The Larder John T. Edge,Elizabeth S. D. as well as examining restaurants iconic dishes and cookbooks Editors John T Edge Elizabeth Engelhardt and Ted Ownby bring together essays that demonstrate that food studies scholarship as practiced in the American South sets methodological standards for the discipline The essayists ask questions about gender race and ethnicity as they explore issues of identity and authenticity And they offer new ways to think about material culture technology and the business of food The Larder is not driven by nostalgia Reading such a collection of essays may not encourage food metaphors It s not a feast not a gumbo certainly not a home cooked meal Ted Ownby argues in his closing essay Instead it s a healthy step in the right direction taken by the leading scholars in the field
