On The Silence Of The Declaration Of Independence:

On the Silence of the Declaration of Independence Paul Eidelberg, 1976 **The Formation of the U.S. Government: 1600-1803** Sarah Glasscock, 2011 Learn about the geography climate and people of the Southwest and about life in the Southwest today *The Law and Politics of the Kosovo Advisory Opinion* Marko Milanovic, Michael Wood, 2015-03-19 This volume is an edited collection of essays on various aspects of the 2010 Kosovo Advisory Opinion of the International Court of Justice The main theme of the book is the interplay between law and politics regarding Kosovo's independence generally and the advisory opinion specifically How and why did the Court become the battleground in which Kosovo's independence was to be fought out or not How and why did political arguments in favour of Kosovo's independence e.g. that Kosovo was a unique sui generis case which set no precedent for other secessionist territories change in the formal legal setting of advisory proceedings before the Court How and why did states supporting either Kosovo or Serbia choose to frame their arguments How did the Court perceive them What did the Court want to achieve and did it succeed in doing so And how was the opinion received and what broader implications did it have so far These are the questions that the book hopes to shed some light on To do so the editors assembled a stellar cast of contributors many of whom acted as counsel or advisors in the case as well a number of eminent scholars of politics and international relations whose pieces further enrich the book and give it an interdisciplinary angle The book thus tells the story of the case places it within its broader political context and so attempts to advance our understanding of how such cases are initiated litigated and decided and what broader purposes they may or may not serve **The European Union and the Use of Force** Julia Schmidt, 2020-09-07 In *The European Union and the Use of Force* Julia Schmidt examines the development and activities of the EU as an emerging international military actor The author offers a comprehensive analysis of the conditions under which the EU can engage in military crisis management operations from the perspective of EU law as well as from the perspective of public international law with a particular emphasis on the EU's relationship with the United Nations and the EU's relationship with its Member States in the context of the use of force Throughout the monograph questions of European integration in the sphere of the common security and defence policy as well as the EU's place and role within the international community are put into focus

The Theory, Practice, and Interpretation of Customary International Law Panos Merkouris, Jörg Kammerhofer, Noora Arajärvi, 2022-05-26 Although customary international law CIL has been central to international law from its inception it is often misunderstood This edited volume remedies that problem by tracing the history of CIL and provides an in depth study of its theory practice and interpretation Its chapters tackle the big questions which surround this source of international law such as what are the rules that regulate the functioning of CIL as a source of international law Can CIL be interpreted Where do lines between identification interpretation application and modification of a rule of CIL lie Using recent developments this volume revisits old debates and resolves them by proffering new and innovative solutions

With detailed examples from international and national courts it places CIL in a range of settings to explain explore and reflect upon this developing and highly significant field This title is also available as Open Access on Cambridge Core

A Journey of Ripples J. P. "Jim" Fowler, 2007-09 Just as ripples from a single raindrop in a pond spread into infinity simple acts of kindness can turn into ripples of altruism and giving that last throughout eternity A Journey of Ripples is a series of stories as told by Matt an eyewitness to the power of paying it forward as he chronicles the experiences of his friends in Oregon The first story begins in 1986 when Paul reaches out to help Jo Ann on the darkest day of his life the day he buries his wife of more than fifty years In turn Jo Ann promises him that she will do the same for someone else The rest of the stories tell of the extraordinary responses to that promise This moving collection is about sacrifice and most importantly about giving and receiving beyond our fear pride and circumstances

The International Element, Statehood and Democratic Nation-building Dren Doli, 2019-02-19 This book represents a unique endeavor to elucidate the story of Kosovo s unilateral quest for statehood It is an inquiry into the international legal aspects and processes that shaped and surrounded the creation of the state of Kosovo Being created outside the post colonial context Kosovo offers a unique yet controversial example of state emergence both in the theory and practice of creation of states Accordingly the book investigates the legal pathways strategies developments and policy positions of international agencies actors and regional players in particular the EU that helped Kosovo to establish its independence and gradually acquire statehood Although contested Kosovo and its quest for statehood represents a unique example of successful unilateral secession The book therefore explores and analyses patterns of state formation and nation building in Kosovo and its transition to democracy It presents a three level assessment First seen from a historical perspective the book examines the validity of the right of Kosovar Albanians to self determination and remedial secession Second from a legal positivist perspective it scrutinizes all of the legalist arguments that support Kosovo s right to statehood and claims that both traditional and legality based criteria for statehood remain insufficient to determine whether Kosovo has achieved statehood Third from a post factum perspective the book analyzes the scope and extent to which the internationally blended element was decisive in Kosovo s state formation and state building processes It explains how the EU s involvement as an internationally blended element in Kosovo s efforts to achieve statehood was instrumental and played a crucial role in shaping the emerging state In particular the book elaborates on how the EU was
