Robert Lowell Robert Lowell, 2001 In this series a contemporary poet selects and introduces another poet of a different generation whom they have particularly admired This selection of Robert Lowell poems are selected by Michael Hofmann

Encyclopedia of British Poetry, 1900 to the Present James Persoon, 2015-04-22 Presents a comprehensive A to Z reference with approximately 450 entries providing facts about contemporary British poets including their major works of poetry concepts and movements *Subverting Masculinity*, 2021-08-04 Contemporary Western societies are currently witness to a crisis of masculinity but also to an intriguing diversification of images of masculinity Once relatively stable regimes of masculine gender representation appear to have been replaced by a wider spectrum of varieties of masculine lifestyles taken up by the media and the market to produce new and immensely flexible forms consumerised gender hegemony The essays in *Subverting Masculinity* concentrate on contemporary film literature and diverse forms of popular culture The essays show that the subversion of traditional images of masculinity is both a source of gender contestation but may equally be susceptible to assimilation by new hegemonic configurations of masculinity *Subverting Masculinity* maps out the ongoing relevance of gender politics in contemporary culture but also raises the question of increasingly unclear distinctions between hegemonic and subversive versions of masculinity in contemporary cultural production *Subverting Masculinity* will be of interest to students and teachers of gender cultural film and literary studies **The Bloomsbury**

Publications, 2003 Provides up to date profiles on the careers of leading and emerging poets **The Oxford Companion to Modern Poetry in English** Jeremy Noel-Tod, Ian Hamilton, 2013-05-23 This impressive volume provides over 1 700 biographical entries on poets writing in English from 1910 to the present day including T S Eliot Dylan Thomas and Carol Ann Duffy Authoritative and accessible it is a must have for students of English and creative writing as well as for anyone with an interest in poetry **Becoming Poetry** Jay Rogoff, 2023-11-15 Winner of the Lewis P Simpson Award In *Becoming Poetry* Jay Rogoff closely inspects the work of two dozen poets his forebears and his contemporaries to reveal how their

poetry achieves its impact upon readers His essays drawn from more than twenty years of literary criticism explore how the staying power of a poet's work and the likelihood of its enjoying a lasting identification with its creator depend on the skilled manipulation of poetic technique Considering how poetry can manifest a vividly conceived world of feeling and sensation Rogoff maintains that we understand and evaluate poets by the sum of their most persuasive inventive strategies including their attention to form The poet finally constructs a uniquely imagined universe and thus in the minds of readers becomes the poetry A model of practical criticism intended for enthusiasts at all levels Becoming Poetry demystifies how poetry operates on its audience to create a virtual affective experience of lasting power and value **Encyclopedia of the New York**

School Poets Terence Diggory, 2009 An A to Z reference to writers of the New York School including John Ashbery who is often considered America's greatest living poet Examines significant movements in literary history and its development through the years The Poetry of American Women from 1632 to 1945 Emily Stipes Watts, 2014-09-10 American women have created an especially vigorous and innovative poetry beginning in 1632 when Anne Bradstreet set aside her needle and picked up her poet's pen The topics of American women poets have been various their images their own and their modes of expression original Emily Stipes Watts does not imply that the work of American men and that of American women are two different kinds of poetry although they have been treated as such in the past It is her aim rather to delineate and define the poetic tradition of women as crucial to the understanding of American poetry as a whole By 1850 American women of all colors religions and social classes were writing and publishing poetry Within the critical category of female poetry developed from 1800 to 1850 these women experimented boldly and prepared the way for the achievement of such women as Emily Dickinson in the second half of the nineteenth century Indeed at times for example from 1860 through 1910 it was women who were at the outer edge of prosodic experimentation and innovation in American poetry Moving chronologically Professor Watts broadly characterizes the state of American poetry for each period citing the dominant male poets she then focuses on women contemporaries singling out and analyzing their best work This volume not only brings to light several important women poets but also represents the discovery of a tradition of women writers This is a unique and invaluable contribution to the history of American literature **Where Have You Been?** Michael Hofmann, 2025-09-23 An adventure with a roving genius of literary criticism Michael Hofmann poet translator and intellectual vagabond has established himself as one of the keenest critics of contemporary literature Safely nestled between the covers of Where Have You Been he offers a hand to guide us and an encouraging whisper in our ear leading us on a trip through what to read how to think and why to like And while these essays bear sharp insights that will help us revisit writers with a fresh eye they are also a story of love between a reader and his treasured books In the thirty essays collected here Hofmann brings his signature wit and sustained critical mastery to a poetic penetrating and candid discussion of the writers and artists of the last hundred years Here are the indispensable poets without which contemporary poetry would be unimaginable Elizabeth Bishop the poets poets poet the

ghostly skill of Robert Lowell and the man he calls the greatest English poet since Shakespeare Ted Hughes But he also illumines the despair of John Berryman and the antics of poetry's bogeyman Frederick Seidel In essays on art that are themselves works of art Hofmann's agile and brilliant mind explores a panoply of subjects from the mastery of translation to the best day job for a poet What these diverse gems share are the critic's insatiable curiosity and great charm Where Have You Been is an unmissable journey with literature's most irresistible flaneur *American Literary Scholarship*, 1989

American and British Poetry Harriet Semmes Alexander, 1984 **Contemporary Poets** Thomas Riggs, 1995 This reference work combines bibliographical biographical and critical information on 900 living poets writing in the English language Entries are arranged alphabetically and this edition includes 120 new entrants including Wendy Cope Benjamin Zephaniah and Rachel McAlpine **How Not to Kill Yourself** Clancy Martin, 2023-03-28 FINALIST FOR THE KIRKUS PRIZE FOR NONFICTION ONE OF TIME'S 100 MUST READ BOOKS OF THE YEAR ONE OF THE NEW YORK TIMES BOOK REVIEW'S CRITICS PICKS ONE OF THE BOSTON GLOBE'S 55 BOOKS WE LOVED THIS YEAR ONE OF KIRKUS'S BEST NONFICTION BOOKS OF THE YEAR An intimate insightful at times even humorous blend of memoir and philosophy that examines why the thought of death is so compulsive for some while demonstrating that there's always another solution from the acclaimed writer and philosophy professor based on his viral essay I'm Still Here A deep meditation that searches through Martin's past looking for answers about why he is the way he is while also examining the role suicide has played in our culture for centuries how it has evolved and how philosophers have examined it Esquire A rock for people who've been troubled by suicidal ideation or have someone in their lives who is The New York Times If you're going to write a book about suicide you have to be willing to say the true things the scary things the humiliating things Because everybody who is being honest with themselves knows at least a little bit about the subject If you lie or if you fudge the reader will know The last time Clancy Martin tried to kill himself was in his basement with a dog leash It was one of over ten attempts throughout the course of his life But he didn't die and like many who consider taking their own lives he hid the attempt from his wife family coworkers and students slipping back into his daily life with a hoarse voice a raw neck and series of vague explanations In *How Not to Kill Yourself* Martin chronicles his multiple suicide attempts in an intimate depiction of the mindset of someone obsessed with self destruction He argues that for the vast majority of suicides an attempt does not just come out of the blue nor is it merely a violent reaction to a particular crisis or failure but is the culmination of a host of long standing issues He also looks at the thinking of a number of great writers who have attempted suicide and detailed their experiences such as David Foster Wallace Yiyun Li Akutagawa Nelly Arcan and others at what the history of philosophy has to say both for and against suicide and at the experiences of those who have reached out to him across the years to share their own struggles The result combines memoir with critical inquiry to powerfully give voice to what for many has long been incomprehensible while showing those presently grappling with suicidal thoughts that they are not alone and that the desire to kill oneself like

other self destructive desires is almost always temporary and avoidable Robert Lowell Robert Lowell,2006 Poetry in a Global Age Jahan Ramazani,2020-10-29 Ideas culture and capital flow across national borders with unprecedented speed but we tend not to think of poems as taking part in globalization Jahan Ramazani shows that poetry has much to contribute to understanding literature in an extra national frame Indeed the globality of poetry he argues stands to energize the transnational turn in the humanities Poetry in a Global Age builds on Ramazani s award winning A Transnational Poetics a book that had a catalytic effect on literary studies Ramazani broadens his lens to discuss modern and contemporary poems not only in relation to world literature war and questions of orientalism but also in light of current debates over ecocriticism translation studies tourism and cultural geography He offers brilliant readings of postcolonial poets like Agha Shahid Ali Lorna Goodison and Daljit Nagra as well as canonical modernists such as W B Yeats Wallace Stevens T S Eliot and Marianne Moore Ramazani shows that even when poetry seems locally rooted its long memory of forms and words its connections across centuries continents and languages make it a powerful imaginative resource for a global age This book makes a strong case for poetry in the future development of world literature and global studies *The British National Bibliography* Arthur James Wells,2006 **Contemporary Poets** Tracy Chevalier,1991 Contains biographical entries a list of separately published books and an essay on each poet *The Great War in Irish Poetry* Fran Brearton,2003 The Great War in Irish Poetry explores the impact of the First World War on the work of W B Yeats Robert Graves and Louis MacNeice in the period 1914 45 and on three contemporary Northern Irish poets Derek Mahon Seamus Heaney and Michael Longley Its concern is to place their work and memory of the Great War in the context of Irish politics and culture in the twentieth century The historical background to Irish involvement in the Great War is explained as are the ways in which issues raised in 1912 20 still reverberate in the politics of remembrance in Northern Ireland particularly through such events as the Home Rule cause the loss of the Titanic the Battle of the Somme the Easter Rising While the Great War is perceived as central to English culture and its literature holds a privileged position in the English literary canon the centrality of the Great War to Irish writing has seldom been recognised This book shows first that despite complications in Irish domestic politics which led to the repression of memory of the Great War Irish poets have been drawn throughout the century to the events and images of 1914 18 This engagement is particularly true of those writing in the troubled Northern Ireland of the last thirty years The second main concern is the extent to which recognition of the importance of the Great War in Irish writing has itself become a casualty of competing versions of the literary canon **National Union Catalog** ,1978 Includes entries for maps and atlases
