## Looking From Within:

**Looking Within** Cullen Ruff, 2020-02-18 What would it be like to have x ray vision Beyond diagnosing illness or injury can images of ourselves tell us more about life What if you could see that an accident victim will never walk again that a young mother has breast cancer or that a teenager is brain dead and will be removed from life support Can imaging help us better appreciate the complexity of existence our strengths and vulnerabilities Does looking into the body give insight into what it means to be human Would it allow you at least indirectly to glimpse evidence of the human soul Looking Within is the first mainstream collection of dramatic non fiction narratives about discoveries in patients found by medical imaging Ruff highlights the wonder and mystery of the human body literally and metaphorically looking inside of others Each story describes a patient in whom a life changing discovery is made tumors stroke domestic violence substance abuse sterility unexpected pregnancy infection surgical complications evidence of criminal activity mental illness even impending death Dr Ruff s words images and insights help us see ourselves like never before **Looking Within** Anthony B. Wolbarst, 1999-11-16 Looking Within describes a family of magical machines that allow doctors to see within the living body without having to slice it open The book presents a vitally important branch of medicine that combines cutting edge technologies with clinical applications that can spell the difference between life and death for patients **LOOKING FOR A MIRACLE...LOOK WITHIN YOUR LIFE** May Lewis, 2017-06-03 This book is about how miracles and signs are constantly happening in our lives We keep looking for miracles and signs as if they do not exist I had to take a step back and look at my life and seen that more miracles and signs had already taken place in my life than I could have ever imagined I have incorporated those experiences into this book to give you a clearer picture of what happens when you truly believe in the One and Only God *Looking Within A Book Of Poems* By Michelle Carpenter Michelle D. Carpenter, 2004-10-01 These poems are meant to challenge and inspire the reader You will see that poetry is a matter of perception My poems will make you laugh cry shout hurrah and search for the humanity in society **Looking Within** Deborah Blizzard, 2007-08-03 An ethnographic study of fetoscopy that considers both the broader cultural context of this high risk obstetrical procedure and the patient s individual experience In Looking Within Deborah Blizzard examines the high risk in utero surgery known as fetoscopy considering it as both cutting edge medical technology and as a sociocultural construction of patients their social networks and medical providers She looks at the way individual experiences shape these procedures and how fetoscopy affects individuals both patients and providers on a personal emotional level Based on an eleven month ethnographic study of the fetoscopy practice at a community based hospital and further interviews with former patients Looking Within offers a vivid picture of the sometimes conflicted often desperate and always emotional lives of those undergoing fetoscopy and challenges current assumptions about normal and appropriate pregnancy experiences To convey the complex reality of fetoscopy Blizzard draws from the experiences of the real patients she interviewed for the book to present the fictional case

of Melinda and Joe taking them through the entire process from diagnosis to decision to outcome She then discusses the emergence of fetoscopy as an accepted form of high risk obstetrical care how fetoscopy programs are established at hospitals and why otherwise healthy women consent to surgery Blizzard examines the use of fetoscopy in single fetus and in twin pregnancies looking at how religion culture society and medical science inform any understanding of who or what is in utero a baby a tumor a mass She also discusses definitions of loss and success and the narratives patients and their social networks construct to make sense of them Looking Within will help physicians and nurses improve the development and delivery of fetoscopy procedures help patients understand this new technology and help scholars evaluate fetoscopy's bioethical social and cultural implications Take a Look Within Dane T.
