Foster,2007 Presents a comprehensive history of Central America including the early pre Columbian cultures and economic challenges currently being faced The Archaeology of Mesoamerican Animals Kitty F. Emery,Christopher M. Gotz,2013-11-15 Recognition of the role of animals in ancient diet economy politics and ritual is vital to understanding ancient cultures fully while following the clues available from animal remains in reconstructing environments is vital to understanding the ancient relationship between humans and the world around them In response to the growing interest in the field of zooarchaeology this volume presents current research from across the many cultures and regions of Mesoamerica dealing specifically with the most current issues in zooarchaeological literature Geographically the essays collected here index the different aspects of animal use by the indigenous populations of the entire area between the northern borders of Mexico and the southern borders of lower Central America This includes such diverse cultures as the north Mexican hunter gatherers the Olmec Maya Mixtec Zapotec and Central American Indians The time frame of the volume extends from the earliest human occupation the Preclassic Classic Postclassic and Colonial

manifestations to recent times The book s chapters written by experts in the field of Mesoamerican zooarchaeology provide important general background on the domestic and ritual use of animals in early and classic Mesoamerica and Central America but deal also with special aspects of human animal relationships such as early domestication and symbolism of animals and important yet otherwise poorly represented aspects of taphonomy and zooarchaeological methodology Spanish language version also available ISBN 978 1 937040 12 3 **Settlement Ecology of the Ancient Americas** Lucas C.

Kellett,Eric Jones,2016-10-04 In this exciting new volume several leading researchers use settlement ecology an emerging approach to the study of archaeological settlements to examine the spatial arrangement of prehistoric settlement patterns across the Americas Positioned at the intersection of geography human ecology anthropology economics and archaeology this diverse collection showcases successful applications of the settlement ecology approach in archaeological studies and also discusses associated techniques such as GIS remote sensing and statistical and modeling applications Using these methodological advancements the contributors investigate the specific social cultural and environmental factors which mediated the placement and arrangement of different sites Of particular relevance to scholars of landscape and settlement archaeology Settlement Ecology of the Ancient Americas provides fresh insights not only into past societies but also present and future populations in a rapidly changing world **Communities in Contact** Corinne Lisette Hofman,Anne van Duijvenbode,2011 Communities in Contact represents the outcome of the Fourth International Leiden in the Caribbean symposium entitled From Prehistory to Ethnography in the circum Caribbean The contributions included in this volume cover a wide range of topics from a variety of disciplines archaeology bioarchaeology ethnohistory and ethnography revolving around the themes of mobility and exchange culture contact and settlement and community The application of innovative approaches and the multi dimensional character of these essays have provided exiting new perspectives on the indigenous communities of the circum Caribbean and Amazonian regions throughout prehistory until the present
