Paul Cezanne Letters:

The Letters of Paul Cézanne Alex Danchev, 2016-09-23 Revered and misunderstood by his peers and lauded by later generations as the father of modern art Paul Cézanne 1839 1906 has long been a subject of fascination for artists and art lovers writers poets and philosophers His life was a ceaseless artistic quest and he channeled much of his wide ranging intellect and ferocious wit into his letters Punctuated by exasperated theorizing and philosophical reflection outbursts of creative ecstasy and melancholic confession the artist's correspondence reveals both the heroic and all too human qualities of a man who is indisputably among the pantheon of all time greats This new translation of Cézanne's letters includes more than twenty that were previously unpublished and reproduces the sketches and caricatures with which Cézanne occasionally illustrated his words The letters shed light on some of the key artistic relationships of the modern period about one third of Cézanne's more than 250 letters are to his boyhood companion mile Zola and he communicated extensively with Camille Pissarro and the dealer Ambroise Vollard The translation is richly annotated with explanatory notes and for the first time the letters are cross referenced to the current catalogue raisonné Numerous inaccuracies and archaisms in the previous English edition of the letters are corrected and many intriguing passages that were unaccountably omitted have been restored The result is a publishing landmark that ably conveys Cézanne's intricacy of expression Paul Cezanne, letters Paul

Letters on Cézanne Rainer Maria Rilke, 1985 Rilke's prayerful responses to the French master's beseeching art For a long time nothing and then suddenly one has the right eyes Virtually every day in the fall of 1907 Rainer Maria Rilke returned to a Paris gallery to view a Cézanne exhibition Nearly as frequently he wrote dense and joyful letters to his wife Clara Westhoff expressing his dismay before the paintings and his ensuing revelations about art and life Rilke was knowledgeable about art and had even published monographs including a famous study of Rodin that inspired his *New Poems* But Cézanne's impact on him could not be conveyed in a traditional essay Rilke's sense of kinship with Cézanne provides a powerful and prescient undercurrent in these letters passages from them appear verbatim in Rilke's great modernist novel *The Notebooks of Malte Laurids Brigge* *Letters on Cezanne* is a collection of meaningfully private responses to a radically new art
