Genealogy isn't just the search for your ancestors it's family history The Handbook for Genealogy will provide you with the
tools to write your family's story **City on the Ocean Sea: La Rochelle, 1530-1650** Kevin C. Robbins, 2021-10-11 This
important volume presents the first comprehensive history of early modern La Rochelle a port town whose fractious residents
became embroiled in the French Reformation Opening chapters situate the Rochelais within the geopolitics of an oceanic
frontier where urbanites created a strong heavily armed civic government in part because they perceived themselves as
isolated civilizing agents surrounded by the savage inhabitants of a lawless environment Analysis of the city's Reformation
proceeds within this context of place and politics showing how various ranks of the citizenry idiosyncratically adopted the
tenets of Calvinism amalgamating these salvific doctrines with traditional civic rites and values to the consternation of more
orthodox pastors Juxtaposing serial sources from multiple archives Robbins shows with innovative detail how local political
and religious struggles intermeshed setting the city and its Reformed congregations on a fatal collision course with the
Bourbon monarchy Concluding chapters examine how great aristocratic families churchmen and Catholic magistrates joined
in a local Counter Reformation remaking urban power politics from the ground up **Public Documents of the State of
