**The Statutes of the United Kingdom of Great Britain and Ireland** ,1835 **The Enlightenment on Trial** Bianca Premo,2017 The principal protagonists of this history of the Enlightenment are non literate poor and enslaved colonial litigants who began to sue their superiors in the royal courts of the Spanish empire With comparative data on civil litigation and close readings of the lawsuits *The Enlightenment on Trial* explores how ordinary Spanish Americans actively produced modern concepts of law **Le Saulchoir On Trial (1932-1943)** Etienne Fouilloux,2022-09-01 February 1942 The world is on fire and bloody The United States has just entered the war following the aggressive attack on their air and naval base at Pearl Harbour at the beginning of December The German troops besiege Leningrad and are fighting before Moscow The Wannsee Conference of 20 January has just established the logistics of the final solution for Jews under the ascendancy of the Third Reich The Japanese seize Singapore on 15 February No one seems capable of stopping the destructive march of the totalitarian regimes At the Vatican however proceedings follow their course as if nothing was any different a decree of the Holy Office places on the Index of Prohibited Books two works concerning the definition of theology outsiders to the noise and violence of a war henceforth worldwide the *Essai sur le probleme theologique* Essay on the theological problem by the Belgian Dominican Louis Charlier published in 1938 and the small booklet *Uneecole de theologie le Saulchoir* A school of theology the *Saulchoir* by his French colleague Marie Dominique Chenu published privately at the end of the previous year This book details a ten year history Etienne Fouilloux gives us here the story of a forgotten or misunderstood episode in the history of the Catholic Church still struggling with the ghosts of Modernism Vatican I is still far away and yet it is the whole issue of the renewal of theology that this fascinating book by a great historian highlights **The Justice of the Peace and Parish Officer** Richard Burn,1836 Master of the Senate Robert A. Caro,2002-04-23 *Master of the Senate* Book Three of *The Years of Lyndon Johnson* carries Johnson's story through one of its most remarkable periods his twelve years from 1949 to 1960 in the United States Senate A Los Angeles Times Best Nonfiction Book of the Last 30 Years At the heart of the book

is its unprecedented revelation of how legislative power works in America how the Senate works and how Johnson in his ascent to the presidency mastered the Senate as no political leader before him had ever done It was during these years that all Johnson s experience from his Texas Hill Country boyhood to his passionate representation in Congress of his hardscrabble constituents to his tireless construction of a political machine came to fruition Caro introduces the story with a dramatic account of the Senate itself how Daniel Webster Henry Clay and John C Calhoun had made it the center of governmental energy the forum in which the great issues of the country were thrashed out And how by the time Johnson arrived it had dwindled into a body that merely responded to executive initiatives all but impervious to the forces of change Caro anatomizes the genius for political strategy and tactics by which in an institution that had made the seniority system all powerful for a century and more Johnson became Majority Leader after only a single term the youngest and greatest Senate Leader in our history how he manipulated the Senate s hallowed rules and customs and the weaknesses and strengths of his colleagues to change the unchangeable Senate from a loose confederation of sovereign senators to a whirring legislative machine under his own iron fisted control Caro demonstrates how Johnson s political genius enabled him to reconcile the unreconcilable to retain the support of the southerners who controlled the Senate while earning the trust or at least the cooperation of the liberals led by Paul Douglas and Hubert Humphrey without whom he could not achieve his goal of winning the presidency He shows the dark side of Johnson s ambition how he proved his loyalty to the great oil barons who had financed his rise to power by ruthlessly destroying the career of the New Dealer who was in charge of regulating them Federal Power Commission Chairman Leland Olds And we watch him achieve the impossible convincing southerners that although he was firmly in their camp as the anointed successor to their leader Richard Russell it was essential that they allow him to make some progress toward civil rights In a breathtaking tour de force Caro details Johnson s amazing triumph in maneuvering to passage the first civil rights legislation since 1875 Master of the Senate told with an abundance of rich detail that could only have come from Caro s peerless research is both a galvanizing portrait of the man himself the titan of Capital Hill volcanic mesmerizing and a definitive and revelatory study of the workings and personal and legislative power     *The Guardians on Trial* William H. F. Altman, 2016-07-19 Based on a conception of Reading Order introduced and developed in his *Plato the Teacher* *The Crisis of the Republic* Lexington 2012 and *The Guardians in Action* *Plato the Teacher and the Post Republic Dialogues* from *Timaeus* to *Theaetetus* Lexington 2016 William H F Altman now completes his study of Plato s so called late dialogues by showing that they include those that depict the trial and death of Socrates According to Altman it is not Order of Composition but Reading Order that makes *Euthyphro* *Apology* of Socrates *Crito* and *Phaedo* late dialogues and he shows why Plato s decision to interpolate the notoriously late *Sophist* and *Statesman* between *Euthyphro* and *Apology* deserves more respect from interpreters Altman explains this interpolation and another that places *Laws* between *Crito* and *Phaedo* as part of an ongoing test Plato has created for his readers that puts the *Guardians on Trial* If we don t recognize that

Socrates himself is the missing Philosopher that the Eleatic Stranger never actually describes and also the antithesis of the Athenian Stranger who leaves Athens in order to create laws for Crete we pronounce ourselves too sophisticated to be Plato's Guardians and unworthy of the Socratic inheritance
