Rang's Children's Fractures:

Rang's Children's Fractures Mercer Rang, Maya E. Pring, Dennis Ray Wenger, 2005 Dr Mercer Rang's classic text on children's fractures has been revised and updated by two eminent orthopedic surgeons from Children's Hospital San Diego. Continuing Dr Rang's tradition, Drs Wenger and Pring provide a uniquely practical, readable overview of children's fractures, emphasizing diagnosis, treatment, common pitfalls, and communication with parents and other healthcare professionals. This edition features over 400 new illustrations. New chapters cover casts and epidemiology and prevention of fractures. Elbow injuries are covered in greater detail in two chapters. New information on imaging and new MRI scans have been added. This edition also has a more user-friendly two-color design. **Rang's Children's Fractures** Dennis Wenger, 2017-10-26 With an image-focused, non-traditional layout that differs from most medical textbooks, the fourth edition of Rang's Children's Fractures, a classic textbook on children's fractures for over 40 years, expands to four editors, all faculty members of Rady Children's Hospital at the University of California San Diego. This edition maintains the book's practical, playful style and emphasizes diagnosis, treatment, common pitfalls, and communication with parents and other healthcare professionals.
