Pattern Of Redemption The Theology Of Hans Urs Von Balthasar:

Pattern of Redemption Edward T. Oakes, 1994 A magnificent introduction The New York Times Splendidly written Choice

The Cambridge Companion to Hans Urs von Balthasar Edward T. Oakes, S. J., David Moss, 2004-08-05 Hans Urs von Balthasar 1905 1988 is one of the most prolific creative and wide ranging theologians of the twentieth century who is just now coming to prominence But because of his own daring speculations about the meaning of Christ's descent into hell after the crucifixion about the uniqueness of Christ as savior of a pluralistic world and because he draws so many of his resources for his theology from literature drama and philosophy Balthasar has never been an easily categorized theologian He is neither liberal nor conservative neither Thomist nor modernist and he seems to elude all attempts to capture the exact way he creatively reinterprets the tradition of Christian thought For that reason this Companion is singularly welcome bringing together a wide range of theologians both to outline and to assess the work of someone whom history will surely rank someday with Origen John Calvin and Karl Barth **Hans Urs Von Balthasar and Protestantism** Rodney Howsare, 2005-09-15 This book examines Balthasar's engagement with Protestantism primarily in the persons of Martin Luther and Karl Barth a topic which has not yet been given the attention it deserves Furthermore instead of focusing on particular theological issues such as soteriology or ecclesiology the book examines the implications of this engagement for Fundamental Theology At the very root of Luther's confrontation with the Catholic Church of the Late Middle Ages lies his antipathy for Aristotle and for natural theology In other words the Protestant difference has as much to do with its suspicion of the treatment of faith and reason in Catholic thought as it does of the Catholic treatment of faith and works This is a suspicion that is only exacerbated in Barth's identification of the analogy of being with the Antichrist Balthasar takes these criticisms very seriously and in addressing them not only has much of relevance to say to the Catholic Protestant differences but also has much to say to the Yale Chicago differences In short this study treats primarily Balthasar's dialogue with Luther and Barth with the hope that this dialogue will shed light on the impasse that seems to have arisen between the so called correlation and revelocentric schools of contemporary theology If indeed Christ is the concrete universal then we shouldn't have to decide between the two Part of this proposal then is to emphasize the fact that Balthasar refuses to separate Fundamental and Dogmatic theology

The Drama of Doctrine Kevin J. Vanhoozer, 2005-01-01 Observing a strange disappearance of doctrine within the church Kevin Vanhoozer argues that there is no more urgent task for Christians today than to engage in living truthfully with others before God He details how doctrine serves the church the theater of the gospel by directing individuals and congregations to participate in the drama of what God is doing to renew all things in Jesus Christ Taking his cue from George Lindbeck and others who locate the criteria of Christian identity in Spirit-led church practices Vanhoozer relocates the norm for Christian doctrine in the canonical practices which he argues both provoke and preserve the integrity of the church's witness as prophetic and apostolic **Balthasar on the Spiritual Senses** Mark McNroy, 2014-06-05 In this study Mark

McInroy argues that the spiritual senses play a crucial yet previously unappreciated role in the theological aesthetics of Hans Urs von Balthasar. The doctrine of the spiritual senses typically claims that human beings can be made capable of perceiving non corporeal spiritual realities. After a lengthy period of disuse, Balthasar recovers the doctrine in the mid twentieth century and articulates it afresh in his theological aesthetics. At the heart of this project stands the task of perceiving the absolute beauty of the divine form through which God is revealed to human beings. Although extensive scholarly attention has focused on Balthasar's understanding of revelation, beauty and form, what remains curiously understudied is his model of the perceptual faculties through which one beholds the form that God reveals. McInroy claims that Balthasar draws upon the tradition of the spiritual senses in order to develop the means through which one perceives the splendour of divine revelation. McInroy further argues that in playing this role, the spiritual senses function as an indispensable component of Balthasar's unique aesthetic resolution to the high profile debates in modern Catholic theology between Neo Scholastic theologians and their opponents. As a third option between Neo Scholastic extrinsicism, which arguably insists on the authority of revelation to the point of disaffecting the human being, and immanentism, which reduces God's revelation to human categories in the name of relevance, McInroy proposes that Balthasar's model of spiritual perception allows one to be both delighted and astounded by the glory of God's revelation.

The Oxford Handbook of the Epistemology of Theology William James

Abraham, Frederick D. Aquino, 2017. The Oxford Handbook of the Epistemology of Theology brings together leading scholars in the fields of theology and epistemology to examine and articulate what can be categorized as appropriate epistemic evaluation in theology. Part one focuses on some of the epistemic concepts that have been traditionally employed in theology, such as knowledge of God, revelation and scripture, reason and faith, experience and tradition. This section also considers concepts that have not received sufficient epistemological attention in theology, such as saints, authority, ecclesial practices, spiritual formation and discernment. Part two concentrates on epistemic concepts that have received significant attention in contemporary epistemology and can be related to theology, such as understanding, wisdom, testimony, virtue, evidence, foundationalism, realism, antirealism, skepticism and disagreement. Part three offers examples from key figures in the Christian tradition and investigates the relevant epistemological issues and insights in these writers, as well as recognizing the challenges of connecting insights from contemporary epistemology with the subject of theology, proper namely God. Part four centers on five emerging areas that warrant further epistemological consideration: Liberation Theology, Continental Philosophy, modern Orthodox writers, Feminism and Pentecostalism. This authoritative collection explores how the various topics, figures and emerging conversations can be reconceived and addressed in light of recent developments in epistemology. Each chapter provides an analysis of the crucial moves, positions and debates while also identifying relevant epistemic considerations. This Handbook fulfils the need for the development of this new conversation that will take its natural place in the intersection of theology and epistemology. It links the fields of theology and epistemology in robust, meaningful and

Brown, 2020-04-30 In this original study Joshua Brown seeks to demonstrate the fruitfulness of Chinese philosophy for Christian theology by using Confucianism to reread reassess and ultimately expand the Christology of the twentieth century Catholic theologian Hans Urs von Balthasar Taking up the critically important Confucian idea of xiao filial piety Brown argues that this concept can be used to engage anew Balthasar's treatment of the doctrine of Christ's filial obedience thus leading us to new Christological insights To this end Brown first offers in depth studies of the early Confucian idea of xiao and of Balthasar's Christology on their own terms and in their own contexts He then proposes that Confucianism affirms certain aspects of Balthasar's insights into Christ's filial obedience Brown also shows how the Confucian understanding of xiao provides reasons to criticize some of Balthasar's controversial claims such as his account of intra Trinitarian obedience Ultimately by rereading Balthasar's Christology through the lens of xiao Balthasar in Light of Early Confucianism employs Confucian and Balthasarian resources to push the Christological conversation forward Students and scholars of systematic

theology theologically educated readers interested in the encounter between Christianity and Chinese culture and comparative theologians will all want to read this exceptional book Reclaiming Participation Cynthia Peters Anderson, 2014 In an era that oscillates regularly between nihilism and the erosion of moral vision on the one hand and pseudo gnostic myths of self apotheosis on the other the classical Christian claim of human participation in the divine as the story of the transformation of human life in its physical moral spiritual and eschatological dimensions takes on radical counter cultural color It is an affirmation that offers hope and meaning for humanity secured by Gods participation in human life through Jesus Christ The christological ground of this claim is crucial to secure and animate the argument of this text The author performs in this a retrieval of the christological vision of the unification of the divine and the human in the single subject of Jesus Christ as the programmatic center point of human transformation and participation articulated particularly by Cyril of Alexandria The patristic pattern is used as a lens through which to examine and assess modern iterationsthose of Karl Barth and Hans Urs von Balthasar In this the author provides a critical updating of this vital classical theme annotating a vision of divine life opened up for created participation that can foster hope in the climes of contemporary life
