Poetics Of The New American Poetry:

The New American Poetry, 1945-1960 Donald Allen, 1999 Donald Allen's prophetic anthology had an electrifying effect on two generations at least of American poets and readers. More than the repetition of familiar names and ideas that most anthologies seem to be about here was the declaration of a collective intelligent and thoroughly visionary work in progress, the primary example for its time of the anthology as manifesto. Its republication today, complete with poems, statements on poetics, and autobiographical projections, provides us again with a model of how a contemporary anthology can and should be shaped. In these essentials it remains as fresh and useful a guide as it was in 1960. Jerome Rothenberg, editor of *Poems for the Millennium*. The New American Poetry is a crucial cultural document central to defining the poetics and the broader cultural dynamics of a particular historical moment. Alan Golding, author of *From Outlaw to Classic Canons in American Poetry*. *The Poetics of the New American Poetry*, 1979. *The New American Poetry 1945-1960* Donald Allen, 1999. *The Poetics of the New American Poetry* Donald Merriam Allen, 1973. **Poetics of the New American Poetry** Donald Allen, Warren Tallman, 1973. *The New American Poetry* John R. Woznicki, 2013-12-24. The New American Poetry Fifty Years Later is a collection of critical essays on Donald Allen's 1960 seminal anthology *The New American Poetry*, an anthology that Marjorie Perloff once called the fountainhead of radical American poetics. *The New American Poetry* is referred to in every literary history of post-World War II American poetry. Allen's anthology has reached its fiftieth anniversary, providing a unique time for reflection and reevaluation of this preeminent collection. As we know, Allen's anthology was groundbreaking; it was the first to distribute widely the poetry and theoretical positions of poets such as Charles Olson, Allen Ginsberg, and the Beats, and it was the first to categorize these poets by the schools: Black Mountain, New York School, San Francisco Renaissance, and the Beats, by which they are known today. Over the course of fifty years, this categorization of poets into schools has become one of the major, if not only way that *The New American Poetry* is remembered or valued. One certain goal of this volume, as one reviewer invites, is to pry *The New American Poetry* out from the hoary platitudes that have encrusted it. To this point, critics mostly have examined *The New American Poetry* as an anthology; former treatments of *The New American Poetry* look at it intently as a whole. Though the almost singularly focused study of its construction and less often reception has lent a great deal of documented, highly visible and debated material in which to consider, we have been left with certain notions about its relevance that have become imbued ultimately in the collective critical consciousness of postmodernity. This volume, however, goes beyond the analysis of construction and reception and achieves something distinctive, extending those former treatments by treading on the paths they create. This volume aims to discover another sense of radical that Perloff articulated rather than a radical that departs markedly from the usual. We invite consideration of *The New American Poetry* that is radical in the sense of root, of harboring something fundamental, something inherent as we uncover and trace further elements correlated with its widespread influence over the
