Patriotism, Inc Paul van Ostaijen, 1971 **Patriotism, Inc and Other Tales by Paul van Ostaijen** E.M. Beekman, 1971-08 **Supplement, 1969-1973** Estelle A. Fidell, 1974-12 An index to 11 561 stories in 805 collections

Short Story Index: 1969-1973, 1974 **Acrobatic Modernism from the Avant-Garde to Prehistory** Jed Rasula, 2020-02-27 This is a book about artistic modernism contending with the historical transfigurations of modernity As a conscientious engagement with modernity's restructuring of the lifeworld the modernist avant garde raised the stakes of this engagement to programmatic explicitness But even beyond the vanguard the global phenomenon of jazz combined somatic assault with sensory tutelage Jazz like the new technologies of modernity re calibrated sensory ratios The criterion of the new as self making also extended to names pseudonyms and heteronyms The protocols of modernism solicited a pragmatic arousal of bodily sensation as artistic resource validating an acrobatic sensibility ranging from slapstick and laughter to the pathos of bereavement Expressivity trumped representation The artwork was a diagram of perception not a mimetic rendering For artists the historical pressures of altered perception provoked new models and Ezra Pound's slogan Make It New became the generic rallying cry of renovation The paradigmatic stance of the avant garde was established by Futurism but the discovery of prehistoric art added another provocation to artists Paleolithic caves validated the spirit of all over composition unframed and dynamic Geometric abstraction Constructivism and Purism and Surrealism were all in quest of a new mythology Making it new yielded a new pathos in the sensation of radical discrepancy between futurist striving and remotest antiquity The Paleolithic cave and the USSR emitted comparable siren calls on behalf of the remote past and the desired future As such the present was suffused with the pathos of being neither but subject to both **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1974 *The absurd in literature* Neil Cornwell, 2013-07-19 Neil Cornwell's study while endeavouring to present an historical survey of absurdist literature and its forbears does not aspire to being an exhaustive history of absurdism Rather it pauses on certain historical moments artistic movements literary figures and selected works before moving on to discuss four key writers Daniil Kharms Franz Kafka Samuel Beckett and Flann O'Brien The absurd in literature will be of compelling interest to a considerable range of students of comparative European including Russian and Central European and English literatures British Isles and American as well as those more concerned with theatre studies the avant garde and the history of ideas including humour theory It should also have a wide appeal to the enthusiastic general reader **Nijhoff, Van Ostaijen, "De Stijl"** F. Bulhof, 2012-12-06 FRANCIS BULHOF What was Modernism That is the title of an address delivered in June of 1960 by the eminent comparatist Harry Levin at Queen's University in Kingston Ontario 1 Apparently more than a decade ago in the eyes of this perceptive analyst of literature and the arts the modernist movement had become a thing of the past Having acquired full citizenship in the republic of letters modernism had outlived itself The title of Harry Levin's lecture bears an obvious resemblance to that of

Fritz Martini's book-length essay *Was war Expressionismus?* which dealt exclusively with the German variant of the expressionist movement. In the case of German expressionism there is much dispute concerning the precise moment of its decline and fall but the political conditions provide at least a crucial dividing line in the year 1933. The end of modernism however a far more comprehensive movement which was not just limited to one country is not so easy to determine. And there is also still much discussion about its roots.

Dutch and Flemish Literature as World Literature

Theo D'haen, 2019-07-25 The recent return of world literature to the centre of literary studies has entailed an increased attention to non-European literatures but in turn has also further marginalized Europe's smaller literatures. Dutch and Flemish Literature as World Literature shows how Dutch language literature from its very beginnings in the Middle Ages to the present has not only always taken its cue from the major literary traditions of Europe and beyond but has also actively contributed to and influenced these traditions. The contributors to this book focus on key works and authors providing a concise yet highly readable history of Dutch language literature and demonstrating how this literature is anchored in world literature.

Picked-Up Pieces John Updike, 2013-01-15 In John Updike's second collection of assorted prose he comes into his own as a book reviewer: most of the pieces picked up here were first published in *The New Yorker* in the 1960s and early 70s. If one word could sum up the young critic's approach to books and their authors it would be generosity. Better to praise and share, he says in his Foreword, than to blame and ban. And so he follows his enthusiasms which prove both deserving and infectious: Kierkegaard, Proust, Joyce, Dostoevsky and Hamsun among the classics; Borges, Nabokov, Grass, Bellow, Cheever and Jong among the contemporaries. Here too are meditations on Satan and cemeteries, travel essays on London and Anguilla, three very early golf dreams and one big interview. *Picked Up Pieces* is a glittering treasury for every reader who likes life, books, wit and John Updike.
