Quest For Identity America Since 1945

Edward Allen

Quest For Identity America Since 1945:

Quest for Identity Randall Bennett Woods, 2005-03-07 *Quest for Identity* is a survey of the American experience from the close of World War II through the Cold War and 9 11 to the present. It helps students understand postwar American history through a seamless narrative punctuated with accessible analyses. Randall Woods addresses and explains the major themes that punctuate the period: the Cold War, the Civil Rights and Women's Rights movements, and other great changes that led to major realignments of American life. While political history is emphasized, Woods also discusses in equal measure cultural matters and socio-economic problems. Dramatic new patterns of immigration and migration characterized the period, as much as the counterculture, the growth of television and the Internet, the interstate highway system, rock and roll, and the exploration of space. The pageantry, drama, irony, poignancy, and humor of the American journey since World War II are all here.

Quest for Identity Randall Bennett Woods, 2001 Altered States Jeremy Black, 2006-11 The United States, Jeremy Black suggests, is a continent pretending to be a country. Its government presides over 3.7 million square miles of earth and nearly 300 million people. Its sheer scale poses a monumental challenge to all who try to grapple with its rich and immensely complex physical and social geography. Drawing on his own travels, Black responds to this challenge by offering a succinct and authoritative analysis of the ways in which events in history and culture since 1960 have remade the USA's geography and demographics.

BOOK JACKET *Handbook to Life in America* Rodney P. Carlisle, 2009 Changing International affairs and the forces of technological innovation shaped the lives of Americans in the last decades of the 20th century. While the end of the Cold War and the collapse of the Soviet Union gave rise to hopes of peaceful international relations, the Gulf War and the attacks of September 11, 2001, on the World Trade Center in New York shattered these aspirations. In the social sphere, cell phones, CDs, and the Internet completely transformed the ways by which people communicated and conveyed information. The election of an African American man to the presidency marked the successful continuation of the struggle for equal civil rights, bolstering America's reputation as a radically changing place in this contemporary period.

The Age of Eisenhower William I. Hitchcock, 2018-03-20 A New York Times bestseller, this is the outstanding, insightful, and authoritative account of Dwight Eisenhower's presidency. Drawing on newly declassified documents and thousands of pages of unpublished material, *The Age of Eisenhower* tells the story of a masterful president guiding the nation through the great crises of the 1950s, from McCarthyism and the Korean War through civil rights turmoil and Cold War conflicts. This is a portrait of a skilled leader who, despite his conservative inclinations, found a middle path through the bitter partisanship of his era. At home, Eisenhower affirmed the central elements of the New Deal, such as Social Security, and fought the demagoguery of Senator Joseph McCarthy; and advanced the agenda of civil rights for African Americans. Abroad, he ended the Korean War and avoided a new quagmire in Vietnam. Yet he also charted a significant expansion of America's missile technology and deployed a vast array of covert operations around the world to confront the challenge of communism. As he left office, he cautioned Americans to

remain alert to the dangers of a powerful military industrial complex that could threaten their liberties Today presidential historians rank Eisenhower fifth on the list of great presidents and William Hitchcock's rich narrative *The Wall Street Journal* shows us why Ike's stock has risen so high He was a gifted leader a decent man of humble origins who used his powers to advance the welfare of all Americans Now more than ever with this complete and persuasive assessment Booklist starred review Americans have much to learn from Dwight Eisenhower

Terrorist Groups and the New Tribalism Jeffrey Kaplan, 2010-02-25 The central focus of this book is a small but vitally important group of movements that constitute a distinct fifth wave of modern terrorism here called the New Tribalism *Terrorist Groups and the New Tribalism* examines a collection of terrorist or insurgent movements whose similarity in tactics strategic vision and desire to radically reshape their worlds to conform with a Golden Age dream of perfection which is to be achieved through a genocidal or ethnic cleansing process to make way for the emergence of a new radically perfected tribal utopia in a single generation These shared strategic and tactical factors allow them to be examined through a comparative lens as a distinct fifth wave of modern terrorism Structured around the theoretical framework of David Rapoport's Four Waves thesis the book examines anomalous movements that began within a distinct wave of international terrorism but following a crisis model has turned inwards toward radical localism tribalism and xenophobia The text is divided between theory and in depth case studies of the Ugandan Lord's Resistance Army and the Sudanese Janjaweed It concludes with a design for further field work based research This book will be of interest to students of Terrorism and Political Violence Genocide Conflict Studies African politics and Political Science in general Jeffrey Kaplan is an Associate Professor of Religion and the Director of the Institute for the Study of Religion Violence and Memory at the University of Wisconsin Oshkosh He is the author of 11 books on terrorism and political violence

Hipbillies Jared M. Phillips, 2019-04-15 Counterculture flourished nationwide in the 1960s and 1970s and while the hippies of Haight Ashbury occupied the public eye a faction of back to the landers were quietly creating their own haven off the beaten path in the Arkansas Ozarks In *Hipbillies* Jared Phillips combines oral histories and archival resources to weave the story of the Ozarks and its population of country beatniks into the national narrative showing how the back to the landers engaged in deep revolution by sharing their ideas on rural development small farm economy and education with the locals and how they became a fascinating part of a traditional region's coming to terms with the modern world in the process

LBJ Randall Bennett Woods, 2007 This dramatic reappraisal of one of the most significant and least understood presidents in American history is based on extraordinary interviews and documents revealing a Lyndon Baines Johnson as never seen before

American TV Detective Dramas Mareike Jenner, 2016-02-04 The way detectives access and attain the truth about a crime is an important indicator of how they relate to contemporary political developments This book explores these methods of detection and positions the genre in a specific political aesthetic narrative and industrial context

Modernist Invention Edward Allen, 2020-07-23 *Modernist Invention* attends to the

parallel histories of media technology and modernist American poetry Ronald Reagan's 1984 James Cooper,R.J. Richardson,Bailey Schwab,2024-03-11 Forty years after Ronald Reagan s successful re election campaign this book explores the significance of the year 1984 in the making of Reagan s presidential record and the shaping of his legacy The authors examine the broader context of how Reagan impacted the nature of the US presidency and international relations during the Cold War and how this in turn interacted with American popular culture Serving as an introduction to academics students and the interested public into what is a rapidly increasingly Reagan scholarship this book will also appeal to anyone interested in US elections the evolving nature of the US presidency and American culture more generally The Banshees Sally Barr Ebest,2013-10-22 Although much has been written about American feminism and its influence on culture and society very little has been recorded about the key role played by Irish American women writers in exposing women s issues protecting their rights and anticipating if not effecting change Like the mythical Irish banshee who delivered fore warnings of imminent death Irish American women through their writing have repeatedly warned of the death of women s rights These messages carried the greatest potency at liminal times when feminism was under attack due to the politics of civil society the government or the church The Banshees traces the feminist contributions of a wide range of Irish American women writers from Mother Jones Kate Chopin and Margaret Mitchell to contemporary authors such as Gillian Flynn Jennifer Egan and Doris Kearns Goodwin To illustrate the growth and significance of their writing the book is organized chronologically by decade Each chapter details the progress and setbacks of Irish American women during that period by revealing key themes in their novels and memoirs contextualized within a discussion of contemporary feminism Catholicism Irish American history American politics and society The Banshees examines these writers roles in protecting women s sovereignty rights and reputations Thanks to their efforts feminism is revealed as a fundamental element of Irish American literary history

Cheap Ellen Ruppel Shell,2009-07-02 A myth shattering investigation of the true cost of America s passion for finding a better bargain From the shuttered factories of the Rust Belt to the strip malls of the Sun Belt and almost everywhere in between America has been transformed by its relentless fixation on low price This pervasive yet little examined obsession with bargains is arguably the most powerful and devastating market force of our time having fueled an excess of consumerism that blights our land scapes escalates personal debt lowers our standard of living and even skews of our concept of time Spotlighting the peculiar forces that drove Americans away from quality durability and craftsmanship and towards quantity quantity and more quantity Ellen Ruppel Shell traces the rise of the bargain through our current big box profusion to expose the astronomically high cost of cheap **Caesar Ate My Jesus** Meg Gorzycki,2017-06-09 What the hell happened on the way to making the world a better place We boomers were told our success would be unlimited We had democracy and capitalism and God was on our side We took our religious teachings seriously and set out to end bigotry violence and destitution Inevitably we collided with American Caesars whose power and wealth was sufficient to dominate

national and international affairs Political and religious Caesars appropriated Jesus and used him to justify war sexism racism dictatorships and poverty What were the faithful to do Lots of boomers I know tossed the spiritual baby out with the religious institution s bathwater and became cynical about civic engagement It is not time to abandon hope in our goodness however and it is not time to surrender our conscience to Caesar Our experiences as boomers teach us that it is possible to bring the love of God to bear in our lives despite Caesar s constant pressure to cherish power wealth celebrity and things more than we cherish people This book is for folks who are ready to get off Caesar s treadmill and dig deeply into their hearts and minds to see what remains of the Kingdom of God within

Shadow Warrior Randall B. Woods,2013-04-09 World War II commando Cold War spy and CIA director under presidents Nixon and Ford William Egan Colby played a critical role in some of the most pivotal events of the twentieth century A quintessential member of the greatest generation Colby embodied the moral and strategic ambiguities of the postwar world and first confronted many of the dilemmas about power and secrecy that America still grapples with today In *Shadow Warrior* eminent historian Randall B Woods presents a riveting biography of Colby revealing that this crusader for global democracy was also drawn to the darker side of American power Aiming to help reverse the spread of totalitarianism in Europe and Asia Colby joined the U S Army in 1941 just as America entered World War II He served with distinction in France and Norway and at the end of the war transitioned into America s first peacetime intelligence agency the CIA Fresh from the fight against fascism Colby zealously redirected his efforts against international communism He insisted on the importance of fighting communism on the ground doggedly applying guerilla tactics for counterinsurgency sabotage surveillance and information gathering on the new battlefields of the Cold War Over time these strategies became increasingly ruthless as head of the CIA s Far East Division Colby oversaw an endless succession of assassination attempts coups secret wars in Laos and Cambodia and the Phoenix Program in which 20 000 civilian supporters of the Vietcong were killed Colby ultimately came clean about many of the CIA s illegal activities making public a set of internal reports known as the family jewels that haunt the agency to this day Ostracized from the intelligence community he died under suspicious circumstances a murky ending to a life lived in the shadows Drawing on multiple new sources including interviews with members of Colby s family Woods has crafted a gripping biography of one of the most fascinating and controversial figures of the twentieth century

Gale Researcher Guide for: Gay Liberation Jared M. Phillips,2018-09-28 Gale Researcher Guide for Gay Liberation is selected from Gale s academic platform Gale Researcher These study guides provide peer reviewed articles that allow students early success in finding scholarly materials and to gain the confidence and vocabulary needed to pursue deeper research

From Criminalizing to Decriminalizing Marijuana Nikolay Anguelov,2018-10-15 This book tracks the political history and specific political actions associated with the diffusion of state level marijuana decriminalization It provides an integrated chronology of policy diffusion to show how social and cultural changes have impacted the shift from anti to pro marijuana political platforms The main contributions are an

interdisciplinary approach to analyzing policy learning and evolution an overview of the political history of marijuana criminalization a clear synthesis of the medical literature on cannabis effects and a supply and demand analysis of legal and illegal marijuana markets in America For scholars of criminal justice law political science policy studies sociology and addiction it provides an amalgam of the diverse and divergent extant research on marijuana

When Life Strikes the President Jeffrey A. Engel, Thomas J. Knock, 2017 Life does not stop simply because someone becomes president Death illness sadness and scandal affect every president and his family often during their time in office Yet the work of the nation and the pressures of the job do not cease simply because a president suffers though their reaction suffering and perseverance often alters the course of American history
