extract where possible is prefaced by a brief biography of its author For readers interested in the origins and historical role of travel writing in general and how they relate to Ireland the editor offers an illuminating introduction This anthology presents illuminating snapshots of Ireland over two hundred years It also provides insights into the varied perspectives of the travelers themselves a perspective often influenced by contemporary political events such as the Great Famine Home Rule the Civil War and the Troubles This anthology leaves the reader with an enduring image of Ireland s ability to fascinate and stimulate visitors through two centuries
