Glover, A skyscraper can't be built without a proper foundation just like a crunchy taco can't be built without a shell The same goes with your art whether it's street photography fine art cinematography painting or even sculpting The techniques found in this book though presented with street photos will easily translate across every visual art and allow you to create remarkable mouth watering masterpieces Countless artists out there want to push their art further but they've run face first into a nasty plateau Art is tough enough as it is but without proper knowledge of composition and design it's easy to end up in a dark alley waiting to be maliciously fondled by mediocre art Don't join the masses join the elite Learn serious composition and design techniques in a fun way that will launch you to the master level You might even get a chuckle from the film photos capturing whacky tourists as they wonder aimlessly on the beautiful beach of Waikiki Hawaii Take part in the fun and seriously improve your art in a way that would make Da Vinci and Van Gogh smile with pride
