Randolph Rogers; American Sculptor in Rome Millard F. Rogers, 1971 **Randolph Rogers; American Sculpture in Rome** Millard F. Rogers, 1971 **American Sculpture in the Metropolitan Museum of Art: A catalogue of works by artists born before 1865** Metropolitan Museum of Art (New York, N.Y.), Lauretta Dimmick, Donna J. Hassler, 1999 Volume One This volume catalogues the distinguished and comprehensive collection of approximately 400 works of American sculpture by artists born before 1865 This publication includes an introduction on the history of the collection's formation particularly in the context of the Museum's early years of acquisitions and discusses the outstanding personalities involved Metropolitan Museum of Art website [A Concise History Of American Painting And Sculpture](#) Matthew Baigell, 2018-02-23 This clear thorough and reliable survey of American painting and sculpture from colonial times to the present day covers all the major artists and their works outlines the social and cultural backgrounds of each period and includes 409 illustrations integrated with the text Although some determining factors in American art are considered Matthew Baigell views the rich and diverse achievements of American art as the result of the efforts and talents of a pluralistic society rather than as fitting into a particular mold This edition includes corrections and revisions to the text an updated bibliography and 13 new illustrations **The American West in Bronze, 1850-1925** Thayer Tolles, Thomas B. Smith, 2013-01-14 The American West in Bronze 1850 1925 is the first full scale exhibition to explore the aesthetic and cultural impulses behind the creation of statuettes with American western themes which have been so popular with audiences then and now Both the exhibition and this accompanying catalogue offer a fresh look at the multifaceted roles played by these sculptors in creating three dimensional interpretations of western life whether based on historical fact mythologized fiction or most often something in between Examples by such archetypal representatives of the West as Frederic Remington and Charles M Russell are complemented by the work of sculptors such as James Earle Fraser and Paul Manship who contributed to the popularity of the American bronze statuette even though their western subjects were less frequent Publisher's description

The graphic arts. American art in Europe. Latest phases** Sadakichi Hartmann, 1902 **Pioneer Cemeteries** Annette Stott, 2008-11-01 As pioneers attempted to settle and civilize the

Wild West cemeteries became important cultural centers Filled with carved wooden headboards inscribed local stones and Italian marble statues cemeteries functioned as symbols of stability and progress toward a European inspired vision of Manifest Destiny As repositories of art and history these pioneer cemeteries tell the story of communities and visual culture emerging together within the developing landscape of the Old West Annette Stott traces this story through Rocky Mountain towns on the western frontier from the unkempt boot hills of the early mining camps and cattle settlements to the more refined fair mounts She shows how people from Asia Europe and the Americas contributed to the visual character of the mountain cemeteries and how the sepulchral garden functioned as an open air gallery of public sculpture at once a site for relaxation learning and social ritual Here widespread participation in a variety of ceremonies brought mountain communities together with a frequency almost unimaginable today Illustrated with eighty three striking photographs this book shows how the pioneer cemetery emerged as a site of public sculpture and cultural transmission in which each carved or molded monument played dual and sometimes conflicting public and private roles recording the community s history and values while memorializing individuals and events *General Catalogue of Sculpture, Paintings and Other Objects, February, 1907* Art Institute of Chicago, 1907 **The Monumental City** George Washington Howard, 1873 The Monumental City, Its Past History and Present Resources George Washington Howard, 1873 This historic book may have numerous typos and missing text Purchasers can download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1873 Excerpt Towns and villages have sprung up along the line of railroad and even those sections but remotely connected with the road have felt its wonderful influence A spirit of enterprise has grown up in neighboring districts roads and turn pikes have been opened and vast stretches of country that might have remained primeval forests but for this great work of internal improvement have become productive and the inhabitants cultivated and refined The extension of the road from Oentretion on the Lake Erie Division to Chicago gives the Baltimore and Ohio one continuous line of rail road from Baltimore to the Lake City of the West the granary where is received the exhaustless products of the fertile plains which stretch out through the northwest Thus Baltimore is enabled to compete with the great cities of the East for a share of this immense trade The extension of the road from Pittsburg to Centreton a mere question of time will give another direct route from Chicago to Baltimore The scenery along the line of the Baltimore and Ohio Eailway is picturesque and beautiful but portions of the road merit special notice Harper s Ferry the point at which the peaceful waters of the Shenandoah become lost in the more boisterous Potomac has been described by Jefferson as one of the most stupendous scenes in nature and well worth a voyage across the Atlantic to witness Jefferson s Kock named after that illustrious statesman a great overhanging cliff which looks frowningly down as though it would topple headlong upon the unwary traveler offers an exhaustive view of the wonderful passage of these two rivers through the very heart of the mountains The road from this point to the Ohio Kiver gives to the sight seer a succession of views emb
